Attainment of Program Outcomes and Program Specific Outcomes

St. Joseph's College of Arts and Science for Women

(Affiliated to Periyar University, Salem)
An ISO 9001:2015 Certified Institution
Recognised U/s 2(f) and 12(B) of the UGC Act
Mookandapalli, SIPCOT, Hosur - 635 126

Attainment of POs and PSOs: Assessment tools are categorized into Direct and Indirect methods to assess the program outcomes. 80% weightage is given to direct methods and 20% to indirect methods.

• Direct methods display the students' knowledge and skills from their performance in the various academic activities like Internal Assessment Exams, End–Semester Examinations, Assignment/Class Tests, Presentations, and Home Assignments, Quizzes, Practicals etc. These methods provide a sampling of what students know and/or can do and provide strong evidence of student learning. Average of CO-PO attainment of all the courses is considered as direct method assessment tool for PO attainment.

• Indirect methods such as surveys and interviews of the stakeholders to reflect on student's learning. They assess opinions or thoughts about the graduates' knowledge or skills valued by different stakeholders.
