- Water flow meter assembly

CONCLUSION

This internship has been an excellent and rewarding experience. I can conclude that there have been a lot I will learn from my work. Needless to say the technical aspects of the work I will done are not flawless and could be improved provided enough time. As someone with no prior experience with node is what so ever I believe my time spent in research and discovery it was well worth it and contributed to finding and acceptable solution to build a fully functional web service two main things that I have learned the important of are time management skills and self-motivation.
