

Action Taken Report (2018-2019)

Based on the feedback provided, it's clear that there are several areas where improvements can be made to enhance the overall educational experience.

1. Curriculum Relevance and Application Orientation: Institution will conduct a thorough review of the existing curriculum to ensure it remains up-to-date, needs-based, and application-oriented. This will involve engaging industry experts, alumni, and academic professionals to incorporate emerging trends and technologies into course content.

2. Support for Elective Subjects: Institution will reassess the elective subjects offered to ensure they are adequately supported by core papers, providing students with a well-rounded academic experience while allowing flexibility in their course selections.

3. Balance between Theory and Practical Components: Institution will revisit the weighting of theory and practical course content to ensure a fair and balanced assessment of student learning outcomes, considering both theoretical knowledge and hands-on skills development.

4. Course Content Alignment with Outcome-Based Education: Institution will strengthen efforts to align course content and outcomes with the principles of outcome-based education, focusing on clearly defined learning objectives and measurable student achievements.

5. Enhancing Teaching-Learning Processes: Faculty development programs will be initiated to enhance teaching methodologies, ensuring that the teaching-learning process effectively facilitates student understanding and engagement with course content.

St. Joseph's College of Arts and Science for Women

(Affiliated to Periyar University, Salem)

An ISO 9001:2015 Certified Institution

Recognised U/s 2(f) and 12(B) of the UGC Act

Mookandapalli, SIPCOT, Hosur - 635 126

6. Encouraging Participation in Extracurricular Activities: Faculty members will be encouraged and supported to integrate soft skills development and promote student participation in extracurricular and co-curricular activities, fostering holistic student development.

7. Expanding Opportunities for Out-of-Classroom Learning: Institution will increase opportunities for out-of-classroom learning experiences such as guest lectures, seminars, workshops, and competitions to enrich students' educational experiences and broaden their perspectives.

8. Internship, Exchange, and Fieldwork Opportunities: Efforts will be intensified to expand opportunities for students to participate in internships, student exchanges, and fieldwork, fostering real-world experience and industry exposure.

9. Infrastructure and Campus Maintenance: We will prioritize the maintenance of classroom infrastructure, cleanliness of facilities, and the upkeep of green spaces on campus to provide students with a conducive learning environment.

By implementing these action steps, Institution aim to address the concerns raised and continuously improve the quality of education and overall learning experience for our students. Regular feedback mechanisms will be established to monitor progress and ensure ongoing enhancements.
