Rev. Sr. Mary Lucy Juliet
Secretary

Internal Quality Assurance Cell and Research Cell of St. Joseph's College of Arts and Science for Women, organized a five-days Faculty Development Programme on "Role of Research Publications and Initiatives in E-content towards academic performance" between 16th November 2022 and 02nd March 2023.

coherence, and precision in communication, ensuring that participants learn to present their research in a compelling and scholarly manner.

Prof. Benet Rajadurai, Assistant Professor, Department of Sociology, St. Francis De Sales College, Balgalore, was the resource person on 16th November 2022. He delivered the sessions on “Art of Writing Research Papers”. The session provided the participants with valuable insights and skills essential for crafting high-quality and impactful research papers. The session covered various aspects of the research paper writing process, including choosing a research topic, conducting literature reviews, structuring the paper effectively, and adhering to proper citation and referencing conventions. Emphasis is placed on clarity,

On 18th November 2022 Mr. Prabakaran, Student Success Mentor, D.I.Y.A, Chennai, presided over the session on "ChatGPT". The session on ChatGPT provided an overview of the capabilities and applications of the ChatGPT model, a state-of-the-art language model developed by OpenAI. Participants in this session learnt about the underlying architecture of ChatGPT, and the model's ability to generate human-like text responses based on the input it receives. The speaker focused on the use cases such as natural language understanding, conversation generation, and various applications in creative writing, content creation, and problem-solving.

On 19th November 2022 Mr. Sangeeth, Student Success Mentor, D.I.Y.A, Chennai, presided over the session on "Artificial Intelligence in E-Content". The session explored the integration of artificial intelligence (AI) technologies into educational content creation, delivery, and

management. Participants in this session had a chance to delve into how AI can enhance the development of e-content by automating certain tasks, personalizing learning experiences, and providing adaptive solutions to cater to individual learner needs. The AI applications such as natural language processing, machine learning, and data analytics in the context of creating intelligent e-content were also discussed upon.

On 20th November 2022, Dr.A. Vimal Jerald, Assistant Professor, Department of Computer Science, St. Joseph's College, Trichy, was the resource person. He handled the session on "Innovative E-Content Preparation for Enhanced Educational Experiences". The session on "Innovative E-Content Preparation for Enhanced Educational Experiences" focused on exploring cutting-edge strategies and

techniques for creating digital educational content that went beyond traditional approaches. Participants delved into innovative methods and technologies to elevate the quality and effectiveness of e-content. The session aimed to provide educators, instructional designers, and content creators with insights into how innovation in e-content preparation could lead to more dynamic and impactful learning experiences.

Report for Five Days Faculty Development Program on “Implementing Active Learning Strategies in Higher Education”

Internal Quality Assurance Cell and Research Cell of St. Joseph's College of Arts and Science for Women, organized a five-days Faculty Development Programme on “Implementing Active Learning Strategies in Higher Education” from 3/9/2021 to 9/9/2021. 74 Faculty members participated in the FDP.

03.9.2021 To 09.9.2021
Mode: Online (Google meet)
Time: 1.00PM To 5.00PM

Day 1: Dr.Santhi ,Assistant Professor, Department of Computer Science, M.G.R College,Hosur was the resource person on 3rd September 2021. He delivered the sessions on “Assessment Strategies for active Learning”.

- The FDP focused on equipping faculty with effective assessment techniques for active learning environments.
- It emphasized the importance of aligning assessment strategies with active learning principles.
- Various types of assessment, including formative and summative techniques, were explored.

- Strategies for implementing assessment in active learning included rubric development and technology integration.
- Challenges such as resistance to change and workload management were addressed.
- Case studies highlighted successful implementation and lessons learned.
- Hands-on workshops provided practical guidance on assessment design and feedback provision.
- Assessment of the FDP involved pre- and post-assessments to gauge faculty knowledge and attitudes.
- Resources and support were provided to facilitate ongoing learning and implementation.
- The FDP concluded with encouragement for continued engagement with assessment

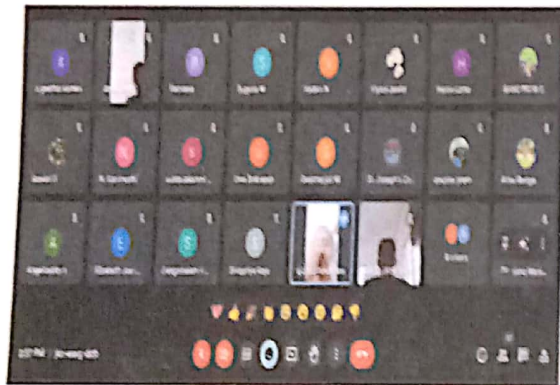

Day2: 04.09.2021 Dr.Jayashree, Assistant Professor,Department of Mathematics,Govt College of Arts and Science,Hosur was the resource person on 6th September 2021. He delivered the sessions on “Creating Inclusive Classroom”.

- The FDP aimed to equip faculty with strategies for fostering inclusivity in the classroom.
- It emphasized the importance of creating a supportive and welcoming learning environment for all students.

- Various techniques for promoting diversity, equity, and inclusion were explored.
- Strategies included implementing diverse course materials and inclusive language.
- Addressing unconscious biases and stereotypes was a key focus of the program.
- Interactive workshops provided practical guidance on inclusive teaching practices.
- The program highlighted the value of fostering respectful dialogue and open communication.
- Assessment methods were examined to ensure fairness and inclusivity for all students.
- Pre- and post-assessments were conducted to measure changes in faculty attitudes and practices.
- The FDP concluded with a call to action for ongoing commitment to inclusive teaching.

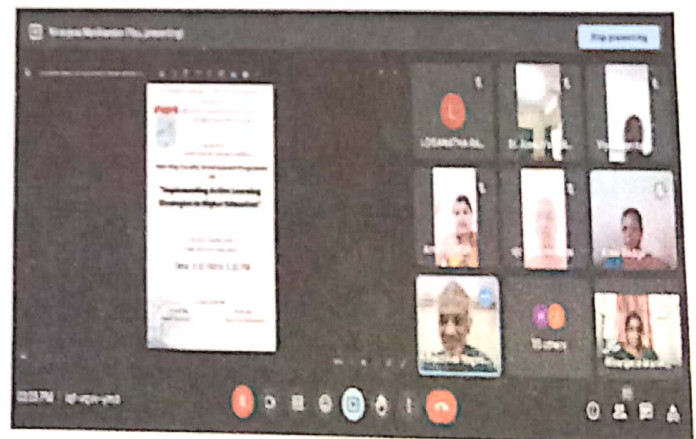

Day3:

Mr.Sakthivel,M.C.A.,M.Phil,Assistant professor,Department of MCA,Adhiyaman college ,Hosur was the resource person on 7th September 2021. He delivered the sessions on "online Teaching Best practices".

- The FDP aimed to equip faculty with effective strategies for delivering high-quality online instruction.
- Emphasis was placed on creating engaging and interactive learning experiences in virtual environments.

- Various best practices for online teaching, including course design and facilitation, were explored.
- Strategies included leveraging multimedia resources, fostering student engagement, and promoting active learning.
- Addressing accessibility and inclusivity in online courses was a key focus of the program.
- Workshops and training sessions provided practical guidance on effective online teaching methodologies.
- The program highlighted the importance of instructor presence and communication in online environments.
- Assessment methods suitable for online learning were examined, ensuring alignment with learning objectives.
- Pre- and post-assessments were conducted to measure faculty competency and confidence in online teaching.
- The FDP concluded with recommendations for ongoing professional development and support in online instruction.

Day 4:

Dr.D.Saraswathi,M.Sc.,Mphil.,Ph.D.Assistant professor,Department of computer science,PSG college of arts and science Coimbatore was the resource person on 8th September 2021. She delivered the sessions on "Technology for Engagement".

- The FDP focused on exploring technology tools to enhance student engagement in teaching and learning.
- Emphasis was placed on leveraging technology to create interactive and participatory learning experiences.
- Various technology platforms and applications suitable for fostering engagement were explored.
- Strategies included incorporating multimedia content, interactive polling, and virtual collaboration tools.
- Addressing accessibility and inclusivity in technology integration was a key consideration of the program.
- Workshops and demonstrations provided hands-on experience with innovative technology tools.
- The program highlighted the importance of pedagogical alignment when selecting and using technology for engagement.
- Assessment methods suitable for technology-enhanced learning environments were discussed, ensuring meaningful evaluation of engagement.
- Pre- and post-assessments were conducted to gauge faculty proficiency and confidence in using technology for engagement.
- The FDP concluded with recommendations for ongoing exploration and integration of technology to foster engagement in teaching and learning.

Day 5:

Dr.A.Nithya, Assistant professor, Department of Mathematics, Mercy college palakad was the resource person on 9th September 2021. She delivered the sessions on "Tools For Digital Era"

- The FDP focused on equipping faculty with digital tools essential for modern teaching.
- Various tools were explored, including multimedia creation platforms, collaboration software, and educational apps.
- Emphasis was placed on selecting tools aligned with pedagogical objectives.
- Practical workshops provided hands-on experience with digital tools.
- Faculty were trained to integrate digital tools to enhance student engagement and learning outcomes.
- Assessment methods were discussed to measure the effectiveness of tool integration.
- Pre- and post-assessments gauged faculty proficiency and confidence in using digital tools.
- The program highlighted the significance of ongoing support and resources for faculty.
- Case studies showcased successful implementation of digital tools in teaching.
- The FDP concluded with a call for continued exploration and integration of digital tools in educational practices.

Report for Five Days Teaching staff Development Program on
“Enhancing Teaching Excellence and Innovation”

Internal Quality Assurance Cell and Research Cell of St. Joseph's College of Arts and Science for Women, organized a five-days Teaching staff faculty Development Programme on “Enhancing Teaching Excellence and Innovation” From 10th June 2019 to 14th June 2019.

The resource persons were Mr. Yesuraja Arockiasamy , Product Support Manager , Bosco Soft Technologies Pvt Ltd , Yelagiri Hills, Tirupattur and Mr. Imran , Support Executive, Bosco Soft Technologies Pvt Ltd, Yelagiri Hills, Tirupattur.

High-grade introductions are critical in academic settings, setting the tone for fruitful engagement. The Faculty Development Program (FDP), emphasized on crafting compelling introductions enhances educators' abilities to captivate learners. It involved strategies like hooking the audience, providing context, stating objectives, and establishing credibility. High-grade introductions foster engagement, stimulate curiosity, and convey the educator's expertise. By structuring introductions effectively, educators can create an inclusive learning environment conducive to knowledge acquisition and retention. Through the program, educators refined their introduction skills, ensuring they initiate sessions with impact, ultimately enhancing the overall educational experience.

The trainer focused on equipping educators with the necessary skills and strategies to effectively integrate technology into their teaching practices. The programs emphasized the utilization of various digital tools, resources, and platforms to enhance learning experiences, engage students, and promote active participation. Through hands-on training, educators learnt how to leverage technology to deliver dynamic and interactive lessons, cater to diverse learning styles, and facilitate collaborative learning environments. The trainer also addressed the importance of digital literacy, responsible use of technology, and staying abreast of emerging trends to ensure educators remain effective and adaptable in an increasingly digital-driven educational landscape.

Training on smart board handling are indispensable for educators to optimize teaching methodologies in today's digital age. The session focused on leveraging smart board technology to enhance classroom engagement and instructional effectiveness. Participants learnt practical skills such as operating

the smart board interface, integrating multimedia content, and utilizing interactive features to enrich learning experiences.

On the subsequent days the event was headed by Mr. C. Murali, Development Officer, Jeevan Jyothi, Hosur.

The trainer emphasized the importance of effective lesson planning tailored to smart board usage, ensuring alignment with learning objectives and student needs. Educators explored various instructional techniques, including interactive presentations, real-time annotations, and collaborative activities, to foster active participation and knowledge retention among students.

The trainer highlighted strategies for troubleshooting common technical issues and maximizing the functionalities of smart boards. Educators were encouraged to experiment with different tools and applications to customize learning experiences and cater to diverse learning styles.

Through hands-on training and peer collaboration, educators gained confidence in utilizing smart boards as versatile teaching aids, facilitating dynamic and engaging classroom interactions. The program empowered educators to harness the full potential of technology in education, creating stimulating learning environments that foster student-centered learning and academic excellence.

Report for Faculty Development Program on “Technology and Mental Health”

St. Joseph's College of Arts and Science for Women, organized a faculty Development Programme on “Technology and Mental Health” at 11-06-2018. There are 60 Staff members participated in FDP. Resource person Rev.Fr.Ignatius, Administrator, Fountain Institute for training counselors and Psychotherapists, Sundampatti,Krishnagiri, has authored Faculty Development Programme (FDP) on “Technology and Mental Health” delved into the pivotal role of technology in shaping student well-being while acknowledging its potential drawbacks. Through insightful discussions and interactive sessions, faculty members gained a comprehensive understanding of how various technological tools and platforms can impact student mental health positively or negatively. The programme emphasized leveraging technology to foster student well-being by incorporating digital resources for stress management, mindfulness exercises, and mental health awareness campaigns into academic settings.

Faculty participants explored strategies for integrating technology in course delivery to enhance student engagement and facilitate peer support networks. Furthermore, they were equipped with techniques to utilize online platforms for delivering mental health resources, providing virtual counseling services, and promoting digital wellness practices among students.

Moreover, the FDP highlighted the importance of maintaining a balanced approach to technology use, emphasizing the need for faculty to be mindful of potential negative impacts such as digital addiction, social isolation, and cyberbullying. Faculty members were encouraged to promote responsible technology usage and to create inclusive learning environments that prioritize students' mental health and well-being.

Overall, the FDP empowered faculty members to harness the potential of technology to support student mental health effectively while navigating the associated challenges with awareness and sensitivity.

The Faculty Development Programme (FDP) for psychotherapists aimed to equip them with effective strategies for supporting student mental health. Psychotherapists received training on understanding student psychology, recognizing signs of distress, and providing appropriate interventions. They learned techniques for fostering resilience, promoting self-care, and creating supportive therapeutic environments conducive to student well-being.

The FDP emphasized the importance of cultural sensitivity and ethical practices in counseling students. Overall, the FDP empowered psychotherapists with the skills and knowledge necessary to effectively address the diverse mental health needs of students in educational settings.
