

Report for R-Programming–Trends in Technology (2018-2019)

Invitation:

Date : 04.08.2018

Resource Person : G.Aswini
Assistant Professor,
Department of Computer Science,
St. Joseph's College of Arts and Science for Women, Hosur

Class : III – BCA

No of Beneficiaries : 66

Report:

Mrs. G. Aswini, Assistant Professor in the Department of Computer Science, conducted an insightful session on Trends in Technology focusing on R-Programming for III BCA students. The session highlighted the growing significance of R-Programming in data analysis, statistical computing, and machine learning. Mrs. Aswini elucidated the latest trends in R-Programming, including its integration with big data technologies and its applications in diverse fields like finance, healthcare, and marketing. She emphasized the importance of staying updated with technological advancements in R-Programming for aspiring professionals in the field of computer science. Students gained valuable insights into the evolving landscape of technology and its practical implications.
