

Microsoft  
Education

Dear Niranjana Manikandan,

Congratulations on being selected as a Microsoft Innovative Educator Expert! Each year, Microsoft selects Innovative Educator Experts to be part of this exclusive global community paving the way for their peers to share ideas, try new approaches, and learn from each other. We are inspired by your achievements and look forward to working with you throughout the one-year engagement, and beyond.

You will be joining a group of over 7500 of the most amazing educators who are empowering the students of today to create the world of tomorrow. At Microsoft, we believe that technology alone cannot build 21st century skills for students. It is an accelerator, but the power of change lies within educators. That is why we are bringing incredible educators, like yourself, together to recognize and grow your achievements.

You have been chosen as an MIE Expert because you are self-driven, passionate about your work, have true collaborative spirit, and strive to inspire students with outside-the-box thinking on technology in education. We appreciate your resourcefulness and entrepreneurial spirit. As agents of change, you have achieved excellence in education, using technology and social media. We are grateful for the opportunity to tap into your enthusiasm and enable others to benefit from what is clearly your passion.

Be sure to add your MIE Expert badge to your profile on the [Microsoft Educator Community](#) using this promo code: **MIEE2018ksk720**

As an MIE Expert, over the course of the next year you could:

- The MIE Expert badge to proudly show on your Educator Community Profile
- Free Microsoft products and tools.
- Exclusive professional development opportunities.
- Opportunities to develop your personal "brand" and your career as a thought leader by participating in case studies, speaking engagements, and content development.
- Opportunity to be featured on my Daily EdVentures blog.
