INTERNSHIP REPORT

ACKNOWLEDGEMENT

First , I would like to thank the Almighty for providing me with everything that I required in completing this project.

I acknowledge with thanks the kind patronage, loving inspiration and timely guidance which I have received from Mr .S.S.RETHISHVAAR,DATA ANALYST at Boston IT Solutions India.

I extend my thanks to my parents and well-wishes for their constant support and encouragement.

EXECUTIVE SUMMARY

The vial portion of my under-graduate course is drawn from the 1st day internship program at Boston Company (Bachelor in Computer Application). Mainly due to the fact that most students start their desired industrial field without having any prior job experience. The internship program enhance the depth of learning.

Our interactions in the sector began with quickly moving customer foods and satisfaction.

SUMMARY

I worked as an intern for the company that delivers finished Full Stack Development.

LEARNING

I had exposure to numerous project components throughout this assignment. I first learned to create a website, logos and how to publish

We prepare our own spices and food menus likeRisotto,pizza,pasta,noodles,drinks, sandwich,sweets,etc....

I finally experienced more about website development professionally.

OBJECTIVE

WEEK 1:

- We learnt about Boston.
- The introduction of data science, web development and AI was given.
- Full stack developer were given topic by dividing them into group of 5.
- We were told to know about the topic and the basic doubts were cleared.
- We interest over the topic was discussed.
- We were asked to explain about the topic to the whole class.
- The source code and the related topics were taught as a group.

WEEK 2:

- Firstly we learnt how to create a website using wix.com
- And then we choose what are the requirements need to be in our site
- Then we create a logo based on our Restaurant.
- And then we add many varieties of foods in our site and we gave discount.
- We did the project presentations on Online Delivery Services for convenient Food Delivery from an Italian Restaurant.
- And we did some changes and in our site customers can by through the mail id also.
- We added many Dishes and gave offers according to that.
- And finally we published our website .
