

2023 - 2024

INTERNATIONAL DAY OF ELDERS

"On October 1, 2023, alumni of our college gathered to celebrate the International Day of Elders with a visit to Sion Malai Chennathur. The day was marked by a spirit of giving and companionship as we provided provisions and cleaned the home for the elderly residents. It was heartening to see the smiles on their faces as they welcomed us into their living space.

Spending time with the elders was a humbling experience, reminding us of the wisdom and life experiences they carry. As we engaged in conversations and listened to their stories, we gained valuable insights into the past and a deeper appreciation for the present. The atmosphere was filled with warmth and gratitude, creating a sense of community and togetherness.

In addition to providing provisions and cleaning, we also organized activities to engage with the elders and make the day memorable for them.

As the day came to a close, we reflected on the importance of honoring and respecting our elders. Their presence in our lives is invaluable, and it is essential to acknowledge their contributions and sacrifices. The experience left a lasting impact on all of us, reinforcing the value of compassion, empathy, and gratitude. We look forward to continuing this tradition in the years to come, ensuring that the International Day of Elders is celebrated with the same spirit of generosity and kindness."

2023 - 2024

OZONE DAY CELEBRATION

The Ozone Day celebration on September 19, 2023, was marked by a vibrant fusion of creativity and environmental consciousness. Students participated enthusiastically in essay writing and drawing competitions, showcasing their commitment to ozone preservation. The essays displayed a profound understanding of ozone layer significance, addressing the threats posed by human activities. Simultaneously, the drawing competition illustrated artistic expressions of the student's vision for a sustainable future. The event not only fostered a sense of environmental responsibility but also celebrated the diverse talents within the student community.

Ozone Day 2023 became a canvas for education, awareness, and artistic advocacy. The Ozone Daynotepad== celebration with essay writing and drawing competitions, proved immensely beneficial to students. The activities not only deepened their understanding of environmental issues but also honed their research and expressive skills. Engaging in essay writing enabled 16 students to articulate thoughts on ozone preservation, enhancing their critical thinking. Simultaneously, the drawing competition 5 students provided a creative outlet, fostering artistic expression related to sustainability.

The holistic approach encouraged interdisciplinary learning, promoting a sense of environmental responsibility through both written and visual mediums.

2023 - 2024

NATIONAL UNITY DAY

India celebrates October 31 as National Unity Day to pay tribute to veteran freedom fighter Sardar Vallabhbhai Patel, who was also the country's first home minister. India is a secular country with diversified cultures and the significances in their own kind. As an endeavor to solidify the bond of oneness and unification, the country celebrated the Birth Anniversary of Sardar Vallabhai Patel on 31st October as Rashtriya Ekta Diwas (National Unity Day). The day aims to promote and reinforce the importance of unity, integrity and harmony among the diverse communities of India. Various events and activities are organized across the country to celebrate the rich cultural heritage and the vision of a united India. It serves as a reminder of a united India. It serves as a reminder of Patel's significant role in integrating princely states into the Indian Union after independence in 1947. The observance fosters a sense of national pride and solidarity among citizens. On 31st October 100 members of Consumer Club, were assembled and was instructed to take Oath. Our college celebrated in "National unity day".

2023 - 2024

WORLD LABOURS' DAY

Labor Day is a day when workers can feel respected for the work that they have done all over the year. On Labor Day, workers and their needs and rights are in focus. This day can be a motivation for refining worker's efforts. They learn about their rights and to campaign and make movements. This day motivates people to get into work and to work hard. It also encourages men and women to follow their chosen careers, to do their best at them. In this way, they contribute to their society. We know that the worker receives minimum pay by selling his own labour. That is the reason why International Labour Day is celebrated all over the world. So, this day is to promote and encourage international labour associations. Thus, it is a special day to appreciate and recognize their contribution to society as they are certainly well-deserved. Students showcased diverse talents through cultural performances, including portraying the essence of labour and unity.

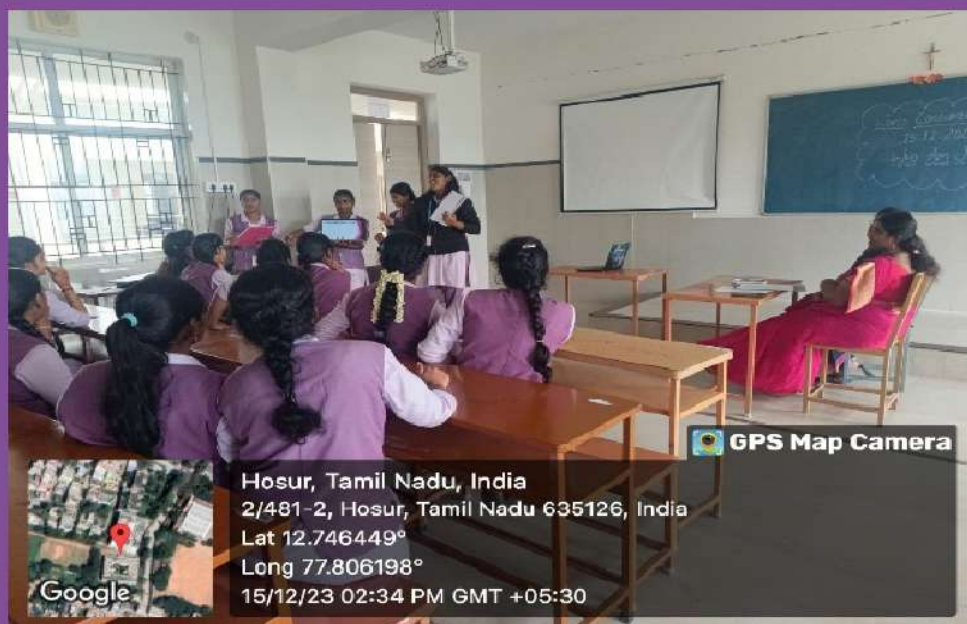

2023 - 2024

NATIONAL CONSUMER DAY

In 1986 the Consumer Protection Act was passed and received the assent of the President on December 24. Since then, National consumer rights day is celebrated on this day to commemorate the occasion. The Consumers from defective goods, negligent services and unfair trade practices. The six fundamental rights of the consumer Protection Act are Right to safety, Right to choose, Right to be informed, Right to be heard, Right to seek redressed and Right to consumer education.

The St. Joseph's College of Arts and Science for Women, Hosur in association with the all the Departments organized a consumer day event on account of "National consumer day". On 15th December, 2023 around 30 students from various other departments of the college participated in the program. The Program were conducted to showcase the talents of the students and help them explore with their different ideas and creativity. The students can innovate and come up with new skills. This helps them to actively participate in different fields in near future.

GREEN WAVES ORGANIZES A FOOD DAY

Date: 16.10.2023

On October 16, 2023, the Green Waves initiative at St. Joseph's College for Arts and Science organized a Food Day event with a dual focus on addressing food insecurity and world hunger, as well as managing food waste. This event served as an educational platform for students to deepen their understanding of these pressing global issues and to raise awareness among their peers and the wider community. Through a variety of engaging activities such as seminars, workshops, and interactive discussions, students were equipped with knowledge about the root causes of food insecurity and hunger, as well as practical strategies to combat them at local and global levels. Additionally,

emphasis was placed on the importance of responsible consumption and the need to minimize food waste. Students were encouraged to reflect on their own habits and behaviours regarding food consumption and disposal, with the goal of fostering a culture of mindfulness and sustainability. By empowering students with information and fostering a sense of collective responsibility, the Food Day event exemplified the commitment of St. Joseph's College for Arts and Science to addressing complex societal challenges and promoting positive change within the community.

2023 - 2024

HANDWASHING DAY

Green Waves organized Hand washing Day on October 15, 2023, as part of its initiative to promote hygiene and health awareness among helpers. The event focused on educating participants about the importance of proper hand washing techniques and fostering habits that contribute to overall well-being.

During the event, helpers were provided with detailed explanations of the steps involved in effective hand washing. Emphasis was placed on the significance of thorough hand hygiene in preventing the spread of germs and reducing the risk of infections, particularly in communal settings.

Additionally, the event aimed to raise awareness about the critical times when hand washing is

essential, such as before handling food, after using the restroom, and after coughing or sneezing. Participants were encouraged to incorporate these habits into their daily routines to maintain a hygienic environment and protect themselves and others from illnesses.

By actively engaging helpers in learning and practicing proper hand washing protocols, Green Waves sought to empower them with valuable knowledge and skills that can contribute to healthier living and improved sanitation practices within their communities.

National Nutrition Week Celebration

ST. JOSEPH'S COLLEGE OF ARTS AND SCIENCE FOR WOMEN, HOSUR

(Affiliated to Periyar University, Salem)

Mookandapalli, Siptcot, Hosur - 635126

DEPARTMENT OF NUTRITION AND DIETETICS

**ORGANIZES A
NUTRITION WEEK CELEBRATION**

**Chief guest : Dr.A.Swarnalatha,
Asst.Professor, Periyar University,
Salem**

Date :07.09.2023

The Department of Nutrition and Dietetics hosted a vibrant celebration for the National Nutrition Week on September 7, 2023, starting at 10:00 am in the esteemed St. Francesco Auditorium. The event attracted participation from both staff members and students hailing from various departments across the institution. The occasion was marked by an array of competitions aimed at fostering nutritional awareness, with active involvement from students representing diverse academic backgrounds. Leading up to the main event, on September 1, 2023, students from the Nutrition and Dietetics department curated insightful charts illustrating the significance of a balanced diet. These displays served as informative tools, highlighting the importance of making informed dietary choices.

Central to the celebrations on September 7 was a seminar titled "The Importance of Healthy Balanced Diet and Proper Nutrition." The esteemed Mrs. A. Swarnalatha, Assistant Professor from the Department of Food and Nutrition at Periyar University, Salem, graced the occasion as the chief guest. Her presence added immense value to the event, as she delivered a compelling speech underscoring the critical importance of maintaining a balanced diet for overall well-being. Mrs. Swarnalatha eloquently elucidated the numerous advantages associated with adhering to a balanced diet, emphasizing its profound impact on individual health and vitality. The seminar provided a platform for meaningful discourse and reflection on nutrition-related issues, inspiring attendees to prioritize their dietary choices for improved health outcomes. Overall, the National Nutrition Week celebration served as a catalyst for promoting awareness and understanding of nutrition, fostering a culture of wellness and vitality within the academic community.

2023 - 2024

COCONUT DAY

On September 26, 2023, St. Joseph's College of Arts and Science for Women marked Coconut Day with a creative celebration orchestrated by the Nutrition and Dietetics department students. Utilizing coconut shells as their primary medium, these students showcased their ingenuity by crafting decorative items, including a striking doll made entirely from coconut shells. The event not only highlighted the versatility of coconut shells but also underscored the importance of sustainable practices and recycling materials to minimize waste. By repurposing coconut shells into aesthetically pleasing and functional art pieces, the students demonstrated their commitment to environmental consciousness and innovative thinking. This celebration served as a testament to the college's dedication to fostering creativity, sustainability, and appreciation for natural resources among its student body.

Organic day
on

Date :22.09.2023

Department of Nutrition and Dietetics organized an organic day celebration on 22.09.2023. Informative seminar was conducted by K.Ishwarya for I B.Sc students of Department of Nutrition and Dietetics to educate participants about the benefits of organic agriculture, sustainable farming techniques, and the importance of supporting local organic producers. Experts in organic farming, environmental sustainability, and nutrition shared valuable insights and practical tips on how individuals can incorporate organic products into their daily lives and contribute to building a more sustainable food system. Organic agriculture emphasizes the use of natural methods and prohibits the use of synthetic chemicals, pesticides, and genetically modified organisms (GMOs). Benefits of organic farming were highlighted to students like reduced chemical exposure, Soil conservation, Healthier food choices, Support for rural livelihoods. This report outlines the celebration of Organic Day and its significance.

2023 - 2024

WORLD DIABETIC DAY

The Department of Nutrition and Dietetics organized an event on World Diabetes Day, November 14th, 2023, where helpers assisted in checking both blood pressure (BP) and blood sugar levels of participants. This type of event is common on World Diabetes Day, as it provides an opportunity for people to get their health parameters checked, learn more about diabetes prevention and management, and receive guidance on proper nutrition and lifestyle habits. Checking both blood pressure and blood sugar levels is important because individuals with diabetes are at higher risk of developing complications related to both high blood pressure and high blood sugar levels. Events like these play a vital role in promoting health awareness and empowering individuals to take charge of their health, particularly in relation to conditions like diabetes.

ORGANIZES A

WORLD HEART DAY

Date :27.09.2023

"Heart Day" generally refers to "World Heart Day," an annual event observed on September 29th. It is a global campaign initiated by the World Heart Federation to raise awareness about cardiovascular diseases (CVD) and promote heart-healthy living. On this day, Department of Nutrition and Dietetics organised a seminar for third year B.Sc students. Ms.B.Madhumitha, Assistant Professor, Department of Nutrition and Dietetics, St. Joseph college of arts and science for women, hosur aimed to encourage individuals, families, communities, and governments to take action to prevent and

control CVD. She also created awareness on the importance of consuming nutritious foods low in saturated fats, Trans fats, salt, and sugar, and high in fruits, vegetables, whole grains, and lean proteins. World Heart Day serves as a reminder for everyone to prioritize heart health and take proactive steps to prevent heart disease and stroke. It underscores the significance of adopting heart-healthy habits and making informed choices to lead a longer, healthier life.

2023 - 2024

AIR FORCE DAY CELEBRATIONS

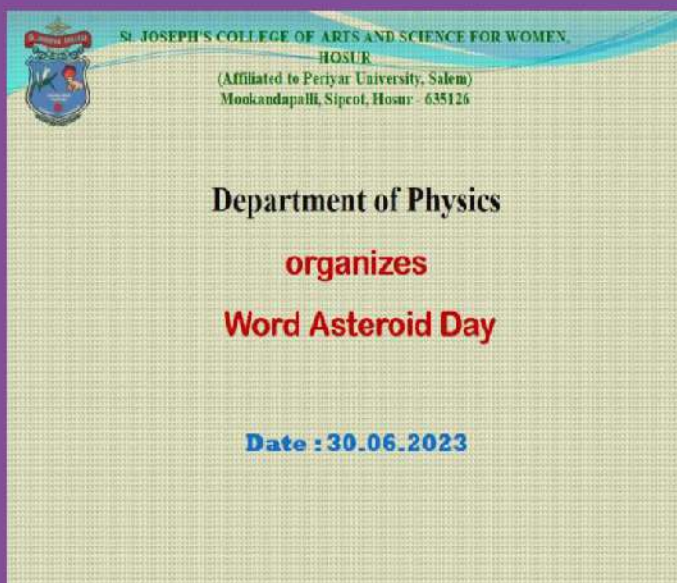

We the department of physics at St. Joseph's College of Arts and Science for Women had celebrated international AIR FORCE DAY on 10.10.2023. Every year, the Air Force Day is celebrated at Hindon base in presence of IAF chief and senior officials of the three armed forces. These celebrations include an air display where the most crucial and vintage aircraft put up a magnificent show. The Indian Air Force (IAF) is the air arm of the Indian armed forces with the primary mission to secure Indian airspace and conduct aerial activities during armed conflicts. This year, the theme of IAF day is 'IAF - Airpower Beyond Boundaries'. The theme highlights the commitment of the force to excellence, innovation and its role as the guardian of the nation's skies.

On the occasion, number of students had presented PPT to show their patriotism. PPT presented in M-2 Hall, students are participated and delivered their different ideas about Air Force Day. Judges selected I, II & III prizes among them. The winners of the competition are M.P Rajalakshmi & I. Sabina Begam from I B.Sc Physics secured I-Prize, P. Kiruthika from III B.Sc Physics secured II-Prize and S. Ishwariya from II B.Sc Physics secured III-Prize.

2023 - 2024

WORLD ASTEROID DAY CELEBRATION

On 30 June, an enlightening essay writing competition took place at our College, focusing on the globally recognized theme of "World Asteroid Day". This event aimed to encourage critical thinking, raise awareness about the significance of asteroids, and promote insightful discussions among participants.

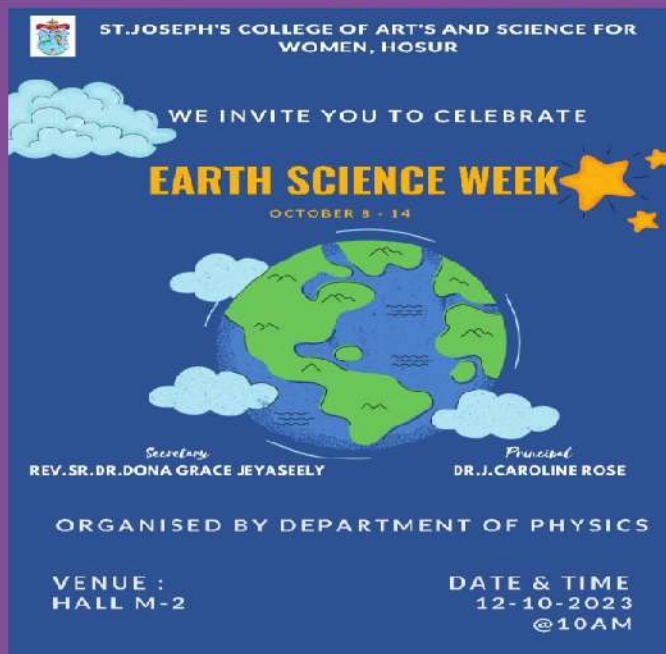

10 enthusiastic individuals from diverse backgrounds participated in the competition, each bringing forth their unique perspectives and insights into the topic. The participants ranged from students to professionals, demonstrating a keen interest in exploring the multifaceted aspects of asteroids and their implications for humanity.

The essays submitted by the participants reflected a rich tapestry of ideas, opinions, and research findings related to asteroids. Some essays delved into the scientific aspects, discussing topics such as asteroid composition, classification, and impact dynamics. Others explored the broader implications of asteroid impacts on Earth's ecosystems, human civilization, and future space exploration endeavors.

The essay writing competition on the theme of World Asteroid Day was a resounding success, fostering intellectual curiosity, critical thinking, and meaningful dialogue among participants.

2023 - 2024

EARTH SCIENCE WEEK CELEBRATIONS

Earth Science Week, held annually in the second week of October, serves as a global platform to celebrate the significance of Earth sciences and their contribution to society. The aim is to foster public understanding and appreciation of the Earth and its processes, with a focus on environmental sustainability and resource management. An essential component of Earth Science Week was the emphasis on educational outreach programs. These initiatives aimed to bridge the gap between scientific research and public understanding, encouraging the integration of Earth science education into mainstream curricula and promoting the importance of environmental literacy.

A Special Video showed about Earth Science Week generated substantial public engagement, with a notable increase in awareness and participation across communities. The impact was evident in the heightened understanding of environmental issues and the adoption of

sustainable practices by individuals and organizations alike. The week's activities also contributed to the formulation of informed policy decisions concerning environmental conservation and resource management. Looking ahead, the outcomes of Earth Science Week serve as a foundation for future endeavors in promoting environmental consciousness and sustainable development. The week's success underscored the importance of continued collaboration and knowledge sharing in addressing global environmental challenges and fostering a more resilient and sustainable future for all.

Drawing competition conducted in M-2 Hall. From various department, students are participated and delivered their different ideas about World Earth Science Week. Judges selected I, II & III prizes among them. The winners of the competition are K. Amruthavarshini from III B.Sc Physics secured I-Prize, S. Evanjalina Maria from II M.Sc Mathematics secured II-Prize and R. R Akshara from III B.Com CA secured III-Prize. In conclusion, Earth Science Week played a crucial role in raising awareness and understanding of the Earth's processes and the importance of environmental stewardship. The week's activities and events exemplified the significance of collective action in addressing pressing environmental issues and highlighted the need for ongoing efforts to promote environmental education and sustainability.

2023 - 2024

WORLD SPACE WEEK CELEBRATIONS

On October 4, 2023, the Department of Physics organized a dynamic celebration of World Space Week, embracing the theme of space exploration and innovation. The program was inaugurated by our beloved principal and secretary sister. The event featured a captivating Quiz competition and engaging PowerPoint presentations, showcasing the wonders of the cosmos and the latest developments in space science. The Quiz competition tested participants' knowledge of astronomy, space missions, and celestial phenomena, sparking friendly competition and intellectual exchange among students and faculty members. Participants demonstrated their enthusiasm for space exploration while expanding their understanding of the universe.

Additionally, the PPT presentations provided a platform for students to delve deeper into specific topics related to space science, sharing insights and discoveries with their peers. Some Students given PPT presentation on innovative things and it was impressed a lot from our beloved students. PPT & Quiz competition conducted in M-2 Hall, students are participated and delivered their different ideas about World Space Week. Judges selected I, II & III prizes among them. The winners of the competition are I. Sabina Begam from I B.Sc Physics secured I-Prize, P. Kiruthika from III B.Sc Physics secured II-Prize.

Through visually compelling slides and informative content, presenters captivated the audience and inspired curiosity about the mysteries of space. Overall, the World Space Week event organized by the Department of Physics on October 4, 2023, served as a celebration of human ingenuity, scientific exploration, and the boundless possibilities of the cosmos, fostering a deeper appreciation for the wonders of space among participants.

2023 - 2024

CHILDREN'S DAY CELEBRATION

Children's Day is a global observance dedicated to celebrating and honouring children. It is a day set aside to recognize the importance of children in society, promote their well-being, and advocate for their rights. While the specific date of Children's Day varies from country to country, it is typically marked by various activities and events aimed at entertaining, educating, and empowering children.

History: The idea of Children's Day emerged in the early 20th century as a response to the need for child welfare and protection. The date and manner of celebration vary worldwide, with different countries adopting their own traditions and customs.

Celebrations: Children's Day is celebrated in diverse ways across different cultures and countries. It often involves activities such as school events, community gatherings, cultural performances, workshops, and charity initiatives focused on children's rights and well-being.

Overall, Children's Day is a meaningful occasion that celebrates the joy, innocence, and potential of children while emphasizing the collective responsibility to ensure their happiness, safety, and development.

Children's Day celebrations around the world reflect the universal desire to nurture, protect, and empower children. Whether through cultural traditions, educational initiatives, or community gatherings, these celebrations emphasize the importance of cherishing childhood and creating a world where every child can thrive and fulfil their potential.

As we continue to commemorate Children's Day, let us reaffirm our commitment to promoting the well-being and rights of children everywhere.

The students from all the departments celebrated the children's day preparation and students recited Tamil poems and danced for folksongs. The children's day chocolate was distributed to all the students.

Through this celebration, the college community not only cherishes its roots but also embraces the values of gratitude, collaboration and the joy of communal festivities.

Independence Day commemorates a nation's freedom from colonial rule. It's a day of patriotism and unity, celebrated with flag hoisting, parades, and cultural events. This occasion reminds citizens of their shared history, sacrifices, and the ongoing commitment to upholding liberty, diversity, and progress.

August 15th, 2023 marked the celebration of the 77th Independence Day. The program's primarily guest was Mrs. Pattu Anbukkarasan, a sub inspector of police. The Secretary Rev.Sr.Dr.Dona Grace Jeyaseely, the Principal Dr. J. Caroline Rose and all other dignitaries were welcomed with a band.

Freedom fighters epitomized resilience, braving oppression and risking all for their nation's liberation. Through nonviolent protests and selfless sacrifices, they shattered colonial chains, igniting the flame of independence. Their unwavering determination remains an inspiration, reminding us of the power of unity and the pursuit of freedom. Flag hoisting symbolizes national pride and unity. It's a solemn moment when the national flag is raised, embodying the spirit of a nation. The fluttering flag evokes respect, reminding citizens of shared values and the sacrifices of those who fought for freedom.

2023 - 2024

PONGAL CELEBRATION

Pongal is a celebration to thank the Sun, Mother Nature and the various farm animals that help to contribute to a bountiful harvest.

Students Affairs Committee organized the Pongal celebrations on 12th January 2024 in the college ground.

St. Joseph's College of Arts and Science for Women in Hosur celebrated Pongal with great enthusiasm, fostering a sense of cultural richness and community spirit. The college grounds buzzed with vibrant colors as students and staff actively participated in various traditional activities.

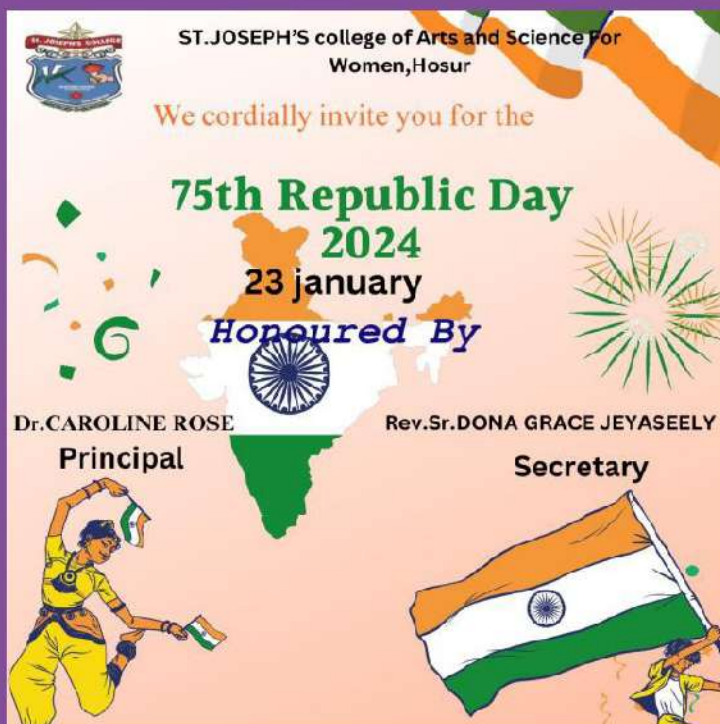

The highlight of the celebration was the elaborate Pongal preparation, where students showcased their culinary skills by cooking the traditional Pongal dish using freshly harvested rice. This process was accompanied by joyful traditional music and dance performances, creating a festive atmosphere. The college adorned a festive look with rangoli designs and decorations reflecting the essence of Pongal. A special Pongal puja was organized, symbolizing gratitude towards nature and the Sun God for a bountiful harvest.

In essence, the Pongal celebration at St. Joseph's College of Arts and Science for Women was a harmonious blend of tradition, joy, and communal bonding, leaving a lasting impression on the participants and creating cherished memories for all.

2023 - 2024

REPUBLIC DAY

Republic Day, celebrated on the 26th of January each year, marks a significant event in the history of India – the day when the Constitution of India came into effect in 1950. It is a day of immense pride and patriotism for every Indian. In our College we celebrated Republic day on 23rd January.

This event started with a patriotic song and A highlight of this year's celebrations was the thought-provoking speeches delivered by students. They shed light on the significance of Republic Day, emphasizing the values of democracy, equality, and justice enshrined in the Indian Constitution. Speakers also touched upon the challenges faced by the nation and the role of the youth in shaping India's future.

Finally We concluded Republic Day celebrations at college were a testament to the spirit of patriotism, unity, and diversity that defines India. Through their speeches As we look towards the future, may these celebrations serve as a reminder of our collective responsibility to build a progressive and inclusive nation. The event concluded with a vote of thanks and National Anthem.

2023 - 2024

TEACHERS DAY CELEBRATION

The Students Affair committee had arranged a great and wonderful celebration of "Teachers day" for all the dignified members of faculty for their teachers who dedicatedly work the whole year on 8th of September 2023.

The event began in the name of the god Almighty with a soulful prayer song and bible reading. After heartily welcoming the gathering, Biotechnology students tapped their feet on super music to entertain the faculty. The Jubal choir sang a special song dedicated to the faculty members.

There was another eye treat to the staff by students of the computer science department. Many games were conducted by the students to cheer up the faculties and amuse them. The game winners were awarded with prizes. Kavithai was read in terms of respect for them.

The chemistry department students performed amazingly. A tamil speech was read showing esteem to the teachers. Then the students from the department of physics and nutrition combined and gave a stunning performance together. After another game for the teachers. The department of Management and Commerce showed their dance which startled the gathering.

Different delights were offered to the faculties. Also the Students together had planned amazing surprises which brought stunning smiles on the face of every teacher.

The event gracefully came to an end by expressing gratitude to the organising members and all the participants who made the day filled with extra fun. Finally, After showing respect to our nation by singing the National Anthem the gathering was dispersed.

2023 - 2024

DIWALI CELEBRATION

The Diwali festivities in 2023 took a distinctive turn as students embraced a Rangoli-themed celebration that left a lasting impression on the campus. The event unfolded with a burst of creativity as students enthusiastically participated in a Rangoli design competition, showcasing their artistic flair and cultural pride. Intricate and vibrant patterns adorned the college pathways and gathering spots, transforming the surroundings into a captivating visual spectacle. The Rangoli-centric celebration was not only a testament to the students' artistic skills but also a unique expression of Diwali's traditional essence. Cultural performances, including traditional dances and music, added a dynamic touch to the festive atmosphere.

2023 - 2024

ONAM CELEBRATION

The institution celebrated the Onam celebration in 2023 took a distinctive turn as students decided to immerse themselves solely in the art of Pookalam creation. The campus transformed into a canvas of vibrant colors as students showcased their artistic prowess by crafting intricate and stunning flower rangolis at various locations. The festivities were marked by a collective effort to infuse creativity into every petal and design, fostering a sense of camaraderie among the participants. The Pookalams, each a unique masterpiece, adorned key areas of the college, turning it into a floral haven. This alternative celebration highlighted the beauty of simplicity and the profound cultural significance of Pookalam, allowing students to connect with the tradition in a more contemplative and hands-on manner. The event served as a testament to the students' creativity, unity, and a shared appreciation for the cultural richness of Onam.

2023 - 2024

PLASTIC AWARENESS

The Swachh Bharath Committee of St. Joseph's college of arts and science for women, Hosur organized a 'Plastic Awareness' on 22.09.2023. The campaign aims to achieve the vision of 'Plastic Awareness' by 22nd September 2023.

Our College students actively participated in the Swatch Bharat by organizing a cleanliness drive in Mudhunapalli. Educating the public about the environmental impact of plastic pollution. Encouraging individuals to reduce, reuse, and recycle plastic. Promoting alternatives to single-use plastics. Collaborating with stakeholders for effective waste management strategies.

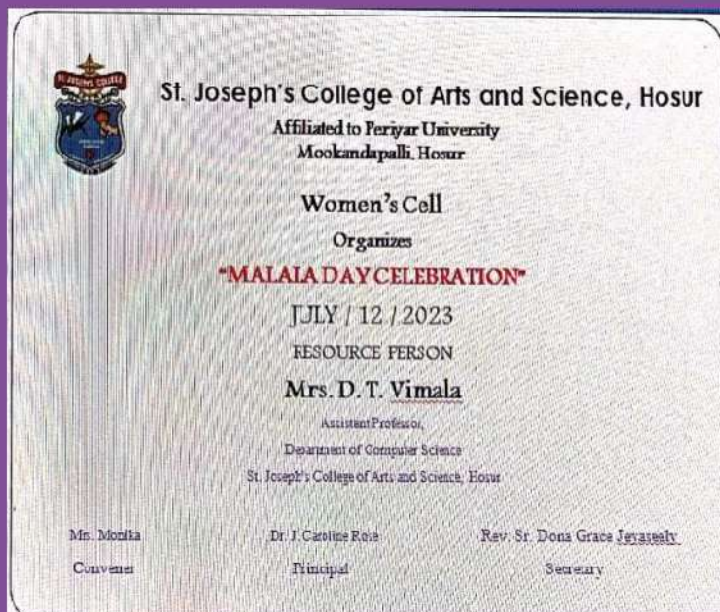

Organizing awareness sessions in educational institutions to instill eco-consciousness among students, encouraging them to adopt sustainable practices. Mobilizing communities to participate in plastic clean-up drives, fostering a sense of responsibility towards waste management and environmental preservation. Establishing infrastructure for efficient collection, segregation, and recycling of plastic waste, including setting up waste segregation centers and promoting the use of recycling facilities. Supporting innovation in eco-friendly alternatives to plastic products, such as biodegradable packaging materials and reusable substitutes.

Increased awareness has led to behavioral changes, with more people adopting plastic-free practices and actively participating in waste management efforts. Persistent challenges include inadequate infrastructure, lack of enforcement of regulations, and cultural attitudes towards plastic usage.

2023 - 2024

MALALA DAY CELEBRATION

Our college proudly commemorated Malala Day 2023 with a vibrant celebration dedicated to honoring Malala Yousafzai's unwavering commitment to education and activism. The event, held on 12.07.2023, was a testament to our collective dedication to promoting the rights of children, particularly girls, to access quality education.

We were honored to have Mrs. D. T. Vimala, Assistant Professor in the Department of Computer Science at St. Joseph's College of Arts and Science, as our esteemed chief guest for the occasion. Her presence enriched the event, inspiring students of III Biotechnology and faculty alike with her passion for education and social change. The celebration commenced with a heartfelt tribute to Malala Yousafzai, highlighting her courageous advocacy for girls' education in the face of adversity.

Vimala delivered a stirring keynote address, emphasizing the transformative power of education in shaping

individuals and communities. Drawing from her own experiences, she underscored the importance of nurturing a culture of inclusivity and empowerment within educational institutions.

The event concluded with a collective pledge to continue championing the cause of education for all, in alignment with Malala's vision of a world where every child has the opportunity to learn and thrive. It served as a poignant reminder of the ongoing struggle for educational equity and the imperative of collective action in addressing systemic barriers.

In summary, the Malala Day celebration of 2023 was a resounding success, fostering reflection, dialogue, and renewed commitment to advancing the fundamental right to education for all.

2023 - 2024

WOMENS EQUALITY DAY

ST.JOSEPH'S COLLEGE OF ARTS SCIENCE FOR WOMEN,HOSUR

WOMEN CELL

ORGANIZES

“WOMEN EQUALITY DAY” CELEBRATION TO BE HELD ON

26.08.2023

MRS.R.VASANTHI,M.COM.,M.PHIL.,

ASSISTANT PROFESSOR,

DEPARTMENT OF COMMERCE

ST.JOSEPH'S COLLEGE OF ARTS SCIENCE FOR WOMEN,HOSUR

Students of St. Joseph's college of Arts & Science for women were celebrated “Women's equality Day ” on 26.08.2023 .Greetings on Women's Equality Day! Today, we honour the strides made in the direction of gender equality and renew our commitment to building a future in which every woman enjoys the same recognition, opportunities, and rights. Let's keep supporting, empowering, and encouraging one another. “Women's Equality Day”.

However, it also underscores the work that still needs to be done to address issues such as the gender pay gap, reproductive rights, gender-based violence, and under representation of women in leadership positions. Ultimately, Women's Equality Day is a call to action to continue advocating for the full and equal participation of women in all aspects of society. The students of II BBA CA have participated in this program.

2023 - 2024

INTERNATIONAL GIRL CHILD DAY

St. Joseph's College of Arts and Science, Hosur**

On International Day of the Girl Child, communities worldwide unite to advocate for girls' rights and empowerment. Through rallies, educational workshops, and social media campaigns, the day highlights the importance of gender equality, education, and ending violence against girls. It's a powerful reminder to invest in girls' futures and support their dreams. International Day of the Girl Child celebrates girls' rights and empowerment worldwide. Events include awareness campaigns, seminars, and workshops promoting education, health, and gender equality. Communities emphasize the importance of girls' education and protection from discrimination and violence. It's a day to inspire change and support girls' potential. The first year students of B.COM CA have participated.

INTERNATIONAL DAY OF ELDERS

"On October 1, 2023, alumni of our college gathered to celebrate the International Day of Elders with a visit to Sion Malai Chennathur. The day was marked by a spirit of giving and companionship as we provided provisions and cleaned the home for the elderly residents. It was heartening to see the smiles on their faces as they welcomed us into their living space.

Spending time with the elders was a humbling experience, reminding us of the wisdom and life experiences they carry. As we engaged in conversations and listened to their stories, we gained valuable insights into the past and a deeper appreciation for the present. The atmosphere was filled with warmth and gratitude, creating a sense of community and togetherness.

In addition to providing provisions and cleaning, we also organized activities to engage with the elders and make the day memorable for them.

As the day came to a close, we reflected on the importance of honoring and respecting our elders. Their presence in our lives is invaluable, and it is essential to acknowledge their contributions and sacrifices. The experience left a lasting impact on all of us, reinforcing the value of compassion, empathy, and gratitude. We look forward to continuing this tradition in the years to come, ensuring that the International Day of Elders is celebrated with the same spirit of generosity and kindness."

NATIONAL TECHNOLOGY DAY 2023 - 2024

The Institution's Innovation council of St. Joseph's college of Arts and Science for women, Hosur in association with the Department of Computer Science celebrated National Technology Day on 11th Aug 2023 at Joseph's block seminar hall with 112 students and 15 faculty members celebrated the day.

The program started with a prayer song. Introduction to Technology was given to students. Technology is the application of scientific knowledge to the practical aims of human life. Technological advancement occurs when technologies or applied sciences become more precise, accurate, efficient, or more powerful or capable. Scientific and technological advancements have made many important changes throughout history, some better than others.

Two Videos such as "Top 7 Technology Trends in 2023" and "Top 12 Humanoid Robots in 2023" are played for Students. Students gathered more knowledge about current technology and trends in world. Some students presented their presentation related to Current technology trends in 2023.

Students eagerly watched to videos and PPTs and gained knowledge about technology. Students gave good feedbacks about the programme and they promised to use such technologies in their daily life.

WORLD ENTREPRENEURS' DAY 2023-2024

The Institution's Innovation council of St. Joseph's college of Arts and Science for women, Hosur in association with the Department of Management studies arranged an inspirational competition on quiz.

On 29th Aug 2023 at Joseph's block room.no. 6 with 43 students and 4 faculty members attended the session.

The program started with a prayer song and the chief guest was welcomed by Mrs. C.Magila, Head and Assistant professor in Management studies. Mrs. C.A. Uma, Assistant professor in Management studies introduced the session speaker. The focus of the event was to know about the various events that have been taken place so far in our country.

The resource person then conducted an open ended questionnaire in the Joseph's block room.no.6 to make the students to participate enthusiastically and to enrich their knowledge.

This was followed by a Q and A session where the students asked many questions about the quiz and cleared their doubts. Altogether it was an interactive session with valuable takeaways for all. Mrs. D.Saraswathi, Assistant professor delivered the vote of thanks.

The session concluded with the National Anthem.
