The industrial visit to Swamy Nursery was organized by our college for Biotechnology students. The visit aimed to provide us with practical insights into the nursery industry, plant propagation techniques, and modern agricultural practices.

The visit took place on 09.02.2023 at Swamy Nursery, located in Hosur. The nursery is renowned for its vast collection of plants, including ornamental, medicinal, and fruit-bearing varieties.

We were introduced to different propagation methods such as seed sowing, grafting, and cutting propagation. The experts at Swamy Nursery demonstrated these techniques, explaining the conditions required for successful propagation.

Swamy Nursery houses a diverse range of plant species, from exotic ornamentals to native medicinal herbs. We had the opportunity to explore the various sections and learn about the specific requirements of each plant species.

We also gained insights into the marketing and sales aspects of the nursery business. The management shared strategies for reaching out to customers, maintaining plant quality, and managing inventory effectively.

One of the highlights of the visit was the session on pest control and disease management. We were introduced to various pests and diseases that commonly affect nursery plants and learned about preventive measures and treatments. The nursery emphasized the use of biological controls and eco-friendly pest management techniques, reflecting their commitment to sustainable practices.

Throughout the visit, we engaged in interactive sessions with experts from Swamy Nursery, including horticulturists, agronomists, and marketing professionals.

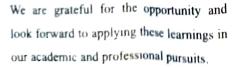

We had fruitful discussions on industry trends, challenges, and opportunities. The experts shared their experiences and provided valuable career advice to aspiring professionals in the field of horticulture and nursery management

The industrial visit to Swamy Nursery was an enriching experience that provided us with valuable practical knowledge. It reinforced our understanding of plant propagation, greenhouse management, modern agricultural technologies, and business strategies in the nursery industry.

Report for Industrial Visit to Vishweshvaraya Museum and Jawaharlal Nebru Planetarium Bangalore

### OBJECTIVE OF VISIT:

The main objective of the industrial visit was to bridge the gap between classroom teaching and practical working environment and to bring in some positive intangible changes to the personalities of students which results from long distance group travel and industrial visit.

Bangalore for the students of Department of Physics. We started travelling from the college campus at 8.00 am via bus. Totally 25 students and two faculty were there in the journey.

We observed and enjoyed the large domeshaped projection screen onto which scenes of stars, planets, and other celestial objects can be made to appear and move realistically to simulate their motion in Jawaharlal Planetarium.

The Vishweshwaraya Industrial and Technological Museum has 5 main galleries with exhibits catering to electronics, motor power, telecommunications, computational devices, aviation and other aspects of science.

# FEEDBACK ON & INDUSTRIAL VISIT TO

VISVESARAIYA MUSEUM AND JAWAHARLAL

# NEHRU PLANETARIUM BANGLORES

An industrial visit to this amazing museum was really Enjoyable and astonishing. It's an amazing museum having different science theme sections. And also 3D shows. The 3D Show, which we seally enjoyed was about "The Planets" And "The Solar System". The museum had a sky Theatre, which gave us a real and wonderful Experience, of how the planets were formed. The Museum was a centre of attraction towards physics for the visitars especially Students. The planetavium and the Science parts are in the same porenises. Few models of apparatus like compound pendulum are placed on the outside of park. And It also has canteer with yummy foods. Finally, We have a great time and lots and lots memories .... I Thank you ...

LLDBACK ON - VISVESVARAYA INDUSTRIAL AND TECHNOLOGICAL MUSEUM, AND NEHRU PLANETARLUM. AWAHARLAL As We went to Industrial Visit to the amazing museum in bangaluru. An amazing and fascinating place to Visit for all the age groups. Well organised place, Where Children Can learn Vorigus concepts like, Mechanius, actospace, bioengineering, Plants, computer like that each floor is dedificated. All the models are in working condition. This museum aims to promote scientific temper and currosity among Visitors (US). We enjoyed alot in the Museum In Jawaharlal Nehru Planetarium space - themed spot is perfect for Expanding Gur casmic knowledge. Geared towards children and space enthusiasts, it also offers an Informative English show, inpreccably Scripted and Explained. The science Exhibition year a Standout, show casing top-notch Experiments making it enriching Experience for all of the students) FEEDBACK ON - VISHWESHVARAYA MUSEUM AND JAWAHARLAL NEHRU PLANETARIUM, BANGALORE.

Excellent place for science enthureasts, it is not just a museum but it is an educational hub where you can try the things yourself. It has three floors dedicated box different fields of sicience. All of the models are in working condition. It has models as simple as a lever to complex engines, chandrayan models, nuclear reactors and many more. The highlight of the visit was the oppositurity to participate in some of the experiments and activities. Nehry planetarium is a nice place to enhance our knowledge about space. It is a good initiative to thinking mindset to college students.

The infrastructure was very good. The place is very clean and green. We enjoyed a lot at the visit.

Thank You ...!

Date: Monday, 23 January, 2023 at 08:32 pm IST

Greetings from St. Joseph's College of arts and science for women.

I am Dr. Reena Raj, Head and Assistant Professor in the Department of Commerce, affiliated to Periyar University, Salem. Our college is one of the reputed institutions in Krishnagiri district and is known for its excellence in academics and co-curricular activities. The Department of Commerce offers UG, PG and Research courses like B.Com,B.Com(CA), M.Com and M.Phil.

As a part of the curriculum and as an extension activity, the students are required to undertake industrial visits to a few industries of repute.We feel it will be fruitful that the students have a glimpse of your organization in order to have a better exposure of practical applications of theory they learned in the classroom.

We would like to send a batch of about 40 students of first and second M. Com accompanied by 2 faculty members to visit your esteemed company.

I request you to accord the necessary permission for the above visits and arrange for guiding the students to gain practical knowledge in the production process.

We assure you that our students will maintain the decorum and observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit.

Regards Dr. Reena Raj, Head and Assistant Professor, Department of Commerce, St. Joseph's College of Arts and science for Women, SIPCOT, Mookandapalli, Hosur - 635 126.
