After an overnight bus ride, they arrived in Trivandrum at 4 am, where their first order of business was to refresh them at the hotel. With renewed energy, they set out to explore the cultural and historical richness of the city, starting with a visit to the majestic Padmanabhaswamy Temple at 8am. The intricate architecture and spiritual ambiance of the temple provided a fascinating insight into the cultural tapestry of Trivandrum.

And then visited Kovalam Beach at 11am.

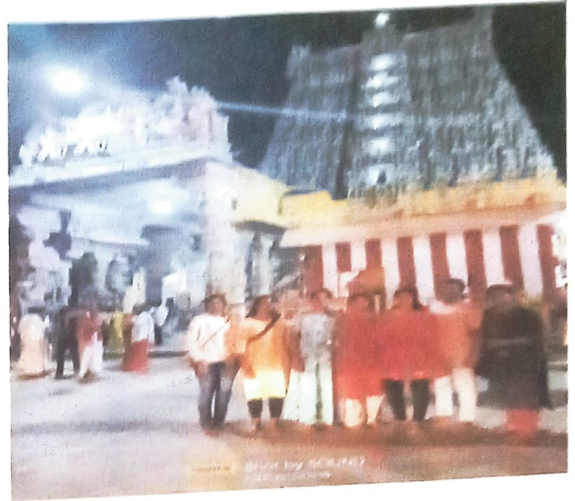

The Department of Mathematics organized an Educational Tour to Trivandrum. The tour commenced at 2 pm, with 14 Mathematics students along with 11 Physics students and 23 Chemistry students accompanied by 11 staffs, embarked on a journey of knowledge.

At 30th morning, they went to Kanyakumari. Kanyakumari's sunrise was breathtaking.

The sun paints the sky with hues of orange and pink as it rises over the confluence of the Arabian Sea, Bay of Bengal, and Indian Ocean. The Vivekananda Rock Memorial and Thiruvalluvar Statue add to the majestic scene. On the way of their Educational Tour, they had the privilege of visiting the renowned Tiruchendur temple, a sacred pilgrimage.

The geometric elegance of temples to the mathematical marvels of nature, their journey reinforced the interconnectedness of mathematics with the world around us.

This wonderful journey left an indelible Mark on their hearts and minds, that will endure beyond the confines of their academic pursuits.
