Dear Readers,

It is with much joy and pride we bring you the magazine 2015-2016. Another prosperous academic year has passed by the abundant grace of Almighty. The only way for a person to grow is to involve oneself in various activities. Proving that, this magazine contains spectrum of co-curricular and extracurricular activities of our talented creators. The theme of this issue is "You in Youth" commemorating our honourable former president Dr.A.P.J Abdul Kalam. Kalam is specially attached to students and loved to spend time with them. Kalam says- "Failure will never overtake me if my definition to succeed is strong enough". Motivating youth brings an unbelievable transformation.

The focused vision of Education is to provide one the holistic growth of personality with a strong spiritual foundation. Learning gives creativity; Creativity leads to thinking; Thinking provides knowledge; Knowledge makes you great. Our institution proudly poises the exhibition of the students inculcating academic excellence and other abilities to make them responsible citizens.

We have taken utmost care to present to you the most striking and important activities of the year 2015-2016. It would not have been possible for us to bring out this Annual but for the constant encouragement and support rendered to us by our Secretary Rev. Sr.Pauline Mary, Principal Dr.J.D.Mary Scinthia, Vice-Principal Rev.Sr. Sagaya Mary James, Heads of the departments, Assistant Professors and supporting staff.It is our pleasure to take this opportunity to thank all Authors who have contributed the articles and technicians who have meticulously chosen colours and designed the magazine. We express our sincere gratitude to all those who have helped us in one way or the other.

Chief Editor

Dr. Mary Scinthia, M.Sc., M.Phil., Ph.D.  
Principal

EDITORIAL COMMITTEE

# Secretary's Message

*'I will demonstrate to you the way of wisdom. I will lead you along the paths of equity'-(Proverbs 4: 11)*

It gives me a great pleasure to inform you that the proactive measures taken by our management has ensured that St. Joseph's College of Arts & Science for Women gives its students the best overall education in the most congenial and healthy environment.

Education is the ability to meet life situations. With resistance and diligence, with knowledge and intellect, one can soar to any extent for one's desires. The thrust of education at our college is not only to produce mere degree holders but the bright young women equipped enough to foray into the world with an all around development of personality. Our vision of the institution is to impart quality education in all cores of disciplines of knowledge by developing global leaders who are confident, smart and intelligent.

With best infrastructure, ambience, career counselling and highly enthused qualified teachers we earnestly endeavour to help them in realizing their dreams. I heartily congratulate the students, who have made this year colourful with lots of activities striding with competitive fervour. As you unfold the pages of magazine, I am sure you all will be cheerful. A special appreciation to all the professors and supporting staff who encouraged the students in a right way.

At the culmination of this eventful year, I acknowledge my overwhelming sense of gratitude to the Almighty for his assured accompaniment all along the way. His grace abided us to venture into new paths and surmount all obstacles with effortless ease. I wish everyone all the best in years to come.

May God Bless You All!

Sr. Pauline Mary, M.Sc., M.Phil., B.Ed.,

# Principal's Message

EDUCATION IS THE MOST POWERFUL WEAPON, WHICH YOU CAN USE TO CHANGE THE WORLD - Nelson Mandela

St. Joseph's College of Arts and Science for Women, Hosur, prepares their students to face the challenges of life with an holistic approach, giving a special touch to the various aspects of life and providing them a platform to exhibit their talents and to get well equipped to face the world. "When you educate a girl you educate a nation". It's by the untiring effort of the management and the dedicated Staff we are in continuous process of educating the young women for the past 10 years.

The academic mile stones of the year 2015-16 are. The Maiden National Conference conducted by the Computer Science Department on "Prominent Challenges in Information Technology" – 'PCIT' 15, the department received research papers from different states. The English Department conducted one day state level seminar on "Voice of Feminism in Contemporary Writing."

The college is continuously striving to achieve all round excellence by providing the students all that is needed for academics, sports, cultural, moral, ethical values and placement. The college conducted campus interviews and Job Fair.

THE EDUCATION OF WOMEN IS THE BEST WAY TO SAVE THE ENVIRONMENT — E.O.Wilson

I congratulate the editorial committee, staff and students for bringing out an edition of the magazine 2015-2016.

May The Almighty God Shower His Choicest Blessings On Each One Of Us!

Dr. Mary Scinthia, M.Sc., M.Phil., Ph.D.

## ANNUAL REPORT 2015

"I can do all things through HIM who strengthens me." Philippians 4:13

"The education of women is the best way to save the environment."

Forging ahead in our resolve to scale new heights, St. Joseph's College of Arts and Science for Women strode on ceaselessly in the academic year 2015-2016.

We are really overawed at the realization of God's grace and blessings. His mighty presence was with us at every step we took. Recording the events of the year 2015-2016 for your perusal pleases me.

The aim of tutoring should be to make women self-confident and self-dependent, and to make them sturdy in flesh and mind. The maxim of our college is "Knowledge Purifies and Charity Enhances". The objective of education is to prepare the young women to educate themselves throughout their life.

### RANK HOLDERS:

"Success is not only a result of victory, but a way to destination"

I am cheerful to announce the names of our Josephites, who have gained university ranks from the following departments:

#### B.Com[CA]

Name	Percentage	Rank
Swetha.S	80	7

#### B.B.A[CA]

Name	Percentage	Rank
Mamatha	80	10

#### B.Sc., (Bio-Technology)

## 2015-2016 ஆம் ஆண்டிற்கான இலக்கிய மன்ற துவக்க விழா

தமிழ் இலக்கிய மன்ற துவக்க விழா ஆகஸ்ட் 3-ம் தேதி 2015 ஆம் அண்டு திங்கட்கிழமை காலை 11.00 மணியளவில் தொடங்கி 1.00 மணி வரை நடைப்பெற்றது. இதில் சிறப்பு விருந்தினராக முனைவர். த. தனராசு அவர்கள் பங்கேற்றார். எமது கல்லூரி செயலாளர் பவுலின் மேரி அவர்களும், கல்லூரி முதல்வர் மேரி சிந்தியா அவர்களும், தமிழ்த்துறைத் தலைவி எழிலரசி அவர்களும் மற்றும் பல பேராசிரியர்களும், மாணவ மணிகளும் கலந்துக் கொள்ள விழா இனிதே தொடங்கியது.

முதலில் எல்லாம் வல்ல இறைவனின் ஆசியுடன் தொடங்கிய இந்நிகழ்ச்சிக்கு கடவுள் வாழ்த்து பாடப்பட்டது. பின்பு குத்து விளக்கு ஏற்றப்பட்டது. நிகழ்ச்சியின் அடுத்ததாக ஆங்கிலத் துறை இரண்டாம் ஆண்டு மாணவி முகமதி அவர்கள் வரவேற்புரை வழங்கினார். மெய்ப்பொருள் நாயனார் கதையை நாடகமாக எம் கல்லூரி நாடகக் குழு மாணவிகள் சிறப்பு விருந்தினர் அவர்கள் முன்னிலையில் நடித்துக் காட்டினார். பின்னர் ஆங்கிலத் துறை இரண்டாமாண்டு மாணவி இளமதி அவர்கள் பெண்ணின் பெருமைகுறித்து சொற்பொழிவாற்றினார். அடுத்தது ஆங்கிலத் துறை இரண்டாமாண்டு மாணவி விஜிதா அவர்கள் அப்துல்கலாம் பற்றி சொற்பொழிவாற்றினார்.

சிறப்பு விருந்தினர். த.தனராசு அவர்கள் இலக்கியத்தை பற்றியும், ஒரு நாளில் ஒருவரையாவது ஒரு முறை புகழ்ந்து பேச வேண்டும் என்றும் மிகவும் அழகாக எடுத்துக் கூறினார். மேலும் சிறப்பு விருந்தினர் அவர்கள் நேரத்தை வீணாக்காது அதை சரியான முறையில் பயன்படுத்திக் கொள்ள வேண்டும் என்றும் கூறினார்.

மேலும் அவர் தாயிற் சிறந்ததோர் கோயிலும் இல்லை என்று கூறி தாயை விட சிறந்தது எதுவும் இல்லை என சொல்லி மிக அழகாக தன் உரையை முடித்தார்.

நிகழ்ச்சியின் அடுத்ததாக சென்ற ஆண்டிற்கான அறிக்கை வாசிக்கப்பட்டது.

இறுதியாக உயிர்த்தொழில் நுட்பவியல் முதலாமாண்டு மாணவி பிரவீனா நன்றியுரை நவில நாட்டுப் பண்ணுடன் நிகழ்ச்சி இனிதே நிறைவேறியது.

### கல்லூரி உள்துறை போட்டிகள் 2015-2016

தமிழ் இலக்கிய மன்றத்தின் சார்பாக மாணவிகளுக்கு பேச்சுப்போட்டி, கவிதைப் போட்டி, கட்டுரைப் போட்டி நடத்தப்பட்டது.

புரட்சிக் கவிஞர் பாரதிதாசன் என்ற தலைப்பில் பேச்சுப் போட்டி நடத்தப் பட்டது.

திருவள்ளுவமும் திருக்குறளும் என்ற தலைப்பில் கட்டுரைப் போட்டி நடத்தப்பட்டது.

இது மட்டும் அல்லாமல் பல்வேறு கல்லூரிகளில் நடைப்பெற்ற போட்டிகளிலும், மாணவிகள் பங்கேற்று சான்றிதழ்களை பெற்றுள்ளனர்.

### பேச்சுப்போட்டி

1. முதல் பரிசு	S. ஆர்த்தீஸ்வரி	II B.Sc., Bio Technology
2. இரண்டாம் பரிசு	P. விஜிதா	II B.A., English
3. மூன்றாம் பரிசு	ரூபா	I B.Sc., Physics

### கட்டுரைப் போட்டி

1. முதல் பரிசு	P. விஜிதா	II B.A., English
2. இரண்டாம் பரிசு	S. ஆர்த்தீஸ்வரி	II B.Sc., Bio Technology

இவ்வாறாக போட்டிகள் இனிதே நிறைவுப் பெற்றது.

துறைத் தலைவர்  
முனைவர். திருமதி. பு.எழிலரசி.

## DEPARTMENT OF ENGLISH

*'For the Lord gives wisdom, and from his mouth comes knowledge and understanding'. (Proverbs 2:6)*

Literature can be applied to imaginative works of poetry and prose bringing the aesthetic excellence of authors' execution. Walter Pater, a critic refers the artistic literature as fact in its infinitely varied forms.

The College Union Election was held on 10<sup>th</sup> July 2015. Ms. Heena Fathima. F and Ms. Keerthana. G of III BA English were elected as Cultural Secretary and Sports Secretary respectively. The inauguration of Eliot Literary Club and Shakespeare Drama Club was held on 7<sup>th</sup> August 2015, a further approach to English language apart from academic efforts. Dr.Govind Raj M.A., M.phil., PhD., Prof and Head, Department of English, Sri Vidhya Mandir College of Arts and Science, Katteri, Uthangarai presided over the function as the Guest of honour. He delivered a lecture on acquiring LSRW skills and gave innovative ideas. Dr.K.Lavanya, Prof and Head, Department of English welcomed the gathering. Shakespeare Drama club presented the skit 'The School for Scandal' and a scene from Othello.

Eliot literary club and Shakespeare drama club encouraged the students of all departments by conducting various competitions like Poem Recitation, Tongue Twisters, Spell Bee and Storytelling through PPT in the Literary Week which was held from 7<sup>th</sup> to 11<sup>th</sup> September 2015.

Dr.K.Lavanya, Prof and Head, Department of English addressed the out gone students in the inaugural of Alumni Association on 17<sup>th</sup> October 2015. Ms.Kavitha.K, Asst. Prof of English participated in Placement faculty training in Mysore INFOSYS from 30<sup>th</sup> November to 8<sup>th</sup> December 2015.

Ms. Somiyajayaranjini secured University 9<sup>th</sup> rank in M.A English.Shakespeare drama club enacted the 'Birth of Jesus Christ' for Christmas day celebration and 'The Merchant of Venice' for College Day.

The department feels proud of hosting a state level seminar titled 'Voice of Feminism in Contemporary Writing' on 12<sup>th</sup> February 2016. Dr. K.Mangayarkarasi, Asst.Prof in English, GAC, Bargur was the chief guest. Dr. C.Govindaraj, Associate Prof, Periyar University PG Extension Centre, Dharmapuri and Mr.K.Charles Godwin, HOD, Silicon City College, Bangalore were the Keynote speakers. Selected papers were also published in a book with ISBN code.

Few students were recruited in Asrif English Academy, HGS and Indian School for Science and Management.I take this opportunity to thank Almighty, our Secretary Rev.Sr.Pauline Mary, our Principal, Dr.Mary Scinthia, Our Vice- Principal, Rev.Sr.Sagaya Mary James and the staff members for their blessings, guidance, co-operation and constant support.

*'Literature is the art of discovering something extraordinary about ordinary people, and saying with ordinary words something extraordinary.'* – Boris Pasternak.

Dr. K. Lavanya, M.A., M.Phil., Ph.D  
Head, Department of English

## DEPARTMENT OF BUSINESS ADMINISTRATION

*'If you really want the key to success, start by doing the opposite of what everyone else is doing'.*

The association of business administration feels honoured to present the report of the academic year 2015-2016. The inauguration of our college union was held on July 17th 2015. Ms. Fathima of III BBA CA was appointed as president and S.K. Ayesha Shafiulla of II BBA CA was appointed as secretary of the management department.

On 3<sup>rd</sup> September, the business administration association meet named 'KAIZEN' was inaugurated by Dr. A. Ravi Qualified in B.pharm, MBA, M.phil, PhD, principal of Reddy Janasangan Management College.

He presented a valuable lecture on marketing and career opportunities and also encouraged our students to improve their career plans. Ms. S. Sabah Usmani of III BBA CA presented paper on 'Stress Management'. S.K. Ayesha Shafiulla and Samiksha. J of II BBA CA presented a paper on 'Time Management'.

The Final year students conducted management games for I and II year students. The students of I BBA CA enacted a Mime on 'Hazards of Mobile'. A cultural week was organized by our college during September 2015, where our students won prizes in various events like solo dance and mime.

Final year students went on a tour to Kerala from 28th September to 2nd October.

### SPORTS ACHIEVEMENTS

Our students won university 1st place in Kho-Kho held on 3rd and 4th September in Vidhya Mandir College, Uthangarai.

Our students participated in Athletic Meet held on 6th, 7th and 8th October in M.G.R College, Hosur.

C.P. Jayasheela of I BBA CA won individual championship trophy in College Sports Day on 19th February 2016. Our students also won prizes in 800 mts, 1500 mts and 400 Relay.

### INTER-COLLEGIATE EVENTS

20 students participated and won prizes in Management Meet Shape 2016 held on 10<sup>th</sup> February 2016 in Sacred Heart College, Tirupattur.

## PROJECT AND PLACEMENT ACHIEVEMENTS

- Final year students were benefitted with their internship projects in various companies.
- II BBA CA students attended Inplant Training for 15 days, gaining good experience.
- Job fair was conducted in our campus in which 8 students were placed in ISSM, HGS, MPHASIS, INFOSYS, TECH MAHINDRA.

## ACADEMIC ACHIEVEMENT

K. Mamatha secured 10th University Rank for the academic year 2014-2015.

Finally I thank our Secretary Rev.Sr.Pauline Mary, our Principal, Dr.Mary Scinthia, Our Vice-Principal, Rev.Sr.Sagaya Mary James and the staff members who have guided us and helped us to achieve success throughout this year. I hope it will be still more improved in the coming years.

*'Success with negative attitude is called luck*

*Success with positive attitude is called achievement'*

Mrs. C. Magila, MBA., M.Com.,  
Head, Dept of Business Administration

## DEPARTMENT OF COMMERCE

It's not about ideas. It's about making ideas happen' – Scott Belsky

The Department of Commerce aims to nurture the students with high level of knowledge and competence to effectively contribute to the society with commitment and integrity. The department has offered wide opportunities to the students to bring out their innate talents through various activities conducted throughout the year. With great pleasure, I present the activities conducted by the department for the academic year 2015-16.

The Commerce Association 'COMMERCIO-2015' was inaugurated on 2<sup>nd</sup> September 2015 by Mr. V. Nagarajan, Head, HR, TAB INDIA Pvt. Ltd. 10 students presented papers on the topics Skill Matrix and Leadership, Future of E-Commerce in India, Smart Cities, Time Management and Make in India. The session continued the next day where 24 students presented papers on various interesting topics. Business quiz was conducted and a drama also was played on the same day.

A workshop was conducted by Ms. Shambavi Dixit, Interior designer, SEAT company, Bangalore on the topic 'office layout' from 3<sup>rd</sup> to 5<sup>th</sup> August 2015.

Our students actively participated in various events conducted by other colleges and won many prizes.

On 1<sup>st</sup> September 2015, Ms. Ruhitha Parwesh along with 10 students attended a seminar on the topic 'Financial Management' at Jyoti Nivas College, Bangalore.

On 16<sup>th</sup> October 2015, Ms. Sindhu Joy and Ms. Ruhitha Parwesh along with 36 students attended a seminar on "Quantum leap in IT-2020-Beyond Digital Life Shift" in Jyoti Nivas College, Bangalore.

Various interdepartmental competitions like Journalism, Mock-Ad, Best Manager, B-Plan, Costume Designing, Product Launch, Debate and St. Joseph's VJ were conducted from 18<sup>th</sup> December to 22<sup>nd</sup> December, 2015. Students from all the departments participated and won prizes.

On 11<sup>th</sup>, 12<sup>th</sup> and 13<sup>th</sup> January 2016, 20 students participated in the inter-collegiate competitions conducted by Atma College, Bangalore. Students won prizes in events like face painting, Business Plan, Debate, drama, fashion show, group dance and flash dance.

On 31<sup>st</sup> January, 2016, Veeragowramma. M and Vimala.M of III B.Com (CA) individually participated and won first prize in events called Team Katta, weapon Katta and Kumittee in National and South Indian level competitions.

On 16<sup>th</sup> February, 2016, Sacred Heart College, Tirupattur conducted various competitions like Best Manager, Product Launch, Mime, Quiz and group discussion. Our students participated and won many prizes.

On February 19, 2016, Ms. Kavyasree of II M.Com presented and published a paper on 'Empowering Women through microfinance' in Ganesh College, Salem.

On 1<sup>st</sup> March 2016, a special issue of the newspaper 'The Hindu' covering the union budget was distributed to all the students of the dept.

I am very glad to inform that 23 of our final year students have been placed in various companies. 6 students in Infosys, 3 in WIPRO, 2 in TCS, 5 in Mphasis, 1 in ASHRIF, 5 IN ISSM and 1 in ISSA have been selected.

Our department staff members Mrs. Reena Raj, Mrs. Viyani Jenita Mary, Mrs. S. Kavitha and Mrs. Subbulakshmi have presented and published papers on various topics. Mrs. Reena Raj and Mrs. T. Vanitha attended a workshop in Jyoti Nivas College of 'Financial Statement Analysis' in November 2015.

I thank the God Almighty for his providence and blessings throughout this year. I sincerely thank our secretary Rev. Sr. Pauline Mary, our principal Dr. Mary Scinthia and our vice principal Sr. Sagaya Mary James for their continuous support and advice. I also thank the members of the staff and our dear students for their kind co-operation.

Mrs. Reena Raj, M.Com., M.Phil.,  
Head, Dept. of Commerce.

## DEPARTMENT OF BIOTECHNOLOGY

*"I will instruct you and teach you in the way you should go, I will guide you with my eye" (Psalms 32 :8)*

On 25<sup>th</sup> Aug 2015, Biotech association meet was conducted. Dr.Nedhirojan, Assistant Professor, Department of Biotechnology, MGR college, Hosur was the chief guest. He delivered the guest lecture on PCR.

Sharathi H.S. of III B.sc Biotechnology presented a paper on "Scope of Life Science in small scale industries" on the same day.

Periyar university rank list was announced on 31.08.2015.The following students from the department got the university ranks.

Jensiya.C	secured	4 <sup>th</sup> rank
Sudharani.G	secured	8 <sup>th</sup> rank
Bharathi.V.	secured	10 <sup>th</sup> rank

WIPRO placement program was held in our college on 4<sup>th</sup> December 2015. Sharadhi H.S. of III Biotechnology was placed in WIPRO.

12 Students attended the placement program conducted by Vee-technologies at Periyar University, Salem on 19<sup>th</sup> and 20<sup>th</sup> December 2015. Sowmya.S, Dhanalakshmi.M and Geetha.S were selected.

On 4.1.2016, 9 students attended the interview conducted by Infosys. Geetha.S and Sharadhi H.S were placed.

Biotech Expo was held for two days from 11.1.2016 to 12.1.2016. Innovative models and vegetable carving were done by the department students.

Interdepartmental competitions were also organized. Competitions like Quiz, Debate, Rapid fire, Jam and elocution were conducted.

Mphasis International placement Program was held on 21.1.2016, at MGR college of Arts and science where Geetha.S and Aswini.G were placed. Job fair was held in our college on 27.02.2015. Kavya.P, Thasmiya Shafin.N and Sharadha.N were placed in AEA. Dhanalakshmi.M, Sidiha.C, Gowramma.B, Aruna.S, Kokila.S and Mohana.S were placed in Tropica seeds.

On 18<sup>th</sup> February, Mrs. Margret Kanimozhi, Head of the department of Biotechnology and Mrs. Ramya, Assistant professor along with 63 students attended the National seminar which was conducted at MGR College, Hosur.

As I look back to the years gone by, I find ultimate satisfaction by the development of our Biotech students. I am really proud to state that our students had reached a higher level over the past few years.

I would like to conclude by expressing my gratitude to the Almighty, heartfelt thanks to our Secretary Sr. Pauline Mary, our Principal Dr. Mary Scinthia, our Vice Principal Sr. Sagaya Mary James and the staff of our department.

Mrs. Margret Kanimozhi, M.Sc., M.Phil.,  
Head, Department of Biotechnology

## DEPARTMENT OF COMPUTER SCIENCE

*Thy word is a lamp unto my feet, and a light unto my path. (Psalm 119:105)*

The department of Computer Science not only prepares students for graduate training but also demonstrates proficiency, a breadth and depth of knowledge in co curricular activities. Inaugural of Computer science association-COMSTA'15 was conducted on 18.08.2016 and the chief guest was Mrs. Ramya S. Gowda MS., MBA., PGDID., (Ph.D). NS3 workshop classes were held in the College of Adhiyamaan College of Engineering on 27.06.2015 to 28.06.15, where 20 students participated from our college.

Ms. Deepika M.Sc (CS)., outgone student conducted a seminar class for BCA and B.Sc (CS) of final years on regarding android and eclipse, based on their projects, on the date 01.07.2015. Students of St. Joseph's College of Arts & Science for Women attended law meeting on 14.07.2015 conducted by Commerce Department HOD Mrs. Reena Raj, M.Com., M.Phil. S. Shruthi of III BCA participated in Bharathidasan Kavithai competition and got consolation cash prize of Rs. 1,500 on 18.07.2015 at R.K. Mall, Hosur.

Christ University, Bangalore, conducted various events on 10<sup>th</sup> and 11<sup>th</sup> August 2015. The students of CS department participated in the events. Gonzaga College of Arts & Science for women, Krishnagiri, conducted a cultural competition on 14<sup>th</sup> August 2015. The students of computer science department participated in the events and won the prizes. They got third prize in mime, 1<sup>st</sup> prize in hairdo and 3<sup>rd</sup> prize in foot note.

“Go down deep enough into anything and you will find Mathematics”  
 “The study of Mathematics, like the Nile, begins in Minuteness but ends in Magnificence”

I thank the Lord Almighty for showering his blessings upon us throughout this academic year. I express my sincere gratitude to our respected Secretary Rev.Sr.Pauline Mary and our beloved Principal Dr.Mary Scinthia and Vice Principal Sr.Sagaya Mary James for their continuous support. I also thank our department staff members and students for their kind support and co-operation in uplifting the department.

Mrs. R. Agnes Vanitha M.Sc.,M.Phil.,B.Ed,  
 Head, Department of Mathematics

## DEPARTMENT OF PHYSICS

*'Not everything that counts can be counted and not everything that can be counted counts'. – Albert Einstein*

I feel honoured to present the report of our association for the academic year 2015-2016. Reshma. M of I B.Sc Physics was elected as President and Gajalakshmi.C of I B.Sc Physics as secretary of our association respectively. Roopa.R of I B.Sc., Physics got III prize in Bharathidasan poetry competition conducted by Murasoli Arakattalai.

In cultural, our students secured II prize in group dance and Tamilselvi.M of I B.Sc., Physics got I place in solo singing. In Bio-tech Expo, conducted by department of Biotechnology on 12- January 2016, Reshma.M and Abinaya.S of I B.Sc., Physics won I prize in quiz and rapid fire.

The department of Physics conducted Science carnival on 29<sup>th</sup> January 2016, which included paper presentations, Models and Chart presentations.

S.No	Name	Year	Event	Prize
1.	Reshma.M	I	Paper presentation	II
2.	Reshma.M	I	Models	III
3.	Shilpa.S	I	Chart presentation	III

I thank the Almighty for showering his blessings upon us throughout this academic year. I express my sincere gratitude to our Secretary Rev.Sr.Pauline Mary, our Principal, Dr.Mary Scinthia, Our Vice- Principal, Rev.Sr.Sagaya Mary James, the staff members and students for their kind co-operation and encouragement.

*'There is nothing special in the world, nothing magic, just physics'. – Chuck Palahnick*

Mrs.M.Rashmi,M.Sc.,M.Phil., B.Ed.,  
Head, Department of Physics.

## PLACEMENT CELL

*"Any fact facing us is not as important as our attitude toward it, for that determines our success or failure"- Norman Vincent Peale*

The placement cell of our college not only enhances the employability skills of students but also the overall development of their personality. On-Campus recruitments and pre-placement training programmes through Aptitude tests, Group Discussion, Interviews are conducted in association with four specially trained communicative staff. Mock Interviews and GD's are conducted on regular basis to equip the final years to face the recruitment.

They are motivated to accept the challenges of present competitive scenario. Their strengths and weaknesses are evaluated focusing on the strategies of improvement. Job Searching can be a long and challenging but ultimately rewarding process. Students are guided in the way that they are placed before they step out of the college. With pleasure, I bring here the placement cell activities of 2015-2016.

On October 6<sup>th</sup> 2015, Mrs.K.Ramya, Asst. Prof of Biotech department conducted the placement training classes for the final year students on the topic how to choose a career.

On October 9<sup>th</sup> 2015, Mrs. Umarani Nandagopal from Terex Company delivered a guest lecture about interview skills for the final year students.

From 23<sup>rd</sup> to 25<sup>th</sup> December 2015 communicative English staff gave a training program for the final year students of Maths and Biotech students.

From 26<sup>th</sup> to 28<sup>th</sup> December 2015, communicative staff trained final year commerce department students.

From 1<sup>st</sup> to 3<sup>rd</sup> December 2015, communicative staff trained final years of BCA and Bsc(CS) students.

On 4<sup>th</sup> December 2015, Wipro from Bangalore conducted campus drive at our college campus out of 70 students, 6 got placed.

On 16<sup>th</sup> December 2015, students attended Infosys IT campus at M.G.R. College. One has got selected.

On 19<sup>th</sup> December 2015, Vee technology from Bangalore conducted campus drive at Periyar University Salem. In that 11 students participated and 5 got placed.

On 4<sup>th</sup> January 2016, Infosys BPO conducted campus drive at M.G.R College. Among 70 students 17 students got placed.

On 21<sup>st</sup> January 2015, 70 final years attended Mphasis interview at M.G.R. College where 14 students got placed.

On 20<sup>th</sup> February 2016, TCS company conducted campus drive at our campus. Two got selected.

On 26<sup>th</sup> February 2016, Mrs. Asha Prabhakaran from TIMES delivered a guest lecture for three hours on the topic of "How to face Interview".

On 27<sup>th</sup> February 2016, JOB FAIR 2016 was conducted at our campus. Four companies like HGS, ISSM, AEA, and Tropica seeds took part and 270 final year students participated. Out of 270 students, 59 students got placed.

Mrs. K. Ramya, M.Sc., B.Ed (Biotech)

Mrs. S.Elamathi M.Sc., M.Phil., B.Ed (Maths)

Mrs. C.A.Uma, MBA(BBA-CA)

Ms. L.Vidhyapriya M.A., B.Ed (English)

Mrs. M.Subbulakshmi M.Com., M.Phil (Commerce)

Mrs. P. Suhasini, MCA., MPhil (Comp.Sci)

PLACEMENT COMMITTEE

## SPORTS REPORT

Our college students participated in the Marathon conducted by Periyar University, Salem on 10<sup>th</sup> August 2015.

On 20<sup>th</sup> and 21<sup>st</sup> August 2015, our college students participated in Badminton competition conducted by Periyar University at K.S.R College of Arts and Science, Thiruchengodu.

Our Kho-Kho team participated in the Kho-Kho match conducted by Periyar University at Sri Vidya Mandir Arts and Science College, Uthangarai on 3<sup>rd</sup> August 2015 and 4<sup>th</sup> August 2015 and won 1<sup>st</sup> place and our college team was announced as Periyar University winners. The team members are:

## NATIONAL SERVICE SCHEME (NSS)

The NSS activity for the academic year 2015-16 began on 22.06.2015, by celebrating The International Yoga Day with 200 students, under the guidance of the program officers Mrs. Pavana Swetha and Mrs. E. Kavitha. Mrs. Viyani Jenita Mary of Commerce department presided over the program as the chief guest.

On 31.07.2015, a Blood Donation Camp was conducted by the Government hospital, Hosur in our campus in which there were 70 donors. On 27.08.2015, fifty tree saplings were planted in the college campus by the NSS students in order to pay tribute to DR.A.P.J.Abdul Kalam. The saplings were donated by the forest department, Mathigiri.

On 10.09.2015, an awareness program on Dengue fever was arranged for 500 students in the college. Dr. Saravanan from ESI hospital was the chief guest. On 01.10.2015 the Election Commission conducted a Signature Campaign under the head of Krishnagiri District Collector Mr. Rajesh IAS. Three hundred students participated in the campaign.

On 15.10.2015, a Youth Awakening program was conducted in remembrance of Dr. A.P.J. Abdul Kalam's birthday. Our honourable Secretary Rev.Sr. Pauline Mary and our respected principal Dr. Mary Scinthia were the guests of honour. Mrs. Ezhilarasi, head, dept of Tamil, Ms. Ghayathri, Asst.Prof of English department and Mrs. Elamathi of II B.A. English delivered speech. Around 200 students participated in the program.

On 18.11.2015, an awareness program on Dengue Fever was conducted by the Sanitary Inspector, councilor, and the Municipal Commissioner of Hosur. All the students and staff members were given the Neem Potion in order to prevent Dengue. The Constitution Day was observed on 26.11.2015 in order to recognize the excellence of DR.B.R. Ambedkar. Our respected principal Dr. Mary Scinthia presided over the program as the chief guest. Mrs. Viyani Jenita Mary, Asst.Prof of Commerce department and Ms. Kavitha, Asst.Prof of English department delivered speech and shared information about the constitution of India. C. Archana, P. Nivetha and Abarna Preethi.V of II B.A English also shared few facts about the constitution. The Preamble to the constitution was also read by the students.

On 03.12.2015, International Day of Persons with Disabilities was observed. Twenty five NSS students along with the program officers, Mrs. E. Kavitha and Ms. M. Ghayathri visited the disabled children in government girls' higher secondary school, Hosur and spent time with them. The disabled children were also given gifts on behalf of our college. On 17.12.2015 the campus was cleaned by hundred NSS students under the guidance of Mrs.E.Kavitha. On 12.01.2016, the 153<sup>rd</sup> birth anniversary of Swami Vivekananda was commemorated under the head of our respected principal Dr. Mary Scinthia. All the students and staff paid floral tribute to the portrait of Swami Vivekananda.

Mrs. Hemalatha from the department of Tamil, and Ms. Somiyajayaranjini from the department of English delivered speech to awaken the ignited minds. Moreover, a pledge on National Integrity and Communal Harmony was taken by the students and staff. On 13.01.2016, twenty five NSS students participated in HOSUR BHOGLI – an initial drive to accomplish Clean Hosur. The students were guided by the program officers Mrs. E. Kavitha and Ms. M. Ghayathri

On account of the Voters' Day, pledge was taken on 25.01.2016 by our college students and staff to promote the importance of voting. On 26.01.2016, in the Republic Day celebration that was organized in Andhivadi Stadium, Hosur, the students who participated in HOSUR BHOGLI were rewarded by our honorable sub-collector Dr. K. Senthil raj IAS. Our college was also rewarded with a shield for our support. In the month of February The Cancer Awareness Day was observed on 04.02.2016. an awareness rally was organized by our respected sub-collector Dr.K.Senthilraj IAS and the Indian Medical Association. Around 150 NSS Students participated in the rally and the awareness program conducted by the doctors of Government Hospital, Hosur.

On 09.02.2016, two students were given training for online enrolment of voter ID in Taluk Office. On 18.02.2016, around 70 students enrolled their names for voter ID using the online registration forms.

## **SPECIAL CAMP**

The NSS Special Camp for the Academic year was organized in the village named, Shanthapuram, Elasagiri from 07.03.2016 to 12.03.2016, under the theme HEALTHY YOUTH FOR HEALTHY INDIA. Hundred NSS students took part in the camp.

On 07.03.2015 the camp was inaugurated by our honourable principal Dr. Mary Scinthia in Golden Star Vidhyalaya Matriculation School, Elasagiri

Everyday from 9.30 am to 1.00 pm the students involved themselves in the field work.

On 08.03.2016 an awareness program on women empowerment was conducted. Ms. Radha, social activist was the guest of honour who shared her views on women education and empowerment.

On 09.03.2016 an Eye Camp was conducted by Agarwal Eye Hospital, Hosur for the villagers.

On 10.03.2016, an awareness program was conducted on Health and Hygiene. Mrs. Sumathi, medical councillor from Government Hospital was the chief guest.

On 11.03.2015 yoga class was conducted by Mrs. Vyani Jenita Mary to strengthen the mind and body of the students.

On 12.03.2016 Tree Plantation Program was organized by JCI, Hosur. Moreover, that afternoon a SVEEP activity was also conducted by Mr. Krishna Moorthi (Deputy Thasildar), Mr. Senthilkumar (Revenue Inspector), Mr. Thimmarayan (Hosur town V.A.O), Mr. Rajkumar (V.A.O, Shanthapuram) and Ms. Radha (Social Activist).

*Mrs. S. Pavana Swetha , M.Sc.,M.Phil, B.Ed (Maths)*

*Mrs. E. Kavitha M.A. M.Phil (Tamil)*

*Ms.M.Ghayathri. M.A(English)*

NSS Programme Officers

## YOUTH RED CROSS (YRC)

Along with NSS and RRC, Youth Red Cross actively organised Blood donation camp, Tree plantation, Session of awareness for Dengue Fever, Celebration of Dr. A.P.J.Abdul Kalam, Constitution day, Campus cleaning, celebration of Swami Vivekananda's Birthday Anniversary, Signature Campaign for Voter ID, Voters' day, Cancer Awareness Rally, HOSUR BHOGLI – an initial drive to accomplish Clean Hosur. YRC conducted Elocution competition on title "Information Technology – a boon or bane?" in English and Tamil on 3<sup>rd</sup> September 2015. The winners are

### English

I Prize– Dilshad. B- III B.Sc Maths

II Prize– Lavanya. M- I M.A Eng

III Prize– Lamp Florence- I Biotech

### Tamil

I Prize– P. Pavithra

II Prize– M.Pushpa

III Prize– M.Deepa

*Mrs. S. Akila MCA., MPhil (Comp.Sci)*

*Mrs. P.Suhasini, MCA., MPhil (Comp.Sci)*

YRC Programme Officers

## RED RIBBON CLUB (RRC)

Along with NSS and YRC, Red Ribbon Club actively organised Blood donation camp, Tree plantation, Session of awareness for Dengue Fever, Celebration of Dr. A.P.J. Abdul Kalam, Constitution day, Campus cleaning, Signature Campaign for Voter ID, celebration of Swami Vivekananda's Birthday Anniversary, Voters' day, Cancer Awareness Rally, HOSUR BHOGI – an initial drive to accomplish Clean Hosur.

RRC organized a waste model exhibition on 'AIDS Awareness' on 10.08.2015, where the students displayed their creative models.

*Mrs. A. Amuthalakshmi M.Sc., M.Phil., B.Ed (Maths)*

*RRC Programme Officer*

## LIBRARY

Libraries are a store house of knowledge and books hold the key to wisdom. Reaching out to all forms of print media, the library is adequately stocked to cater to the need of the staff, students and research scholars. The library has rich resource of fresh arrivals & rare old ones. The open access system along with the helpful support of staff ensures higher circulation. This year 1000 books were added to the library Access which is highly beneficial to students. St. Joseph's College Library is handsomely stocked to support teaching, research and learning endeavours of the faculty, scholars and students. The library is proud to have annexed 5500 books and 100 journals in the academic year 2015-2016.

*Mrs. Eswari Bai, M.L.I.S., Librarian*

*Mrs. Amala Pushpam, Asst. Librarian*

## WOMEN'S CELL

Women's cell organized a programme on women's day (08-03-2016) creating an awareness on "Present day Problem of Women". Dr. Kavitha Senthil MD, DGO Gunam Super Speciality Hospital, Hosur, Mr. Mukesh Kumar GM Gunam, Mr. Thilak Rishi, Senior Executive and Mr. Prasanth Raj, Gunam Hospital were the dignitaries of the day.

Dr. Kavitha Senthil MD, DGO Gunam Hospital was the chief guest. Mr. Mukesh Kumar GM Gunam Hospital introduced the chief guest. The chief guest Dr. Kavitha Senthil presented a power point presentation on present day problems of women. It was followed by the question session by the students where the chief guests answered the best possible solutions to the young women.

## Kalam – The Youth Icon

*"If you want to shine like a sun, First burn like a sun." – A.P.J. Abdul Kalam.*

Dr. A.P.J. Abdul Kalam an eminent Scientist, President and Teacher is the youth icon. He always inspires students by his speech and teaching. He is always admired for his simplicity. He visualized India to be developed nation by 2020. He believed that the future of India lies in the young minds. He insisted children to dream big and work hard to reach their dreams.

The young generation has a bigger responsibility in realizing and fulfilling the dreams of Dr.Kalam. The youth should strive hard to make his vision come true. To be a developed nation in 2020 Dr.Kalam realized that India has to be transformed in five areas where it has core competencies . The five areas are,

- Agriculture and food processing
- Education and health care
- Information and Communication technology
- Infrastructure development
- Self-reliance in critical technologies

Dr.Kalam also believed that the participation of youth in politics will build a brand of integrity, honesty, value system, courage, commitment and responsibility around them. Dr.Kalam mentions specific points when speaking about the role of the youth.

He insists that youth should have clear picture of what they want to become in life—a clear aim and a well defined destination.

After setting the destination the youth should work hard for each the destination with out deviation.

He believes that there is no substitute for hard work.

He advises the youth not to get discouraged by failures.

He wants every one to give their best to the profession that they have chosen.

By following these points the youth can definitely achieve their goal and help our nation to achieve the status of developed country.

Dr.Kalam's biggest hope had always been on the strength of young minds. He spent most of his time teaching, discussing and communicating with students. He loved children. He has written many inspiring books for the young minds. He wanted India to achieve power and strength in all the fields, so that India can achieve equal status as other nations.

His books, speeches, research, inventions and teachings always focused on the development of India as a whole. Dr.Kalam has framed an oath for the students and youth. It goes like this,

I realize that small aim is crime. I will have a great goal in my life and work hard to achieve the goal. I will acquire the knowledge continuously. I will Sweat, Sweat, Sweat. I will preserve to achieve the goal.

I will work with integrity and succeed with integrity.

I will be a good member of my family, a good member of the society, a good member of my state, a good member of the nation and a good member of the world.

I will always try to save or better some one's life, with out any discrimination of caste, creed, language religion or state. Wherever I am, a thought will always come to my mind. That is "What can I do for you". I will never get addicted to liquor, smoking and gambling. I will always try to retrieve at least 5 people from addiction and help them to lead a quality of life.

I will always remember the importance of time. My motto will be "Let not my winged days, be spent in vain".

I will plant at least 5 trees in my neighborhood and grow. I will always work for making my village clean, city clean and state clean so that my earth will be clean and green.

As a youth of my nation, I will work and work with courage to achieve success in all my tasks and enjoy the success of others.

I am as young as my faith and as old as my doubt. Hence, I will light up then, the lamp of faith in my heart .

My National Flag flies is in my heart and I will bring glory to my state and my nation.

This is the oath which Dr.Kalam wanted every youth to take in their life and follow all of it in their life. Our country has not seen such a great personality who had such great visions. He will live in thoughts of all the people. We can not find any one who can achieve his place. He is a person loved by all the people of India. We can show our respect to this great man by following the path which he has shown us. That path will certainly lead us towards individual growth and the growth of the nation as well.

As Dr. Kalam said, every one must Dream Dream Dream. Dreams transform into thoughts and thoughts result in action Jai Hind!

Mrs. V. Niranjana

Asst. Professor, Dept. of Computer Science.

## **YOUTH IS THE GIFT OF NATURE, BUT AGE IS A WORK OF ART**

Youth today is an over-civilized living creature on the earth. They have the evolution process which undergoes continuously at every segment of life. Our youth have also evolved much ahead of the imagination. They have incorporated both the best and worst to a very high extent. The gallop that the youth has taken in moulding and modifying their lifestyle is much beyond the imagination of an average human being. At present, the youth are the stepping stones of future world. There are many positive points to be appreciated and encouraged. Our youngsters definitely have the warmth in their blood which ignites them to gear up and succeed in every possible attempt they make. And they demand in attention and encouragement.

Our youngsters have firm determination, which gives them stamina and immense courage to accomplish their target on time with utmost perfection. If we closely visualize their dedication and sincerity towards the society, it almost increases day-by-day. The young generation has very good capacity to withstand the stressful situations. They can easily manage any and every circumstances in a rewarding manner. Gender is no bar to the withstanding ability. Everyone is equally tested and treated in the world of employment and performance. The parameters are very competitively met by our charming youngsters.

"The youth of a nation are the trustees of posterity"

At present, youth are very much eager to serve their nation till the last breath of their life. Every youngster gets heated up when the situation arises to defend his/her motherland. Everyone performs and devotes their part in the best possible way to serve their nation. They have practical approach and they foresee their life in the same way. They have the talent of accepting the fact and actuality of the life. Today's youth is well prepared to face the worst and they get themselves well equipped before-hand to face the situation effectively and efficiently. Our young generation is well matured and analyses the situations with a balanced state of mind to reach the best possible resolution for any concern without any bias. They don't rush with the solution in any stress and take the required time to reach a firm decision.

The youngsters are well aware of the balancing equations of life. The general IQ and the social awareness make them help in the upliftment of the rural segments of the world. They plan and promote the development of the under developed nations. The gender bias is removed from the society due to the socializing nature of the youth.

"Youth is the pollen, that blows through the sky, and does not ask why."

Our young generation is tech-savvy. They can complete every task in a click. The cyber world has given them a life of ease and comfort. The tech-savvy youth has lost the values of physical exercise and they are landing into a poor health condition in tender age. They have completely become dependent on the technology. Instead of human operating the systems, the technology is handling and controlling the present day youth.

Society definitely plays a very important role in shaping and reincarnation of the youth. But our society also lacks the moral values and everyone has become egoistic and self-centered. Nobody cares to appreciate any good values in their vicinity. Everyone is busy in portraying their false face up. With such unmotivated surrounding, our youth is definitely having a sinking heart and downfall in their progress. The youth definitely needs attention and appreciation.

"Youth is like the clay in the hands of the sculptor."

Our youth should be moulded carefully and tactfully. All that we need is the encouraging society who could uplift the young generation and create a better tomorrow.

Ms. R. Somiyajayaranjini,  
Asst.Prof,Department of English

# **"EDUCATION IS THE MOST POWERFUL WEAPON WHICH YOU CAN USE TO CHANGE THE WORLD."**

**-NELSON MANDELA**

College life is a packed thought of great expectations. There is a nerve of optimism monopolizing the brainpower of the students as they set their foot into their most awaited day of their life. What is in wait? When will the spark happen? Where will this life lead to? How will it inspire and satisfy our desires? - are the common questions that pop in the mind of the students.

It is understood that graduating from a college is expensive but the life time earning potential is worth the cost. Education becomes an instrument of deliverance from the valleys of fear, anxiety, discouragement and paralysed state of inhibition instead it makes the graduate probe into the comfortable frame of large, placid joy of glazed satisfaction paving way to access modes of clarity and charity. College acts as a platform to inherit dignity, to get solidified to their duties and to prove themselves in a more promising and satisfying manner. College prepares the graduate to handle new challenges in higher education and also to remain successful at workplace.

College plays a significant role in the preparation of a student's professional future. It is pivotal to establish few skills to face the expansion of the world that is filled with unexpected challenges and expectations. The skills are

- Interpersonal skills
- Leadership/Management skills
- Organizational skills
- Teamwork skills
- Soft skills

*Interpersonal skills* are the life skills we use every day to communicate and interact with other people both individually and in groups. Students who develop strong interpersonal skills are usually more successful and the capacity to perform their best both in their professional and personal lives.

*Leadership/Management skills* seem to be all around us. There is no shortage of leadership opportunities all around us. Taking the responsibility of being a leader is the best and simple way to challenge oneself. It enables one to meet brave expectations and also to handle eruptions of emotions.

*Organizational skills* teach one to effectively plan, record, and organize the directions of a work. Everything becomes significantly manageable when one gets used to this skill.

*Teamwork skill* starts at college. "One gets to work with people whom they don't know. It teaches them to be flexible to handle all situations and to compromise on certain things and to get accommodated to their team".

Soft skills help the students to get standardised in managing new challenges of life. Hayley Botts, a senior at the University of Iowa says "Soft skills serve a significant purpose because they help to address different situations and adapt to changing circumstances. It also teaches to interact with others and to step outside on one's comfort zone."

Inhibiting all these major skills, graduates know how to channel their thoughts and feelings, they learn to give shape and meaning to life. But they also attain a maturity level of understanding that life is not a spontaneous flow of water, it has regular tides that would enter one's veins bringing a dry, worn, face full of sadness, emotions, melancholy and boredom. There will be times when the world takes us away from the inhabitants of paradise and leads us to the world of mystery making our minds feel like a dull-lit empty shell.

This is the time where the layers of experience acquired at college with inspiration and absorption of skills would release its feathers which will help them to bring a revolution within themselves and to the society. These moments add colours to their life tinged with concealed excitement to meet those adventurous days. Their thoughts become a powerhouse of intelligence to illuminate a life of primitive reality, where they are destined to play the part of actors in the stage of life.

**Mrs. Pansy Evangeline Victor**

Asst.Prof, Department of English

## **YOUTH AND TIME MANAGEMENT**

Youth is a golden age we can ever get in our life time. Most adults struggle with time management and teens are no different. Teenagers in a very short time fail to taste success in their life. Time management is one of the most important things in our life time if we want to be structured and successful. Time management is all about spending their time in the right places, and on the right things. It's about knowing their priorities, obligations and schedule. When youngsters manage their time, they will be benefitted in all areas of life.

We know that managing our time effectively will help us to get more done in a day. Apart from work, practising time management regularly helps to minimize stress and improve our quality of life too. The answer is that time management helps everyone stay on top of their tasks and get more done.

The best way to value time is to become more aware of its finite nature. The best way to make our teens feel valued is to love them. "Until you value yourself, you will not value your time. Until you value your time, you will not do anything with it".

That's just one example of how time management has become an issue for success, if we catch the train or the bus or any other form of public transport, we are under time pressure as we want to be on time to reach the destination. Planning is crucial to everything; if youngsters have clear plan in their mind everything becomes clearer, without a plan one might not end up planning.

**Ms. K.Kavitha**

Asst.Prof, Dept of English

# THE MARIAM BLOOD DONATION SOCIETY

## BLOOD FACTS:

- There is no substitute for human blood.
- Blood carries OXYGEN and nutrients to all parts of the body.
- Blood fights against infection and helps in healing wounds.
- Red Blood Cells (RBC) lives about 120 days in our body.
- Donating blood will not decrease strength.
- You cannot get "AIDS" or any other blood disease by donating blood.
- Anyone who is in good health or at least 17 years weighs at least old; and 50 Kgs may donate blood once in every 56 days.
- Blood Banks often finds shortage of B and O blood both and negative group.
- Every three seconds someone needs money.

Major reasons patients need blood are:

- Cancer
- Heart and blood vessel disease
- Disease of the gastrointestinal tract.

Emergencies such as car accidents and burns, automobile accidents 50 units blood, heart surgery 6 units of blood, and 6 units of platelets. Burns 20 units of platelets, organ transplantation 40 units blood, 30 units of platelets, 20 bags of Cryoprecipitate, 25 units of fresh frozen plasma.

## Mariam Blood Donation Society [MBDS]

MBDS is an online database of volunteer blood donors. It was found in the beginning of 2010 by the Computer Engineering Students of Islamabad after facing the sudden need of rare blood group for their fellow classmate, Mariam Qureshi, who ran short of blood platelets. The search made them to realise the scenario when people are unable to find the required blood group in emergency. She passed away but her death gave them the reason to live to save the purpose for humanity.

The Mariam Blood Donation Society [MBDS] has been the premier outcome of emergency response student society. As part of students' movement, it offers neutral humanitarian care to the victims of blood deficiency. The MBDS distinguishes itself by also aiding victims of devastating natural disasters.

## OBJECTIVES :

- To develop a database of university volunteers for blood donation.
- To connect the volunteer blood donors with the needy.
- To provide volunteers with convenience and refreshments.

## MOTIVATION :

Our class fellow Mariam Qureshi was in hospital for more than two weeks. Her blood platelets were at critical level. We searched blood for her as she had a rare blood group. During the search we came to realize that there are a lot of people who are unable to find the required blood group, in emergency, and also there a lot of people who wants to donate but are unaware of the patient. She passed away but her death gave us a reason to live to serve this purpose for humanity. Their plan is simple to collect "Database of university volunteers of blood donation".

Whenever someone in the community may be in the hour of need we can contact the volunteer with the required blood group and team will serve as a link between the volunteer and patient.

Ms. B. RUHITHA PARWESH,  
ASST.PROF, DEPT. OF COMMERCE

Head, Department of Biotechnology

## HEALTHY YOU IS A BEAUTIFUL YOU!

Do you think today's youth are strong in mind and body? Yes they do, but only few individuals record their success while others are seriously fighting depression. Depression, dejection and tension have become the common words in the dictionary of young people today. Life pattern, health, immunity and the childhood milestones form the basement of healthy life in adulthood. Most of the teenagers skip breakfast today and the prime reason for that is failure to manage time. Managing time is an art; when you accomplish some task within the stipulated time, the satisfaction and pride you derive from it is not equal to all the riches you find on earth.

You are what you eat! The food that we eat greatly affects mind and emotions. The season of food is changing, as we opt from healthy varieties to junk foods, sodas and energy drinks. These tasty comfort foods result in addiction and tamper mental health too. Consuming balanced nutrition, improving one's health, maintaining ideal weight are the best investments an individual could make. As teachers, the most common issues we find from parents are obesity, aversion towards vegetables and fruits, skipping breakfast, taking less water, insomnia, addiction to mobiles and laziness. All these never lead to the path of healthy lifestyle. Physical health is closely connected to emotional and mental health. When we eat sensibly and are physically active, our mental health provides a strong sense of identity.

Health is not merely the absence of sickness but a state of finest well being. Along with healthy intake of nutrients, playing around and exercising not only keep our body fit but also it relaxes our muscles and mind. There are athletes, sprinters and players whom we could find energetic than the rest devoid of exercise. The above said practices make a balanced person. No more we are patient to others as this modern age has taught us to be as fast as possible in everything – from healthy cooked food to cup noodles; from letter writing to mails(Whats app tool); from test matches to T20 and now Super 6. Technology is not to be blamed as it gives us comfort. The problem lies in how far we manage ourselves to manage others.

Patience is a virtue; 'Endurance is nobler than strength and patience than beauty' - John Ruskin. Patience is enhanced by meditation. Meditation is not something reserved for sages or aged people. A composed mind and a cool heart is the gift of meditation. Early morning meditation gives you many pleasures- a calm atmosphere as part of the world is asleep, fresh air to breathe and feel, sounds of chirping birds and a sense of briskness. We have seen people throwing or breaking things to outpour their anger. Few would hit themselves on wall or bang on door. Why does this happen? Anger management, problem solving skills and self control are boosted by experiencing the power of meditation.

The adulthood is greatly affected by society and it includes friends, teachers and media. Relationships are too sensitive to be handled with prudence. With the company of friend, we tend to open ourselves our thoughts, fears and whatever we feel like sharing. True friends never expect gratification as they are bonded by trust and love. They are the excellent stress busters as we forget our worries being with them. It is very hard to earn a loyal friend in lifetime. A friend is someone with whom you dare to be yourself. Pretensions and lies will never nurture friendship.

Helping each other for mutual growth is the best part of friendship. For the sake of friendship, supporting friends and their flaws is destructive. Friendship is like a mirror as it reflects our true selves. Good friends are those who let you be yourself, but still correct your mistakes and help you to be a better you.

Teachers do play a role in the attitude development of youth. Karl Menninger says 'What the teacher is, is more important than what she teaches'. Students, unable to perform well among others may result in low self esteem or complete loss of confidence. A teacher is a guru where she has the responsibility of holding all the petals of a flower together. If a petal withers, influence spreads and the entire flower is faded. The answer of a responsible teacher is much more relevant to the questioner than the question. Building self esteem of a student comes by appreciation, motivation, optimistic approach, setting goals and constant encouragement. 'A teacher affects eternity, she never knows where her influence stops'.

The Success of a person lies in the mind, which is transformed in to action. Ankita, a girl of ten, grew complacent as everyone loved her, encouraged her and gave her presents. She was spoiled by pampering and no longer could she face hardships in life. Her strength of will become less. Even falling down or hurting herself becomes a nightmare and people slowly started calling her a 'weak person'. Worried, she spoke to her father and he gave her an idea. He taught her a trick – 'Eat a chocolate less, study a minute more, and count to five before crying'. When her mother gave her two chocolates, she felt very bad to return one but she did it. After an hour, she was on her study table, she tried to study for one minute more but she missed the first minute of her favourite program. In spite of a little disappointment, she was filled with sense of achievement and happiness of controlling her mind. The same day, she bumped in to the corner of the kitchen. Her mother expected her to scream immediately, but our little Ankita managed to count to five and for the first time, she cried little. From that day, Ankita knew the trick of becoming a strong girl in mind and body.

'Complete honesty, freedom and understanding are the basics of any relation'- Mahatria Ra. To have a balanced emotional health, a person should look after physical health, exercise regularly, examine vices, get fresh air and sunlight, build self-esteem, take a little 'me' time, be creative, optimistic, switch off mobile or computer for some time. When we begin to see good in others, everybody will begin to see good in us. Happiness is nothing more than good health and bad memory. Good health for happy life; bad memory for peaceful life; Few youngsters are revengeful, jealous and couldn't tolerate the growth of others. Shakespeare calls jealousy as 'green-eyed monster'. Few believe revenge is a form of victory but Josh Billings says- 'There is no revenge so complete as forgiveness'. We should preserve our energy for constructive purposes. When we believe the world is complete with goodness, we will be surrounded by a halo of optimism and enthusiasm. A healthy you is a beautiful you; let us never expect gratitude but never fail to express gratitude.

Mrs. L. Jenniffer ,  
Asst. Prof, Dept of English

## STUDENT SOCIETY

Today's youth are tomorrow's nation and today's youth are our students. Students of today lay the foundation stone of future society. Students especially those who have crossed the teenage, can render great service to the society and it is a great need that they have to understand and shoulder their responsibility. India has a rural base and most of our students come from that background. They can easily understand the problems of people in rural sector. The vital drawback is illiteracy, as students have long holidays at their disposal they can take at least five illiterate persons and literate them in their area. They must solemnly vow to eradicate drugs and drinks from their localities.

Swami Vivekananda calls students for help saying "O fortunate youth, recognize this great duty, feel this wonderful privilege, God watches you graciously, ever ready to help and guide. I wish you to be great." The first and foremost duty of the student is to read newspapers daily. Newspapers which act as a media between government and people help them to know about the society and its current position. A newspaper is a chronicle and an encyclopaedia in miniature. It seeks not only to inform but to interest, to stimulate and to excite. So reading newspaper is highly important and indispensable.

Democracy is defined 'Of the people, By the people and For the people'. Democracy is the buzz word for our political system. At the time of freedom struggle, Gandhiji called youth to participate actively in the freedom movement. Nowadays, we have only a handful of leaders. Why not students play a role? The youth of modern India are aware of the problems that our country faces. If a chance is given, they would be ready to change the political conditions of the country in a better way. Students sense your responsibility, bring your power to the limelight, think like a fox, work like a horse and bring meritocracy to the society. Jai Hind!

Dr.K.Lavanya

Head, Dept of English

## KALAM –YOUTH’S ICON

“There is no substitute for hard work. Let the days of youth not to be spent in vain.”

Dr. APJ Abdul Kalam described himself as a ‘visionary’ and a “true son of India” whose life will remain as an inspiration to millions of youth in the country. Our Vice president Ansari in his condolence message said that Kalam’s contribution to the nation in his capacity as a man of technology, a teacher and a leader will be deeply cherished by a grateful nation. The guide of India’s space and in his missile programs, Dr. Kalam’s effort to India become a front ranking power, he said “a visionary with a deep conviction to see India emerging stronger, more peaceful and more equitable is possible through the use of science and technology.

He personified humility and boundless curiosity. His life remains as an inspiration to the millions of youth in the country. Dr. Kalam has motivated the youth and young people a lot by their lectures, thoughts and lifelong messages. He always believed that science should be applied for good mankind beyond the commercial sense. Many times he proved himself as the assistance in the field of research done by Indian government.

“All birds find shelter during a rain but eagle avoids rain by flying above the clouds. Problems are common but attitude makes the difference.”

Dr. A.P.J.Kalam asks the youth to be daring to think in different way, courage to discover impossible and to conquer the success. He also says that the youth should be different, where India requires youth to work and be successful with sincerity.

According to Kalam, the best brain of nation will be found even on the last benches of the class rooms. Confidence and hard work is the best medicine to kill the disease called failure. He generally used to interact with youngsters and makes them realize what is important in life. Dr.APJ.Abdul Kalam says youth play a vital role of fighting rights in many aspects for the nation. They also make pamphlets to create awareness on child, women rights and corruption. He was a great man of the nation with simple thinking and high living. He always sets an example of innovation in his thought process. He had shared his great knowledge and observation at the time of nuclear test of Pokhran-11. His thoughts and words of motivation lead the youngsters to reach their dreams in life.

Ms. K.Saranya  
Asst Prof, Dept of English

## YOUTH - THE POWER

'Youth'— seems to be the most powerful weapon that tremors many countries of the world than the nuclear power. Every third person we meet in an Indian city today is a youth. The youth of India have great creative energy with the positive potential to lift them to spiritual heights. Demographically, today's India is at its youngest best and the power to meet any challenge with the collective consciousness and the effort of all people, especially the youth. The most influential Ps- Purity; Patience; Perseverance are the good traits that today's youth are rich in and this is evident from their keenness to be part of positive change that will have impact on the entire society.

'Purity' is of thought and achievement

'Patience' is to understand the dynamic form and need to focus

'Perseverance' supports to take part in the multifaceted challenges we face in the society

They need to place their efforts in the realities of livelihood, social stages and political variety. We feel proud that our country is laden with talented and brave youngsters. As the great legend Dr.A.P.J. Abdul Kalam has said, Great Dreams of Great Dreamers are Always Transcended.

Here is a glimpse of the young ignited minds of India:

### BHAKTI SHARMA

Bakhti Sharma is a 26 year old little mermaid who has conquered all five oceans and has become the first Asian Woman and the youngest in the world to set a record in open swimming in Antarctic waters. She has set a world record by swimming 1.4 miles within 52 minutes in 1 degree temperature in the Antarctic Ocean. Moreover she is the third person in the world to have swum in the Arctic Ocean. Achieving the impossible is of course not a cakewalk.

### DIVYANSHU GANATRA

Divyanshu is an IT expert, a clinical psychologist, an adventure junkie, a self-made entrepreneur, winner of a National Award and a BLIND. Divyanshu who lost his eyesight at the age of 19 to glaucoma, has broken all stereotypes and the myths with his passion and courageous moves. He has never let his blindness come between his passions and dreams. He has founded a company named The Yellow Brick, which provide corporate training and counselling. He is the first visually challenged person in India to undertake solo paragliding flight.

### ADITI MITTAL

Aditi Mittal is one of the first women to do 'stand-up comedy' in India. Undoubtedly, she is an inspiration to thousands of women. Aditi's bold and funny acts have put her in the list of India's top 10 stand-up comedians, by The Times of India. She has also been featured in CNNIBN as top 30 witty, intelligent and incredibly funny Indian women. To add to her credit, she has been a part of American Documentary Stand up Planet, along with American and South African comics, which is a stand-up comic's quest to find some of the best humour coming from the corners of the developing world.

### ANKIT FADIA

Computers have obsessed this award-winning tech junkie since the age of 11. When he was 13 years old, he started his website called 'Hacking Truths'. At the age of 15, he published a book on ethical hacking-'An Unofficial Guide to Ethical Hacking', which made him the youngest author to be published by Macmillan India. He is India's first ethical hacker and has hosted a popular show on MTV titled 'What the Hack!!', where he gave tips, tricks and tweaks to get more out of technology and the internet. Widely recognized as a computer security expert, Ankit has delivered more than 1000 talks in 25 countries and has received several awards. He has also trained more than 20000 people in India and China.

### ANUJ SHAH & PRASHANT ISSAR

With an agenda to generate wealth for the society in addition to individual wealth, the young founders of 'Mirchi & Mime'- Anuj Shah and Prashant Issar made a bold move of setting India's first restaurant with a fully deaf-mute staff. This is not just done to sympathize with the staff, but to suggest that they are far more hospitable, focused, enthusiastic and intuitive and better servers than the ordinary lot.

The list can go on and on. Today, the youth are exceptionally responsive and they just need to be encouraged in their quest for justice for common benefit. The nation is placed in the hands of the youth; they have the power to transform it into a wonderful place.

Ms. M.Ghayathri  
Asst.Prof, Department of English

## ROLES & RESPONSIBILITIES OF YOUTH

Youth is responsible to build the nation, to make the society good and noble. Youth can improve the community and culture of society. If youth understands his responsibility, a large number of crimes may reduce within a day. "Youth of today will be Leaders tomorrow". The youth should remember that purpose is more important than need.

Here are some key points that today's Youth should think on it

- **Value of Time:** It is the responsibility of youth to identify the value of time because every moment of youth is very costly. Youth should be punctual for doing every work.
- **Discipline:** Sometimes, the youth misuse their passion by creating indiscipline. With indiscipline we cannot make our country great.
- **Think before Action:** One should know that the main responsibility is to think before action. They should emerge as original thinkers.
- **Protest against the Corruption:** Everyone in India is suffering from corruption and terrorism also. This is youth's responsibility to square off these things. They have to take part in politics and remove the corruption and fight with terrorism/terrorist.

### Responsibilities of Youth towards Society

Youth are back bone to the nation. They can change the future of the society with their well being and courageous behaviour. We also find them choose to spend their days playing video games. More and more, young people of this age group are sitting at home in front of their televisions playing games all day instead of bettering themselves or going to work. They have no vision and if they do have dreams they do not have the drive to make any attempt at achieving them. We must get control of this.

Those of you are in age of teen, you have a choice. You can allow yourselves to stay your course and do nothing or you can rise above what the cynics around you expect and go get educated or get jobs. Show the older generation they are wrong about you. Let them know you have intelligence and skills. Show yourself what you are made of. You might be surprised at how proud of yourself you become with even the smallest of accomplishments.

This is possible only when the youth realize the difference between virtues and vices. The moment one's responsibility is clear, gradually one will mould with the values of morality that are definitely essential for every individual to lead entire life on healthy lines. Personality includes all characters – sagacity, patience, forbearance, self less service etc. Being the future of our country, the betterment lies in our hands and how we propagate the virtues and eradicate the evils from our society. It's not just a single youth's responsibility to construct the society in fact it's the responsibility of every individual. But the decisive power is in the youths' hand as they are more active and strong to ensure a pivotal role for a better society.

Mrs. Vadivambigai,

Asst.Prof, Dept of Commerce

# THE GOLDEN RATIO - MATHEMATICS

## Introduction

Mathematics can be a tool to produce creative design. The point is that you should regard it as your friend not a foe. In this article, a couple of web designs that present mathematical principles are discussed. In mathematics many principles are used in various fields. For example "Applying divine proportion to web design" explains how to use the golden ratio in web design.

## What is golden design?

The golden ratio is the mathematical ratio commonly found in nature and used in classical design theory to create balanced compositions. It roughly equals 1.6180 is also known as "Golden mean", the "Golden section" and is referred to by the Greek letter 'phi'.

## Construction of golden rectangle:

The golden rectangle is a rectangle whose length is 1.6180 times its width. The construction of a golden rectangle is very easy and straight forward. First, construct a simple square. Then draw a line from the midpoint of one side of the square to an opposite corner and use that line as the radius to draw an arc that defines the height of the rectangle. Finally, complete the golden rectangle and you are done.

## Use of golden principal in web design:

The golden rectangle design is well suited for photo galleries, port folios and product-oriented websites. The golden rectangles can also be arranged in other mathematically sound ways to generate beautiful designs. Golden ratio is used to create logo and in graphic designs.

## Conclusion:

The golden ratio is a really fascinating subject that how it appears in nature, classic art, architecture, logo design and more. Knowledge of Mathematics is indispensable both for the man in the street as well as for scientists and philosophers.

Assistant Professors

## PARENTS - THE BEST ROLE MODEL OF YOUTH

"There is a fountain of youth, it is your mind, your talent, the creativity you bring to your life and the lives of people you love, when you learn to tap these sources, you will truly have defeated age"

Youth need firm and loving direction from parents to help find their way in life. There are many ways to build inner strength.

### **Spending family time together:**

Young people who spend time with their parents or guardians are more successful because true love and care moulds them thoroughly. They are more likely to weather the storms like problems or obstacles which they face in their life. Two excellent books have practical suggestions about maintain family connectedness as youth:

1. "Get out of my life, But first would you drive me and Cheryl to the Hall"?  
by Anthony Wolfe.
2. "The second family" by Ron Toffel.

### **Encouraging positive relationship with adults outside the immediate family**

Youth who have positive and stable connections with teachers, coaches, youth group leaders, extended family members are optimistic. Parents should encourage active participation of their children in hobbies, interests. The concentration of learning and joy comes from active involvement in playing music, playing sports. Handcraft and art activities of young people gives great outcome.

Encouraging service to others and helping the needy, youth see that they have made a positive difference by yielding their help to others. When youngsters know that their actions have helped others they acquire authentic self esteem which improves them against others mean or excluding behaviour.

### **Helping youngsters to develop problem-solving skills**

There are three key problem solving skills that can be practiced in day to day life.

1. Self-calming strategies using breathing, exercise and other techniques.
2. Thinking about three or more possible next steps to solve any problem before choosing what to do. In considering different options, young people can also think about what might happen next if they use each step.
3. When youth have more than one problem-solving option, they can fall back on a second option if the first doesn't work.

Helping youth to build good friendship and other peer connections outside schools, colleges build great changes in personality. If youth have several groups of friends and others with shared interests, they are less vulnerable to mistreatment in one location.

"All the powers in the universe are already ours. It is we, who put our hands before our eyes and cry that is dark" - Swami Vivekananda.

As Vivekananda said, all the powers are within the youth sometimes we cover our eyes and cry it's dark. Darkness should be lightened by parents through their guidance and support.

Ms. L. Vidhyapriya  
Asst Prof, Dept of English

## VISION 2020: A REALITY OR A MYTH?

What should we Indians do in order to make Dr.APJ.Abdul Kalam's dream "Vision India 2020" to come true and how can teachers and students contribute?

The missile man might not be there anymore, but it is our duty to make his dreams exist. As a writer, his books be it 'Wings of Fire', 'Ignited Minds', or 'India 2020', all of them were dedicated to motivate India's young minds. Everyone may feel the huge void left behind by Dr.Kalam that cannot be filled, but Dr.Kalam would want most of the young generation to fill that void. Across the nation and world, people are pouring their respects and tributes. Every youth should feel today that only hard work towards the ideal change that Dr.Kalam sought for 2020 would be the satisfying tribute of all.

Dr. A.P.J. Abdul Kalam an eminent Scientist, President and Teacher is the youth icon. He always insists children to dream big and work hard towards their goal. His teaching and words are very inspirational and he is a person much admired for his simplicity. He visualized India to be a developed country by 2020. Even In Death, Kalam Pinned His Last Hopes on Students for Vision 2020. A legend never dies...When he physically dies he is actually born as a legend in the whole world...

In my view, it is much easier to address a student's mind than to address the heart. The affective attitudinal aspects are not independent of students' cognition, which is typically associated with "knowledge" and "information." Practically, probably the first step is to convince students at a personal level that you want them to learn not because this is your job but because you love them and care about them. "CARE" commonly used nowadays in nursing studies is a basic concept in any form of human interaction if success and continuity are sought. This might, to an extent, seem idealistic, but our daily practices may support its validity as an approach for tolerating students' mishaps when some students are convinced they might be the ones who are tolerating their instructor's mishaps, unfortunately.

Although I intend to make things easier I cannot, but acknowledge the fact that the academic institutions themselves are probably no longer functioning as they used to or as they are supposed to. The deterioration in our students' behaviours also might need to be contextualized. Mishaps, clearly, are prevalent almost everywhere on this planet. Where, then, can one design a narrow corner in his/her immediate context with his/her students to convince them there is so much good thing to live and work for? Care, patience, commitment to good values, and dedication to serve are in my view, important in order to leave a print in our students' personalities.

Teaching is also an entrepreneurship. Who is an entrepreneur? A person with an idea.

Before taking the job of teaching, the person should build three factories. Wondering why....what...?

'AN ICE FACTORY IN THE BRAIN  
SUGAR FACTORY IN THE TONGUE AND  
LOVE FACTORY IN THE HEART'

If the teacher is the owner of these he or she can get the students to do anything.

The young generation has big responsibility in realizing and fulfilling Dr. Kalam's dream. We are accountable to make his vision true. So how are we going to get his vision done? First give proper and complete education to children and educate them about their rights and responsibilities. Guide them on right path and get their participation.

Youth's participation is important as they are the backbone of our nation. So get their participation and give them an opportunity to take part in decision making. They are energetic and their views and ideas can be used towards country's growth. They will play a major role in eliminating poverty, unemployment and corruption. In short we can say success of the nation highly depends on youth's contribution. The nation that make effective use of its energetic people will soon become a developed country. Hope to see the vision of Dr.A.P.J.Abdul Kalam's 2020 a reality sooner or later!

Mrs. Zahida Khatoon,M  
Guest Lecturer, English

## COMMERCE – THE PRIMELINE PROGRESS OF YOUTH

Social changes in the country are influenced by the development of commerce. Trade and allied activities directly or indirectly influence every human being. Commerce has become the lifeline of every country. The level of development and standard of living of the people are linked to the state of commerce in a particular country.

Commerce has always been an evergreen subject to study as far as career avenues are concerned. Increasing integration of the world economy and globalization have further enhanced its importance. The study of commerce includes subjects like Accounting, Statistics and Economics. It is often selected by students for the doors it open to a wide variety of career options.

The study of commerce and economics provide a springboard for work opportunities in a range of financial services, banking, business and industry, management and entrepreneurial ventures, as also in law, hotel management and government services. While pursuing a course in the field of commerce, one acquires the knowledge of the business and its intrinsic nature - the basics at macro and micro level, the policies, the auditing, business administration and so much more.

With the positive changing scenario around the world in the realm of economic activity, selecting Commerce as a career option is one of the best to grab. Commerce students grow familiar with knowledge of business, trade, market fluctuation, basics of economics, fiscal policies, industrial policies, share market, stock markets, etc. Considering the burgeoning activity of market, talented commerce graduates are needed to make a balance in the demand and supply.

The career prospects in commerce and its interdisciplinary domains such as Banking, Chartered Accountancy, Company Secretary, Economics, Stock Broking, Cost Work and Accountancy, and Agricultural Economics are extremely bright. B.Com along with Chartered Accountancy or MBA will pay you to a larger extent.

More or less, all the organisations have financial managers, treasurers, controller, credit manager, and other financial staff who made their financial reports for tax and other requirements. The employment opportunities in commerce fields are lucrative. The door of both private and public organisation is open for commerce graduates. They may work in organisations as Manager, Auditor, Specialist, Consultant, Management Executive, Account Executive, Junior Accountant, CA, Book Keeper, Entrepreneur etc. The importance of commerce graduates further increases after sea changes in various parameters of Indian Economy like bank deposits, mutual funds, stock markets, venture capital, insurance schemes and portfolio management. Teaching may also be one of the options after pursuing higher studies.

Commerce students can also try for jobs as financial analysts, cost and work accountants, bankers, various financial services in banking and non-banking services, tax consultancy, stock broking, financial management and many other related jobs that are being continuously created in this area. There are a host of opportunities for commerce students in a multitude of careers in the non-financial sector. Whatever the area of work is, business managers with their specialised knowledge of business and industry, and of financial and economic policy will always be at a premium.

Commerce graduates can also join the Civil Services or, in particular, the Indian Economic Service / Indian Statistical Service. The Union Public Service Commission (UPSC) conducts the entrance exam to these services in November every year. One of the most promising avenues for commerce students is Insurance. With increased business activity and the entry of foreign insurance companies, insurance offers lucrative opportunities for commerce students with appropriate knowledge and training. Universities and private institutes offer graduation in actuarial science and insurance.

Company Secretary is another area worth looking at, as every company requires having a Company Secretary who ensures the efficient management of the organization. With increasing focus on business and profit, trade and investment, collaborations and joint ventures, most careers in commerce should reap rich dividends.

Banking today is a niche career for enthusiasts in the field of commerce and accounts. For the beginners, it is the first step towards understanding the global economy, discovering the challenges of the marketplace and identifying themselves with a career that provides them with tremendous opportunities, both within the country and abroad.

Thus, with the growth of the economy due to globalisation and liberalisation, there is a huge scope for employment and business opportunities for the millions of youth in the country.

Mrs. Reena Raj  
Head, Dept of Commerce

## A CRITICAL ROLE OF YOUTH IN GLOBAL DEVELOPMENT

'This world demands the qualities of youth; not a time of life but a state of mind, a temper of the will, a quality of imagination, a predominance of courage over timidity, of the appetite for adventure over the love of ease'. – Robert Kennedy

Young people represent the future of their country. They play a vital role in the duties of their country. Nearly half of the people in the world today are under the age of 25. Effectively addressing the special needs of these youth is a critical challenge for the future. The challenges facing by youth have a tremendous impact on their equality of life. Their reaction will affect their families and communities and the countries and regions in which they live.

The United Nations for statistical purposes defines 'youth' as those persons between the ages of 15 to 24. There are three principal elements that should be taken into consideration when aiming to strengthen youth participants: capacity, motivation and opportunity. Capacity includes the knowledge, skills, attitudes, and behaviours that youth need in order to participate effectively. Motivation is the desire or willingness of individual youth to commit to involvement or action over the longer term. Opportunity refers to situation where youth can grab the perfect chance effectively.

Too many young people in our country today cannot look forward to leading an independent and fulfilling life. Their future remains precarious where young people have been hit hard by the crisis. For a large number of them, the transition from education to employment has become more difficult. Too many feel that their views are not taken up by politicians. One does not need to dwell on the point that there are many young people who if given the required support can contribute meaningfully to world development. It is true that today's youth are facing many challenges such as unemployment and drug abuse, but there also exist opportunities to gradually overcome some of these challenges. The stage of youth is one of assimilating knowledge of all kinds.

Every week we come across stories of youngsters making news with exciting achievements in the academic and non-academic spheres. Reading about their journeys and the odds they have faced is inspiring and leaves us with the hope that the citizens of the future have the potential to make difference. To succeed in today's global workforce, youth must have a wide variety of competencies some of which are dependent on their career path. In addition to functional job skills which vary from position to position, there are however, common competencies that all young people need to develop regardless of their chosen field. These competencies include computing and technology skills, time management, critical thinking and inferring skills, language capacity, and also presentation and broad communication skills.

Employment is a crucial aspect of youth's journey towards adulthood. Families including youth with disabilities play a vital role in helping them explore careers that match their strengths and interests and make them understand the importance of building basic work skills so they are prepared for employment.

There are underlying dynamics that are affecting young people changes in demographics and technology; economics and politics that are that are bringing together this unique moment in history. Young people are at the heart of today's great strategic opportunities and challenges from rebuilding the global economy to combating violent extremism to building sustainable democracies.

Each and every youth in the world should get proper education because education is central to development and to the improvement of the lives of young people globally, and education is important in eradicating poverty and hunger and in promoting inclusive and equitable economic growth and sustainable development.

Ms. E. Vinodini  
Asst Prof, Dept of English

Our modern world is changing, and everyone is  
    Busy blaming the youth of today;  
How can we blame the future, when it is we  
    Who made their world this way?  
Our street corners are full, as our children think  
    That it's okay to walk in the darkness with a knife;  
When did we stop teaching our kids that the  
    Greatest ever gift is quiet, simple life?  
Peer pressure is weighing down our future  
    Generations, as they begin to buckle under the Strain.  
Our children are now living in a virtual world with  
    Facebook and Twitter, they no longer need  
    to speak face to face.  
Before long the dawn of a new generation  
Begins, and no doubt people will still be blaming.

## THE YOUTH OF TODAY

Mrs. C. Magila,  
Head, Dept of Management

Allow yourself to dream,  
And when you do, dream big.  
Allow yourself to learn,  
And when you do learn all you can.  
Allow yourself to laugh,  
And when you do, share your laughter.  
Allow yourself to set goals,  
And when you do, reward yourself as you move forward.  
Allow yourself to be determined  
And when do you will find self confidence.  
Allow yourself relaxation,  
And when you do, you will find new ideas.

## INSPIRATIONAL POETRY

Mrs. C.A.Uma,  
Asst. Prof, Dept of BBA

## THE ROLE OF GRAND PARENTS IN THE LIVES OF YOUTH

The relationship between a grandchild and grandparent is a very special one. Grandparents provide unconditional love, grandparents also wield incredible influence. Here are few things grandchildren can — should — learn from their grandparents.

**History:** Kids may hate having to learn about history in schoolbooks and from old paintings and pictures, but they may find it more interesting to learn from someone who actually lived it. Personal stories are much easier to remember than lists of names and dates from books.

**A New Skill Set :** When they were growing up, many senior citizens learned skills such as sewing, gardening, baking, farming or woodworking. These are great things to pass on to grandchildren, as they may not be commonly taught anymore, but are still very useful talents to possess. Grandparents may have learned things during their lifetime that have proved helpful. Need cleaning advice? No one is better than a grandmother, who has probably cleaned quite a few floors in her time.

**Wisdom:** Turn to grandparents for life lessons and other advice because they've often lived through the same or similar experience — possibly more than once.

**Family History:** Everyone has those old black and white pictures of unknown relatives, but grandma and grandpa may actually know where they were taken and who those mystery people are. Ask about your family tree — who are their siblings, parents, grandparents, aunts and uncles? You'll know about tons of family members you didn't know existed. And maybe they can share some funny stories about your parents when they were young.

**Humour:** Teasing is a part of growing up, but when it comes from someone who loves you unconditionally, it is more enjoyable. Learning jokes and pranks from your grandparents is a great way to bond with them and understand how to react if you're teased by your own peer group. Maybe your grandparents will even help you play a prank on your parents.

**Listening:** Parents of many young children are used to listen to everything they say, and the children expect others will do the same. While this is often normal for young children, it's important for them to learn how to listen to others as well.

**Emotional Support:** Adolescents rely heavily on each other during their formative years and [grandparents] can serve as impartial sources that can help them understand which friends they can trust and which they cannot.

**Don't Sweat the Small Stuff:** Grandparents have lived long enough to realize not to get upset over the little things; life is too short. Young grandchildren think everything is hyper-important, but can learn to adjust their priorities after discussing problems with their grandparents, who have a broader world view.

**Mails:** Don't let the art of letter writing fade. It's great practice for kids who are learning how to write. Set up some pen time with your grandparents and you can each send postcards, letters or souvenirs from your latest excursion. You'll both have a great time waiting for the next letter to come in the mail, and you'll grow closer in the process.

### **Communication :**

Grandparents come with years' worth of wisdom and love to share with their grandkids. Take the time to get really get to know and learn from them while they're here. They'll cherish the time they get to spend with their grandkids and, in turn, the kids will gain insight and character they can pass onto their own children and grandchildren someday. There's no better way to pass on family traits than through time spent with one another.

"When my mother and I had trouble communicating, Grandma helped us to work things out."—Damaris.

Throughout history, grandparents have been the key to family harmony and continuity. As teachers, supporters of parents, historians, nurturers, consultants, and even entertainers, their psychological, social, and spiritual functions were of paramount importance. I wondered how our society had possibly come to dismiss this powerful, multifaceted grandparent role. Grandparents were a foundation stone of family life. The Bible commanded the Israelites to respect and esteem older ones. (Leviticus 19:32) Grandparents were considered especially worthy of honour.—1 Timothy 5:4.

### **Respect :**

Times have changed. Long distances often separate families, and youth have little contact with their grandparents. Attitudes have also changed. In many parts of the world, older ones—including relatives—are no longer treated with due respect. What used to be called a generation gap. Youth think of their grandparents as old and out of touch. They cannot imagine that these older ones could possibly understand the pressures and problems youths face today.

If that is the way you feel, be prepared to think again! For there is great value in getting to know your grandparents—especially if they are God-fearing. And if you have not got to know them, you may very well be missing out.

Your relationship with your grandparent may also be free of some of the tensions that youths sometimes experience with their parents. Why might this be so? For one thing, grandparents often enjoy a special bond with their grandchildren.

While grandparents can offer you their wisdom and love, they can also benefit from your youthful energy and companionship. How so? Well, there are likely a number of ways in which you can be of help and support to your grandparents. Often times, their physical strength is fading. Or they may be battling ill health. No doubt they would be encouraged if you helped them with shopping and household chores.

Many grandparents are widows or widowers and feel lonely at times. By taking an active interest in them, you can do much to help them to combat feelings of loneliness and to maintain their zest for life.

No doubt about it, drawing close to your grandparents can enrich your life—as well as theirs! Maybe you have not been close to them up till now. Perhaps you want to change that but are not sure where to start. It may be that your grandparents live far away or that Your parents are no longer together and this has distanced you from your grandparents

Grandparents are indeed 'grand' for grandkids. Most grandparents long to be involved in the lives of their grandchildren, and there are a multitude of benefits for families who bring generations together.

Children learn through close intergenerational relationships that they belong to something larger than themselves — a real blessing in this "me, me, me" society. Children whose grandparents are living the active lives typical of older adults today want to be actively involved with them.

Grandparents can offer unconditional love, encouragement, and support. They also can share their wisdom and a wealth of experience. Children can absorb from their grandparents a sense of history, identity, heritage, and the vital connection with the past. Their elders' life stories will grow in value as the children become adults. Grandparents also can teach values and pass on family traditions.

Here are some helpful ideas for closing the generation gap:

Schedule regular multi-generation get-togethers. Get connected. With the Internet, grandparents and grandchildren can now play games, tell stories, and do puzzles together in real time, Extend visits. If grandparents are traveling some distance to be with the family for a holiday, parents can encourage them to stay for longer periods of time. Share skills. Grandparents can teach grandchildren skills not readily taught today, such as baking, quilting, or chess. Go on vacation together. A multi-generation vacation can help everyone enjoy one another's company in a relaxed setting. Or if Grandma loves amusement parks, go for it!

Use school breaks wisely. Many families opt to have children spend a week or more with grandparents during summer or holiday school breaks. Be creative. Grandparents and grandchildren can plant matching gardens and compare their progress. Take some snapshots. Some of the best memories can be made with a camera. Keep current photos of grandparents prominently displayed.

While child-rearing philosophies have changed over the generations, not all grandparents' ideas are outdated. Grandparents have the perspective of already having raised children. The Scripture often links wisdom with age and experience: "Wisdom is found with the elderly, and understanding comes with long life" (Job 12:12). Be willing to listen and realize that all family members have the child's best interests at heart.

Grandparents really are "grand." Regular intergenerational contact reflects a high a value for family togetherness. The connection between generations benefits both the young and the old. Grandchildren will keep grandparents feeling younger, and grandchildren will be wiser because of their grandparents.

Mrs. A. VIYANI JENITA MARY, M.Com., M.Phil.,  
Asst. Prof. Dept. of Commerce

## A GOOD STUDENT

- A - Always liked by Teachers
- G - Greets everyone with a "smile"
- O - Obedient to "Teachers and Parents"
- O - On time to "School"
- D - Dresses "Neat and Clean"
- S - Studies with Interest
- T - Treats everyone with "Respect"
- U - Understands everything "Taught"
- D - Does daily "Homework"
- E - Eager to know "New Things"
- N - Never "Misbehaves"
- T - Talks boldly in the Class

## A Teacher is.....

A teacher is like a lamp  
who gives us the light of knowledge  
A teacher is like a captain  
Who gives us direction to our lifeship  
A teacher is like a flower  
Who gives us the fragrance of education  
A teacher is like a pillar  
Who stands by students  
A teacher is like a gardener  
Who motivates good quality in a Citizen  
A teacher is like a clock  
Who has great patience.  
A teacher is like a Mother  
Who loves all the children equally  
A teacher is like God  
Who gives new life and new vision  
Oh, teacher I you are great, noble and lovable I

Ranjitha .R  
II B.Sc., Maths

## TENSION

The movement you are in tension  
You will lose your attention.  
Then you are in total confusion  
And you'll feel irritation  
This may spoil your personal relation  
Ultimately, you won't get co-operation  
And get things in complication  
Then you may have to take meditation  
When you try to understand the situation  
Problems will be solved by Discussion  
Which will work out better in your profession  
Don't think it's my free suggestion  
It is only for your prevention  
If you understand my intention  
You will never come again into tension.

Dear God,  
When feelings of inferiority  
Insecurity and self-doubt  
Creep into my heart  
Help me to see myself  
The way you do.

Life is a trip  
The only problem is  
That it doesn't come with a map  
We have to search  
Our own routes  
To reach our destination.

Confidence and Hard-work  
Is the best medicine to kill  
The disease called failure.  
It will make a  
Successful person.

### STEPS TO SUCCESS

1. Find your purpose
2. Get motivated
3. Remove Blocks
4. Acquire skills
5. Take Actions
6. Repeat until you are obsessed.

## TODAY

T-This is an  
O-Opportunity to  
D-Do  
A- A work, better than  
Y- Yesterday.

## MY SPLENDID FRIEND

Thank you, Book....  
For the love, strength, and care,  
For in this world that is rare,  
For being my "friend" and my "Guide",  
on those sad days when I cried.

I would have never been here today.....  
Unless I am surrounded by you everyday,  
You told me many mysteries,  
I perceived some of histories,

In you I see the best between the lines,  
Which finally builds us with chains,  
You are the keys to wisdom's treasure,  
You are the gates to lands of pleasure,  
You are the paths that upward lead,  
You are my friend, come let us read....

J. Sangeetha Prabha,  
I M.A., English (LIT)

## Babul Tree....

The term "Environment" refers to the sum total of all surroundings of a living organism, including natural forces and other living things which provide conditions for development and growth as well as of danger and damage. Saving our environment is the need of today. If we destroy our environment, it will lead to the destruction of our life from the earth. Therefore it's necessary that we should save our environment.

"Trees are the only fortune that we can give to our next generation". We may be surprised to know that there are trees that can harm our environment. One such tree is quite popular in South India is babul tree / babool tree - known as seemai Karuvelam in Tamil. Acacia Nilotica or Acacia Araabica is the biological name for babul tree. It was introduced in Tamil Nadu in the 1960 as fuel wood to help the people reeling under a drought situation. These trees are grown in water scarcity areas like Ramanathapuram, Sivagangai, Pudukottai, Virudhunagar and Kambam Districts. Several Thousands of trees were found in and around Madurai. 40,000 heat areas were infested with these trees, with roots running as deep as 70 - 80 feet and spreading over 30 feet across.

This tree absorbs as much as four litres of water to produce one kilogram of biomass. It never shelters birds because they produce less oxygen but emits more carbon-di-oxide. It also affects soil nutrients. It makes it surrounding droughty. If there is no rain, it starts absorbing the underground water. The absence of underground water may lead them to absorb the humidity which means the amount of water vapour in the air. We never use this tree's products. Moreover its roots have the power to change the groundwater poisonous. Lack of humidity will prevent the chances of rainfall.

To stop all these things, we should uproot the babul tree, wherever we see. The plant shouldn't be simply cut. Because, partially cut babul trees again grow very fast and also four times thicker. The Madras High Court Bench has ordered the eradication of these trees from Tamil Nadu. Even, The Madras Municipal Corporation has banned the raising of this tree on private lands within the city limits.

However, having known the harmful effect of these trees, we should take quick measures to uproot babul trees from the soil of Tamil Nadu !

"Kill Babul tree ;  
Plant a good tree :  
get pure air free !

**'GIVE' TO LET THEM 'LIVE'**  
**Make few more blood relations...**

To do a good deed  
For someone who is in need  
Donate your blood  
It's a great work indeed.  
It's priceless  
It's painless  
Providing blood to a bloodless  
is sign of kindness  
Donating blood is a gift from us  
in the name of humanity  
Blood donation is a noble act  
It's also a way of  
Losing unwanted weight.

Donating blood is a satisfying feat  
Our few pints of blood  
can save some few lives  
And not many minutes to give a person  
a second chance to survive.  
Blood donation is not hazardous  
It proves to be a healthy habit  
It reduces the risk of heart diseases  
By donating blood regularly  
One can remain fit  
It transcends you above all barriers of  
caste, creed, and religion  
It gives your life a true meaning  
and it makes few more blood relations.

**DONATE BLOOD TO FEEL GOOD**

Mom!  
Don't be angry  
It's something to feel proud  
Your daughter doesn't give blood  
In fact she takes blessings of many mothers around.

Mom!  
There is nothing to worry about  
Please try to realize  
There is no weakness because of blood donation  
In fact it saves someone's life.  
Mom!

Our body is able to generate  
The amount of donated blood  
Just within the next 24 hours  
And this new blood spreads  
New energy and new power  
Once in every three months  
We can donate blood  
You can also try mom  
It will really make you feel good.

M. PREMALATHA

## BLOOD - LONGEVITY OF LIFE

Blood donation is a sign of kindness,  
This provides blood for a bloodless.  
All say that divine God is in the heart,  
In shape of blood he is very best.  
Nothing is more valuable than blood,  
Blood is juice of life and power of God.  
One who receives blood during the disease,  
Life longevity of him regains very easily.  
So one's obligation springs from the core.  
It highlights the quality of the blood donor.  
Blood donation always has a noble cause,  
Blood always cures diseases and purifies mind,  
A drop of blood is the living God for the mankind.

M. PREMALATHA  
II B.A., English

## BLOOD IS MEANT FOR CIRCULATION - DONATE BLOOD

Give and let live will help educate children about how they can make a difference in an interactive, interesting way and I am delighted to support the initiative. A blood donation occurs when a person voluntarily has blood drawn and used for transfusions and made into biopharmaceutical medications by the process called fractionation.

### **Your donation of blood today may be an investment for your future**

Today in the developing world, most blood donors are unpaid volunteers who donate blood for the poor community supply. In poorer countries, established supplies are limited and donors usually give blood when family or friends need a transfusion. "Blood you donate gives someone another chance at life. One day that someone may be a close friend, a relative, a loved one - or even you".

Many donors donate as an act of charity, but in countries that allow paid donation some donors are paid, and in some cases there are incentives other than money such as paid time off from the works. Donors can also have blood drawn for their own future use (autonomous donation). Donating is relatively safe, but some donors have bruises where the needle is inserted or may faint.

### **A life is waiting for a bag of blood from you**

The actual process varies according to the laws of the country and recommendations to donors vary according to the collecting organization. The world health organization gives recommendations for blood donation policies, but in developing countries many of these are not followed. For example, the recommended testing requires laboratory facilities, trained staff and specified reagents, all of which may not be available or too expensive in developing countries.

M.PREMALATHA  
II B.A., English

### **ENTER TO LEARN; LEAVE TO SERVE**

- Education is one of the few things a person is willing to pay for but level of acquisition differs from person to person.
- Education is the only wealth, which goes on increasing as we give it off.
- Education is a candle through which infinite candles can be lighted.
- Education has produced a vast population able to read but unable to distinguish what is worth reading.

### **BLOOD QUOTES**

- Blood circulation - itself means to circulate. let's pass it around.
- Tears of a mother cannot save her child. But your blood can.
- With just extra strength or extra food, you can save a life.
- The blood donor of today may be a recipient of tomorrow.
- 5 minutes of your time + 350 ml of your blood = one life saved.

DILSHAD .B  
III B.Sc. Maths

### **SHARE BLOOD — SHARE LIFE**

Blood donation is one of the most significant contributions that a person can make towards the society. It is not harmful for an adult person to donate blood. The body of the donor can regenerate the blood within few days. It poses no threat to the metabolism of the body. The world blood donor day is observed on 14th June every year. Blood can be stored for limited period of time that is why the blood banks need a steady and constant collection.

Public awareness is aroused to donate blood through media and many channels. Many clubs, colleges, societies, offices organize blood donation camps on different occasions, which is a healthy gesture. We must keep this attitude up at any cost. Our blood banks are running short of required blood. By organizing blood donations camps we may help them to enrich their capacity.

However, it is very important that while taking blood from certain person, the concerned authority must make sure the blood is not infected.

Blood donation is our human duty. Our blood is not affected if we donate blood. The body can repair the loss within a few days. So we must come forward to donate blood as it can make sure the return of a dying person again into the light of life....

### STUDENTS IN 2020

India is a developing country and a place of fast progress indeed. If this rapid progress is maintained, the state of affairs in 2020 A.D would be very impressive. In 2020 A.D, India will present a picture of tremendous progress and prosperity. It is a fact that without five years plan; we would not turn out property, hunger, diseases and illiteracy from her door.

Our country is rightly called agricultural country. At present the conditions of agriculture is not much satisfactory. There is a great change in the agriculture. Formerly, it was not a profession but a lay's man work. Now it has become a profession. There are improved qualities of seeds nowadays and they tend to forget the mercy of Rain God.

In the field of heavy industries, progress is being made higher. By that time, Indians would also achieve new meaning and grace. The luxuries are of the privileged society earlier but nowadays technology is within the reach of the masses. Standard of living would rise and the present stage of hunger and poverty will become a thing of past. The future of India 2020 is very bright.

I think India of 2020 AD would be much more prosperous and vibrant. But the problem of unemployment, poverty, diseases would not be eradicated unless efficient steps are employed. Only we must strengthen our resolution to brighten them out and make India a front-ranking nation of India.

## IF YOU CAN READ, YOU CAN LEAD

For long being said  
If you can read, you can lead  
Did anyone think why we need?  
How can one lead?  
When no one can read!  
A day finally came  
To play final game  
Those people's name  
Shined with fame  
Do you know who and how?  
If you learn a thing  
Never allow it to shrink  
Spread it all over to your friends,  
Whose acquiring skill never ends!  
They will search you for more knowledge  
And hence your experience as a montage  
Making you to lead all since you have read...

## 8 RULES TO A BETTER LIFE

1. NEVER HATE
2. DON'T WORRY
3. LIVE SIMPLY
4. EXPECT A LITTLE
5. GIVE A LOT
6. ALWAYS SMILE
7. LIVE WITH LOVE
8. BEST OF ALL, BE WITH GOD

## A BETTER LIFE OF SIMPLE RULES

### **Accept your mistakes:**

We humans tend to make mistakes. Accept what you did wrong; try to do better next time. Let us not punish ourselves forever. In fact, accepting our mistakes is the only way to make them disappear.

### **Accept your friends' mistake:**

When we are hurt by some body, it happens, just accept it and deal with it. People are making mistakes and if we can accept that for ourselves, accept it for our friends too. In the end all we need from them is their love.

### **Create a new habit:**

We should try to integrate new thinking we want to add into our life. Habits are powerful. Harness their energy for our own good. Start by creating a habit in 15 Days.

### **Build self discipline:**

Don't wait for other people to impose discipline on us. Create our own discipline, although it sounds little bit harsh. Self discipline is a facilitator for many things in our life. It is hard to get but great to have.

### **Make new friends:**

Reach out. Don't be afraid to establish new contacts. The worst thing that may happen to us is to be rejected. Well, if that's the case, move on. The reward of having true, long lasting friendship is worth all the potential rejection.

### **Start a new diet:**

We are, in a vast proportion, what we eat. Trying a new diet would often be the only needed change for a dramatic boost of our health and energy.

### **Keep a journal:**

Write down your feelings, your ideas, yours goals, your activity. Journaling is by for one of the most useful things we can do to change our life for the best. It works in such a silent, yet effective way. All you need is pen and paper.

### **Create and keep a morning phrase:**

Whatever we say to ourselves in the morning, it will most likely come true during the day. Why not taking advantage of it creating a simple morning phrase and say it to you first thing in the morning. It's that simple.

### **Travel Far away from your home:**

Travelling long distance is incredibly rewarding. It's so exciting and full with unknown events.

### **Learn to take risks:**

Our life may be so boring because the only reason is we made it like this! Shocking? But it's true. When was the last time we tried something really difficult? When was the last time we challenged the odds doing something risky? Do it now.

### **Change your work space:**

Clean up your desk. Rearrange furniture. Add some colour to that space. Make the place where we work really enjoyable. If it is so enjoyable work will be something we love to do.

### **Learn a new language:**

Challenge your mind to learn a new language. Learning a new language is a fantastic mind opener. Sometimes we don't even have to travel there.

### **Find reasons to agree:**

Find reasons to agree rather than disagree. We have this mindset of competition which makes constantly arguing over things well, stop that. We don't have to force into agreement, if it's not the case, just trying to find some reasons will be enough.

### **Pay yourself first:**

We can't give something if we don't have it. We can't spread light from within. We can't give wealth to others if we don't have it for ourselves first. Make yourself a service and pay yourself first.

### **Wake up early:**

This is not a habit, this is lifestyle. Don't just wake up early without a purpose. Be early. Be before others. Look for opportunities and embrace them. Waking up early is actually keeping our eye open to every available opportunity.

**Train your focus:**

Your focus is in fact your reality. Use it wisely. Train it constantly for it will enhance our reality in ways we have never imagined. Let's keep our focus sharp as a razor blade and be prepared to experience life in fantastic shapes and colours.

**Find reasons to love your life:**

May be life wasn't fair with you. Life is never fair, but it's fantastic. It's unique, unrepeatable, one of a kind, beautiful, simple, challenging, sweet, hard.... Just take a step back and find reasons to love our life.

**Try something new:**

May be you're sad because you're bored. Have you ever thought about that? Just reach out and try something completely new. Go for a restaurant or go to a comedy movie. Just try it. Challenge, learn a new sport, try playing an instrument, pick a different restaurant or go to a concert.

JUST TRY IT.....

NANDINI.V  
I B.Com.,

**Blessed  
are the young  
who can  
give back life  
with their  
blood.**

*Donate **blood**. Save a **life**.*

## **HOW FAR THAT LITTLE CANDLE THROWS ITS BEAMS! SO SHINES A GOOD DEED IN A WEARY WORLD!**

### **The blood in our body**

Our body has around 4-6 litres of blood, made up of red blood cells & platelets, in a liquid called plasma. There are four main blood groups-A, B, AB & O. Each of these can be positive or negative and there are eight different variations of blood in total.

### **What is blood donated used for?**

Hospitals and doctors need donated blood to treat a lot of different illnesses, and it's also used in most surgical operations. On many days, there is less than a week supply of blood in India's blood banks.

### **How do I give blood?**

It's simple, just find the nearest venue and nurse will guide you through the session.

### **When can I give blood?**

We can start giving blood when we are 17 as long as we are generally fit and healthy and weigh over 50kg.

### **Importance of blood donation**

Donating blood is an active way of helping others and whole society. Blood donation is one of the most significant contributions that a person can make towards the society. It is not harmful for adult person to donate blood. The body of donor can regenerate the blood within few days. It poses no threats to the metabolism of the body. Be a blood and organ donor. All it costs is a little love.

### **The World Blood Donor Day**

The world health organization recognizes world blood donor day on 14th June each year to promote blood donation. This is the birthday of "KARLLAND STEINER", the scientist who discovered the ABO blood group system. The theme of 2012 world blood donor day campaign "EVERY BLOOD DONOR IS A HERO" focuses on the idea that everyone can become a hero by giving blood. As of 2008, the WHO estimated that more than 81 million units of blood were being collected annually.

### **Blood donor qualifications:**

Donors should get through the donation process faster. The time of donors should be respected while ensuring safe blood supply for the patients in the community.

Tears of a mother cannot save her child. But your blood can save. If you're a blood donor, you're a hero to someone somewhere, who received your gracious gift of life.

P. DIMPLE, I B.Com.,

## SINGLE-MINDED DEVOTION TO YOUR GOAL

For to make a better world to live in, you can  
help in no small way

You can live with love and kindness  
doing a good deed everytime

You cannot be kind to others  
if your higher self can't embrace  
everyone of every culture and every race

**"To succeed in your mission, you must have  
Single-minded devotion to your goal"**

To live for yourself with no contribution  
is too small

Everybody in some small way can contribute  
to a fair go for all

By making yourself a better person a kinder  
face to humanity you create;

The foe that you have at the moment can  
tomorrow become your best mate.

**"Be active! Take on responsibility! Work for  
the thing you believe in. If you don't,  
you are surrendering your fate to others"**

I am not in search of platitudes claiming  
The higher moral ground

I am just your average battler; flaws in me  
are easily found

But with understanding, love and kindness  
empathy, Concern and Selflessness

Make yourself a better person which makes the  
world a better place

**"Thinking should become your capital  
asset, no matter whatever ups and downs  
you come across in your life"**

To make the world a better place to live in  
make yourself a better woman or man  
For peace and justice to all we should contribute  
though short enough is our time span  
If for others, we can show compassion and if  
for others we can genuinely care

Then for the betterment of the human family you  
are surely doing your own share!

**"We are all born with a divine fire in us, our  
effort should be to give wings to this  
fire and fill the world with the  
glow of its goodness".**

## YOUTH – A FIRE: SPARK TO BLAZE

Every third person in the Indian city today is a youth. India is said to experience a dynamic transformation. The largest share of the youth with formal skills was found in Kerala followed by Maharashtra, Tamil Nadu, Himachal Pradesh, and Gujarat. The unequal access to opportunity and the lack of emphasis on education remains a persistent problem. If we ensure the history of India, it is clear that youth can bring a change. Almost all our freedom fighters were young, when they started their struggle for freedom. That spirit resulted in the independence of our country. This enthusiasm among today's youth is eloping somewhere leading to frustration and lack of zeal.

Youth is like a fire

It crept forward

A spark at first

Growing into a flame

Then brightening into a blaze

For the Indian youth, Dr. A.P.J. Abdul Kalam is one of the most inspirable people. According to him the real asset of the country is its youth. That's why Dr.Kalam always motivated and inspired them. He said that "the Indian requires role models in leadership who can inspire youngsters". He always loved to converse with youth, encouraging them to follow their dreams.

He has always inspired the youngster's world by his unique dedication towards his job. Dr. Kalam said "though becoming unique is a difficult challenge, it can be beaten by knowledge and never stop fighting till you succeed. No other democratic nation has 600 million youth. The ignited mind of the youth is the most powerful resources. On the earth, above the earth, under the earth and we are that. "He's echoing, J.F.Kennedy's words to his fellow Americans to relate to Indians.

Ask what we can do for INDIA and do what has to be done to make India what America and other western countries are TODAY. "Let's do what INDIA need from us."

Many Indian youngsters are the source of highly intellectual and technical software engineers. Thus the Indian youngsters are being attracted by the developed countries. Due to persistent problem in job availability and insufficient opportunities in exposing one's own talent our youngsters move towards other countries. This is one of the reasons why India is still being in the list of developing countries. India can become a developed nation only if everyone contributes to the best of his or her ability. India will become a complete nation. Let us hope for the same!!!

## SMART GENERATION OF 2020

In 2020, all the students will be highly educated in the way. Students will lead the country by their deep knowledge and development of various technologies. Everything for their purposes will be in next level, like robots, computers, etc, and it will surely become a smart generation. They will work and survive for their own ambition. Leading with high ambitions, they will develop their society and country; in fact they will be the pillars of every country like our great leader A.P.J. Abdul Kalam.

## JOKE: AN INTERVIEW

Officer: What is your name?

Candidate: M.P Sir

Officer: Tell me properly

Candidate: Mohan Pal sir

Officer: Your father's name?

Candidate: M.P Sir

Officer: What does it mean?

Candidate: Man Mohan Pal sir.

Officer: Your native place?

Candidate: M.P sir

Officer: Is it Madhya Pradesh?

Candidate: No, Munnar Pal sir.

Officer: Your qualification?

Candidate: M.P sir

Officer: (Angrily) what is it?

Candidate: Matric Pass sir

Officer: Why do you need a job?

Candidate: M.P sir

Officer: What does that mean?

Candidate: Money problem sir.

Officer: your personality?

Candidate: M.P sir

Officer: Explain yourself clearly

Candidate: Magnanimous Personality sir

Officer: This discussion is over now, now you may go.

Candidate: M.P sir

Officer: What is it now?

Candidate: M.P sir

Officer: M.P?

Candidate: My performance sir

Officer: M.P

Candidate: It means sir?

Officer: Mentally polluted.

## ABDUL KALAM – EPITOME OF EXCELLENCE

Dr. A.P.J. Abdul Kalam is the ex-president of India. He is a wonderful person, who had sacrificed his life for our nation. When we say the name 'Abdul Kalam' we could remember his face. He was from middle class family. He has struggled a lot to attain his goal. While studying, he sold newspapers and he used that money for his education. He became a defence scientist. Later, he launched the satellite 'Agni' and 'Prithvi'. Indian government honoured him with 'Bharat Ratna' and 'Padma Vibushan' awards. Kalam asked students "to dream", and to work hard to transform dreams into reality.

One of the best examples is we found the part played by youngsters during flood. Youngsters and other people have helped to recover Chennai, Cuddalore from flood by providing food to the people and raising fund for rebuilding the houses. We can see Abdul Kalam in each and every youngster by helping and serving the society. Kalam wrote a book called "wings of fire" which depicts his autobiography. Kalam undoubtedly believes that all his achievements in life are due to grace of God. He loved the students very much. When he was interacting with students in Megalaya, he collapsed and expired from a cardiac arrest. The whole world felt sad for him because of missing such a great personality. He is always remembered for his integrity and simple lifestyle. As Kalam says, youngsters will change the country into a super power. Let us join our hands to make our country as Kalam wanted to be. So, let us all take efforts to give this fire wings, so that the whole world will be filled with the brightness of its goodness.

"Dream is not what you see in sleep  
It's the thing which doesn't let you sleep!"

## FRIENDS FOREVER

Friends are the best. Whenever I feel sad, I share with them and they make me happy. I learn the value of time in life, when I work with them. My friends always stand by me in my distress comforting and consoling me. This is the reason why I like my friends a lot. The memories last even if the contact is lost.

## ENVIRONMENTAL EDUCATION

The need to spread environmental awareness is enormous in the context of successfully addressing environmental problems. It is linked to environmental education. On the one hand, provision of environmental education creates greater awareness in individuals and communities with respect to putting environmental resources to use even while conserving them. On the other hand, greater environmental awareness increases the scope of environmental education—as a discipline as well as inclusion of aspects of it within the scope of other disciplines.

Various media and means are used to spread environmental awareness among the people. The electronic media and the print media are the major mediums of spreading information about environment among the populace—educating them about environmental concerns and ways to address these. News, features, talk shows and discussions on television and radio are increasingly focusing on environmental themes of today.

Global warming, air and water pollution, overuse of fertilisers, the negative implication of use of plastics and polythene, conservation of energy and fuel resources, all these are topics of current media debate. Newspapers and magazines too are, one may say, more environment conscious than ever before. Articles and analyses explore the environmental debate that our globe is headed towards and create awareness in the common man about environmental problems.

Schools and universities play an enormously significant role in generating environmental awareness among children and the youth. Textbooks reveal an increasing concern with environmental problems and solutions and numerous courses are available at the postgraduate level that provide environmental education relating to management and conservation of environment, environmental health, social ecology and so on. The issue of environmental education has been a major cause of concern. Several national and international seminars, conferences and workshops have stressed the need of environmental education.

The United Nations Conference on Human Environment at Stockholm in 1972 played a key role in the emergence of the United Nations Environment Programme (UNEP). The UNESCO held an International Workshop on Environmental Education (ICEE) at Belgrade, Yugoslavia in 1975 to identify the guiding principles of promoting environmental awareness education. It was followed by the International Conference on Environmental Education at Tbilisi, USSR, in 1977 which formulated objectives and principles for developing environmental education at formal and non-formal levels.

The ICEE has been held at New Delhi in the past—in 1980 and in 1985. It was observed during these conferences that the need of the hour was to help create social consciousness and awareness about the harm caused by ecological disruptions. The need for environmental education is recognised by all but there is little actual experience or knowledge about the way to provide it. The objective of such education is that individuals and social groups should become aware, acquire knowledge, develop attitudes, skills and abilities and be able to address real-life environmental problems.

Integrated inter-disciplinary and holistic education is to be provided to all sections of the population. It would first of all require a new approach to education itself—an approach which cuts across different subjects in schools and universities. The goals of environmental education as pointed out by the UNESCO are to create environmental awareness in the world population—an awareness about the whole environment and problems associated with it and generate commitment in people to work individually and in unison towards solving existing problems and preventing new ones from emerging.

### **Objectives:**

**The objectives of environmental education formulated at the UNESCO's Tbilisi Conference (1977) were as follows:**

- i. Acquiring an awareness of the whole environment and the many problems that have arisen with regard to human misuse of environment and developing sensitivity in people in this context.
- ii. Groups and individuals must gain skills for identifying and solving environmental problems.
- iii. To help people gain experiences and gains a basic understanding of the environment and related problems.
- iv. Help people acquire values and feelings of concern for the environment and encourage their participation in improvement and safeguarding of our environment.
- v. Ensure evaluation of environmental measures and programmes in terms of ecological, economic, social, aesthetic and educational factors.
- vi. Provide to all an opportunity to get involved at all levels in the task of resolving environmental problems.

### **Guiding Principles:**

**The guiding principles laid down by the UNESCO ICEE at Tbilisi in 1977 were as follows:**

- i. The need is to consider the environment as a whole, that is, the natural, technological, social, economic, political, cultural, moral, historical and aesthetic environment.
- ii. The need is to have a continuous life process of environmental education—from pre-school level to formal and non-formal education levels.

- iii. An interdisciplinary approach to spread awareness of environmental problems and knowledge about environment is necessary.
- iv. Major environmental issues are to be examined from local, national, regional and international perspectives.
- v. The complex natures of environmental problems are to be recognised and critical thinking and problem-solving skills need to be developed in people.
- vi. The value of local, national and international cooperation in addressing environmental problems is to be highlighted.
- vii. The need is to use available knowledge about the environment and the many available approaches to teaching and learning.

Of The Day**

## BLOOD – THE GIFT OF LIFE

- Ø The main four blood groups are A, B, AB, & O. The first three blood groups were discovered by Karl Landsteiner – Austrian physician in 1901.
- Ø Hence his birthday is celebrated as “World Blood Donors Day” on June 14th and “National Blood Donation Day” on Oct 1st in India.
- Ø The gift of blood is gift of life because there is no substitute for human blood”.
- Ø Blood cannot be manufactured; it can only come from generous donors.
- Ø Adults have around 10 pints of blood in their blood. 1 pint of blood is giving during a donation.
- Ø Every 2 seconds someone needs blood. More than 38,000 blood donations are needed every day.
- Ø Every year our nation requires about 4 crore units of blood, out of which only a meager 40 lakh units of blood is available.
- Ø 1 pint of blood can save up to 3 lives...!
- Ø Only 2% our local eligible population donates blood each year.
- Ø The no: 1 reason donors say they give blood because they want to help others.
- Ø The most common reason cited by people who don't give are “never thought about it”.
- Ø Donors can either give whole blood or specific blood components only like RBC, plasma and platelets.
- Ø A total of 30 million blood components are transfused each year.
- Ø Donors can give blood every 56 days and platelets every 7 days, maximum 24 times a year.
- Ø 42 days is the shelf life for red cells where as 5 days is the shelf life for platelets.

Events of blood use

units of blood

Automobile accident

50-100 units

Burnt victims

20 units

Heart surgery

6 units

Organ transplant

40 units

Bone marrow transplant

120units

Sickle cell patients require frequent blood transfusion through their life.

## AN OUNCE OF BLOOD IS WORTHIER THAN A POUND OF FRIENDSHIP

Giving blood a selfless act,  
You give your blood, get nothing back.  
Of course that's quite true  
Donating blood does lots for you.

It makes you feel warm inside  
And justly filled with righteous pride  
You think of where your blood will go  
And get great pleasure as it flows

Out of your arms, for others' use  
It's beautiful, life giving juice  
It's not great, to brag or sway  
But might help someone, live a day

They wouldn't have seen otherwise,  
Or you might save a mother's cries  
As she rocks, a child who is sick,  
Saved by "just a little prick"  
And half an hour of your day  
Spent in the most rewarding way.

## MY FATHER

Lost and wearied in this land  
Land where sin is the Blood of every hand  
Left to live a worthless life of hate  
Hate which made my life a Detest  
Each time when Temptation and Tribulation are born within me  
I clutched myself and looked back to thee  
There stood my Father, Eyes filled with Tears and Sorrows  
Sorrows that reminded me of the CROSS  
A Father who gave his life  
His sinless life for sinners.  
I ran back to his arms.....  
Arms that were pierced for me and blood that was shed for me  
My father told me this, My arms were pierced  
for you but the pain and cry was for the joy that  
I bestowed upon you, yet the pain and of losing  
you in this wicked land is more than any whip or  
Nail that pierced through me, so therefore I  
shouted in a loud cry  
My father, My Father, Draw me to the hand and  
nothing else I plead.

## YOU CAN LEAD STUDENTS TO KNOWLEDGE BUT HOW DO YOU MAKE THEM THINK? — STEVE JOORDENS

Like many professors perhaps, I initially thought that my primary responsibility in the classroom was to present course content to my students in a manner they would find interesting and informative. I was sharing the knowledge that formed the core of the course that I was teaching. Sharing knowledge is important but I now believe that it comes second in term of what universities should be delivering to their students. More important is teaching students now to work with knowledge from considered opinions: - " how to critically and creatively voice those opinions in a clear and efficient manner in either written or spoken form and modify those opinions in light of new information".

Teaching students how to think well and to communicate their thoughts clearly help them in life's contexts, from board rooms to operating tables, Moreover, given the existence of the internet and even more efficient searches engine, acquiring knowledge is relatively easy, using it in novel and relevant ways is more challenging.

**"Good teaching is more a giving of right questions than a giving of right answers  
—Joref Albers"**

When attempting to solve a problem. The goal setting state makes sense to first define the goal state. Students should be taught the importance of critical thought.

However, from birth each of us is surrounded by a world filled with others who hold opinions. As skinner, put it **"Society attacks early, when the individual is helpless"**. We are surrounded by those who believe certain perspectives are correct. Doctrine processes are especially powerful if the perspective under consideration is omnipresent or if espoused by people for whom we have respect or admiration.

"We need to care for our environment"

"Reducing pain"

"Suffering is good"

"Being healthy is good"

These four opinions should not be forced to reside in the same mind as everyone will have different opinions. Thus, students who enter our classrooms do indeed come in with a "stock of old opinions" but many, if not most, of these opinions adopted from one's family, culture and other relevant aspects of one's pre-university context "eg: Media".

## **Never stop Learning; Knowledge doubles every fourteen months – Anthony J.D' Angelo**

What is the purpose of education ? How does one effectively introduce their students to rational thoughts, if such thought is not natural to them? To some extent, this challenge contains "aspect of teaching, any new skill" for example, teaching is the "process involved in playing a musical instrument". Any skill can be developed by effective practice. For effective practice, students have to see the value of the practice and need to be given the right practice experience. However when it comes to critical thought, they need to expose themselves to troublesome attempts often directly opposed by psychological defences.

### **"Practice makes men perfect"**

Thus, the process described by 'James' reflect how an "open mind" works, but a truly open mind is something the majority of us does not possess. The first step to teaching critical thought then is to open student's mind by opening the eyes to confirmation bias.

The critical thought is to expose students to literature showing both its importance and how difficult it is to teach. For my experience, two examples from the real world, one is "past" and one is "present". The example from the past shows the challenges and importance in a "safe", detached manner. The example from the present emphasizes the "extent of the psychological defences to critical thought, especially when such thought implies profound changes in behaviour". This present day example transforms the issue from the "abstract to something the students can truly feel". The Declaration states that "all men are created equal" and that all people have the right to "Life, Liberty and the pursuit of happiness".

### **Education is not preparation for life, Education is life itself - John Dewey**

Teaching students the importance of critical thought and the defences that impede it should be viewed as one of, if not the central role of university in society. For students to really appreciate the importance of critical thought they need to experience them directly, preferably in a palpable manner.

Learning is the beginning of wealth

Learning is the beginning of health

Learning is the beginning of spirituality,

Searching and Learning where the miracle process all begins.

# TECH-SAVVY EDUCATIONAL TECHNOLOGY

## The college of 2020

'What is college?' and 'why should I go?' Those may be the defining questions for colleges over the next decade. More than an expression of teenage angst, they reflect a fundamental transformation in the way students see higher education, and how they want to go about getting it.

## Student's convenience in the future

More students will attend classes online, study part time, take courses from multiple universities, and jump in and out of colleges. Students will demand more options for taking courses. And they will make those demands for economic reasons, too. More and more students are looking for lower-cost alternatives to attending colleges. Three-year degree programs, which some colleges are now launching, will almost assuredly proliferate. The trend toward low-cost options also will assuredly open doors for more inexpensive online options.

These changes, and the pressure they will put on colleges to adapt, are coming at a particularly acute time. While many jobs still do not require a college degree, nor will they in the future, most of the higher-paying, career-oriented jobs increasingly require a college degree as a means of entry or advancement. In the other words, the product colleges are offering is in greater demand than ever.

Colleges that have resisted putting some of their courses online will almost certainly have to expand their online programmes quickly. Many colleges are learning from the for-profit college industry that they must start courses and certificate programs at multiple times, throughout the year.

## The conversion to more convenience for students will multiply over the next decade

To some degree, these situations are already happening, and they will be amplified as time goes on. Students will increasingly expect access from cellular phones and other portable computing devices.

They may sign up to take a course in person, and then opt to monitor class meetings online and attend whenever they want. Classrooms discussions, office hours with a professor, lectures, study groups, and papers will be online.

## Who should the students be?

It should come as no surprise that student bodies will increasingly be made up of members of minority groups. At some plan, probably just after 2020, minority students will outnumber white students on college campuses for the first time. The average age of students will keep trending higher as exceptions shift in favour of people going back to college again and again to get additional to advance their careers or change to new ones.

## **The college of 2020: 21<sup>st</sup> – century learners**

Today's students see their educational futures built almost entirely around technology. And certainly computers will be even more central to the educations of younger students now rising through elementary and high schools.

Two- reports one – recent and one nearly five years old but still prescient, help tell the story of the next generations of the college. They are restless with the traditional forms of learning and eager to incorporate into their educations the electronic tools that have become omnipresent in their lives-their smart phones, laptop, computers, I pad and MP3 players.

Their visions for what they want from their education are concepts; educators might criticize but cannot afford to dismiss. Educators are increasingly finding that students want to design their own curricular and find ways to learn in their own style. Colleges that attempt to cram their styles on students claiming that it is good for them may quickly find themselves uncompetitive in the new-higher- education universe.

### **Designing the perfect learning tool**

A similar report, "visions 2020" based on a survey sponsored by the U.S. Department of commerce, the department of education and a non profit organization in California was to be noted for its interesting points. By combining the most popular elements of the survey answers, created a futurist vision of what the learning tools of the elementary or secondary school student of 2020 will look like.

Every student would use a small handheld wireless computer that is voice activated. The computer would offer high-speed access to a kid-friendly internet populated with websites that are safe and designed especially for use by students with no pop-up ads.

The college student of 2020 will be the grown-up version of this characterization. She will crave personalization and convenience. Many of the students who completed the survey suggested that learning should be personalized based on the students' desires and how they learn best. Some student are visual learners, some are auditory others are experiential, and many are the combination of all the three.

Remember, the freshman of 2020 is a first grader today. Market research from commercial producers describes an even more technology- brave group coming up behind the student now in middle school and high school. Research by the NDP group shares that 82% of children age up to 2-5 play games on video- game consoles. Kids have shown increased use of portable digital music or video players in the last year.

## HEAD START TO SUCCESS

The sooner you start, the better you'll perform. Personal development begins with self-awareness with yourself; you get to know who you really are, your principles, beliefs and the purpose you wish to chase. True accomplishment can never come from chasing other people's dreams. If you want to achieve lasting contentment, you need to carve out a path based on your strong points. It will enable you to pursue your own goals and objectives. When you are chasing your own target, there is as much happiness to be attained from the voyage as there is to be derived on achieving the target with self-awareness, you are clear about the goals and objectives.

Decision-making becomes less tricky. Tasks which used to eat up your time now no longer appear in your to do-list. Now you are more focused towards your objectives and therefore, do not worry about those little things. Never look at it. You should take it in as systematic keynotes of negatives of yours which you should alter it into winning jockey with the above stated transformations in your life. Prioritisation becomes a lot easier. Now your objectives are clearer and you can swiftly make out which task will the resources access at that moment.

In the course of achieving our set objectives from life, you are likely to encounter tough times as well and in order to deal with them effectively; you need to demonstrate the right skills and traits. The level of maturity you have gained will definitely help you in your trying times. At this stage of your life you are totally a new person with greater poise, flexibility, personal and interpersonal abilities to deal with any challenge. There is no harm in starting preparations for future success. Few inspirations and hard work will certainly help you in terms of great lenses of direction and enhancing focus towards success.

## A GREAT TEACHER

What makes a great teacher? Teaching is one of the most complicated jobs today. It demands broad knowledge of subject matter, curriculum, and standards; enthusiasm, a caring attitude, and a love of learning; knowledge of discipline and classroom management techniques; and a desire to make a difference in the lives of young people. With all these qualities required, it's no wonder that it's hard to find great teachers.

**Here are some characteristics of great teachers:**

**Great teachers set high expectations for all students:** They expect that all students can and will achieve in their classroom, and they don't give up on underachievers.

**Great teachers have clear, written-out objectives:** Effective teachers have lesson plans that give students a clear idea of what they will be learning, what the assignments are and what the grading policy is. Assignments have learning goals and give students ample opportunity to practice new skills. The teacher is consistent in grading and returns work in a timely manner.

**Great teachers are prepared and organized:** They are in their classrooms early and ready to teach. They present lessons in a clear and structured way. Their classrooms are organized in such a way as to minimize distractions.

**Great teachers engage students and get them to look at issues in a variety of ways:** Effective teachers use facts as a starting point, not an end point; they ask "why" questions, look at all sides and encourage students to predict what will happen next. They ask questions frequently to make sure students are following along. They try to engage the whole class, and they don't allow a few students to dominate the class. They keep students motivated with varied, lively approaches.

**Great teachers form strong relationships with their students and show that they care about them as people:** Great teachers are warm, accessible, enthusiastic and caring. Teachers with these qualities are known to stay after school and make themselves available to students and parents who need them. They are involved in school-wide committees and activities, and they demonstrate a commitment to the school.

**Great teachers are masters of their subject matter:** They exhibit expertise in the subjects they are teaching and spend time continuing to gain new knowledge in their field. They present material in an enthusiastic manner and instil hunger in their students to learn more on their own.

**Great teachers communicate frequently with parents:** They reach parents through conferences and frequent written reports home. They don't hesitate to pick up the telephone to call a parent if they are concerned about a student most states satisfied the government that they were making serious efforts, but a few were told to come up with new plans.

**Recommendations from the National Commission on Teaching:**

In 1996 the National Commission on Teaching, a private bipartisan panel, made several recommendations for ensuring that every classroom has a qualified teacher. Among the recommendations were the following key points:

- Raise professional standards for teachers.
- Improve salaries and working conditions.
- Reinvent teacher preparation and professional development.
- Encourage and reward teacher knowledge and skills.

Implementing these recommendations, however, is a slow process, dependent upon legislation as well as increased funding from both the central and state governments, and a will to implement changes at the district level. Parents can work together to keep the superintendent, their school board members and their state legislators focused on the goal of having a high-quality teacher in every classroom.

## LET'S SEEK TO BOOST BLOOD DONATIONS

Blood Donations are dropping so low that serious, nationwide shortages could be found as early as next year. The Government hospitals and NGOs hunt ways to get more people to donate blood more often.

"The National Blood Data Resource Centre" predicts that next year the people will donate just fewer than 11.7 million units of blood, but that hospitals will need 11.9 million units. Blood donations are decreasing about 1 percent a year.

Blood Donations are down at many blood banks across the nation and more people are giving only for themselves, their friends and family because of what blood-collection centres call an irrational and exaggerated fear of contracting AIDS.

National Blood-collection Centres or authorities insist there is absolutely no donor risk from giving Blood. For those receiving transfusions, federal epidemiologists say, the Blood supply is 99.5 percent safer now than it was six months.

### Importance of donating blood

Blood donation is one of the most noteworthy contributions that an individual can make towards the society. The body of the donor can rejuvenate the blood within few days. The world Blood Donor Day is observed on 14<sup>th</sup> June every year. An ailing body needs blood for various reasons. He may be attacked with anaemia, undergone an operation or may met with an accident. But such a patient may die for want of blood as it is not always available. Even a pregnant mother may need blood in case of emergency situation.

The Blood You Donate Gives Someone Another Chance At Life. One Day That Someone May Be "A Friend", "A Loved one" or "Even You". Spare only 15 minutes and save one life.....Give to Let them live.....

# இளைய சமுதாயத்தின் இன்றைய நம்பிக்கை : நாளைய சாதனை

முன்னுரை :

அரிது அரிது மானிடராய் பிறத்தல் அரிது.

சுன் குருடு, செவிடு இன்றி பிறத்தல் அதனினும் அரிது.

என்னும் ஓளவையின் வாக்கிற்கேற்ப இன்றைய இளைஞர்கள் மிகுந்த பலசாலிகளாகவும், அறிவுத்திறம் கொண்டவர்களாகவும் உள்ளனர். ஆனால் எளிதில் உணர்ச்சி வயப்படுபவர்களாகவும், நம்பிக்கையற்றவர்களாகவும் இருப்பதனால், அவர்களால் எதையும் சாதிக்க முடிவதில்லை. அதனைப் பற்றி இக்கட்டுரையில் காண்போம்.

இளமையில் முக்கியத்துவம் :

இளைஞனே ! இளமையில் உண்மையோடும் உழைப்போடும் செயல்படு. உடனுக்கு இளமை ஒரு சில காலம், மனதுக்கு இளமை மரணம் வரையிலும் ! இந்த இளமை தான் வாழ்விற்கு அடித்தளம் அமைக்கும். இளமையின் துணிவே எதிர்கால வாழ்க்கை. இந்த சமயத்தில் எப்போதும் விழிப்புடன் இரு ; சாதிக்க முயற்சி செய். உன்னுடைய கற்பனையை விரிவாக்கு. இளமையில் எப்போதும் கனவுகள் அதிகம். உனது ஒழுக்கத்தைக் காத்துக் கொள். எனவே, இளமையில் அன்பும், அமைதியும், ஒழுக்கமும், துணிவும், சாதிக்கத் தூண்டும் உணர்வும் அவசியம். இளமையை இழந்து ஏமாந்து நிற்காதே. ஒரு தனி மனித வாழ்வின் வளர்ச்சியையும், சமுதாய வளர்ச்சியையும், உலகில் மாற்றத்தையும் இந்த இளமையில் தான் கொண்டுவர முடியும். வாலிபத்தில் வரும் உணர்ச்சிகளுக்கு இடம் கொடாமல், சோம்பித்திரியாமல் உழைப்புக்கு முக்கியத்துவம் கொடுத்து வாழ்க்கையில் உயர் வழி தேட வேண்டும். செய்ய வேண்டிய கடமைகளைச் செவ்வனே செய்து இந்த நாட்டிற்கும், பெற்றோருக்கும் பெருமை சேர்க்கும் வழியைத் தேடுங்கள்.

தன்னம்பிக்கை :

நம்பிக்கையும், முயற்சியும் உடையவனே சாதனையாளனாகின்றான். ஒவ்வொருவருக்கும் ஒரு இலக்கு இருக்க வேண்டும். அதற்கு எவ்வொருவன் முக்கியத்துவம் கொடுத்து முயற்சியோடு உழைக்கின்றானோ அவனே வெற்றியடைகின்றான்.

கடின உழைப்பு, தெளிவான திட்டம், செய்யும் தொழிலின் நேர்மை இவை உனது குறிக்கோளை எளிதில் சென்றடையலாம். எடுத்துகாட்டாக, இளமையில் சாதித்தவர் தொழிலதிபர் வெற்றி போர்டு. தனது முதுமையிலும் உழைக்க வேண்டும் என்ற தூண்டுதல் அவரிடம் இருந்தது. அவரைப் பார்த்து பொறாமை கொண்ட இளைஞனொருவன் அவரிடமே சென்று உங்களால் மட்டும் எவ்வாறு இவ்வளவு செல்வம் சேர்க்க முடிந்தது என்று கேட்டான். அதற்கு அவர் கூறிய பதில் என்ன தெரியுமா ? இளைஞனே ! உன் இளமையை எனக்குத் தா. எனது செல்வம் முழுமையையும் நீ எடுத்துக் கொள் என்று கூறினாராம். இது அவருடைய நம்பிக்கை ! எனவே, பிறரை பார்த்து, பொறாமை கொள்ளாமல் உண்மையோடும், தன்னம்பிக்கையோடும் செயல்பட்டு உங்களது வருங்காலத்தைப் பயனுள்ளதாக்கிக் கொள்ளுங்கள். உங்கள் உழைப்பு பிறரை பழிவாங்குவதாய் இருக்கக் கூடாது. பிறருக்கு பயன்படுவதாய் இருக்க வேண்டும்.

## இளைய சமுதாயத்தின் இன்றைய நம்பிக்கை ; நாளைய சாதனை

முன்னுரை:

அரிது அரிது மானிடராய் பிறத்தல் அரிது.

சுடன் குருடு, செவிடு இன்றி பிறத்தல் அதனினும் அரிது.

என்னும் ஓளவையின் வாக்கிற்கேற்ப இன்றைய இளைஞர்கள் மிகுந்த பலசாலிகளாகவும், அறிவுத்திறம் கொண்டவர்களாகவும் உள்ளனர். ஆனால் எளிதில் உணர்ச்சி வயப்படுபவர்களாகவும், நம்பிக்கையற்றவர்களாகவும் இருப்பதனால், அவர்களால் எதையும் சாதிக்க முடிவதில்லை. அதனைப் பற்றி இக்கட்டுரையில் காண்போம்.

இளமையில் முக்கியத்துவம்:

இளைஞனே ! இளமையில் உண்மையோடும் உழைப்போடும் செயல்படு. உடனுக்கு இளமை ஒரு சில காலம், மனதுக்கு இளமை மரணம் வரையிலும் ! இந்த இளமை தான் வாழ்விற்கு அடித்தளம் அமைக்கும். இளமையின் துணிவே எதிர்கால வாழ்க்கை. இந்த சமயத்தில் எப்போதும் விழிப்புடன் இரு ; சாதிக்க முயற்சி செய். உன்னுடைய கற்பனையை விரிவாக்கு. இளமையில் எப்போதும் கனவுகள் அதிகம். உனது ஒழுக்கத்தைக் காத்துக் கொள். எனவே, இளமையில் அன்பும், அமைதியும், ஒழுக்கமும், துணியும், சாதிக்கத் தூண்டும் உணர்வும் அவசியம். இளமையை இழந்து ஏமாந்து நிற்காதே. ஒரு தனி மனித வாழ்வின் வளர்ச்சியையும், சமுதாய வளர்ச்சியையும், உலகில் மாற்றத்தையும் இந்த இளமையில் தான் கொண்டு வர முடியும். வாலிபத்தில் வரும் உணர்ச்சிகளுக்கு இடம் கொடாமல், சோம்பித்திரியாமல் உழைப்புக்கு முக்கியத்துவம் கொடுத்து வாழ்க்கையில் உயர்வழி தேட வேண்டும். செய்ய வேண்டிய கடமைகளைச் செவ்வனே செய்து இந்த நாட்டிற்கும், பெற்றோருக்கும் பெருமை சேர்க்கும் வழியைத் தேடுங்கள்.

தன்னம்பிக்கை :

நம்பிக்கையும், முயற்சியும் உடையவனே சாதனையாளனாகின்றான். ஒவ்வொருவருக்கும் ஒரு இலக்கு இருக்க வேண்டும். அதற்கு எவ்வொருவன் முக்கியத்துவம் கொடுத்து முயற்சியோடு உழைக்கின்றானோ அவனே வெற்றியடைகின்றான்.

கடின உழைப்பு, தெளிவான திட்டம், செய்யும் தொழிலின் நேர்மை இவை உனது குறிக்கோளை எளிதில் சென்றடையலாம். எடுத்துகாட்டாக, இளமையில் சாதித்தவர் தொழிலதிபர் ஹென்றி போர்டு. தனது முதுமையிலும் உழைக்க வேண்டும் என்ற தூண்டுதல் அவரிடம் இருந்தது. அவரைப் பார்த்து பொறாமை கொண்ட இளைஞனொருவன் அவரிடமே சென்று உங்களால் மட்டும் எவ்வாறு இவ்வளவு செல்வம் சேர்க்க முடிந்தது என்று கேட்டான். அதற்கு அவர் கூறிய பதில் என்ன தெரியுமா ? இளைஞனே ! உன் இளமையை எனக்குத் தா. எனது செல்வம் முழுமையையும் நீ எடுத்துக் கொள் என்று கூறினாராம். இது அவருடைய நம்பிக்கை ! எனவே, பிறரை பார்த்து, பொறாமை கொள்ளாமல் உண்மையோடும், தன்னம்பிக்கையோடும் செயல்பட்டு உங்களது வருங்காலத்தைப் பயனுள்ளதாக்கிக் கொள்ளுங்கள். உங்கள் உழைப்பு பிறரை பழிவாங்குவதாய் இருக்கக் கூடாது. பிறருக்கு பயன்படுவதாய் இருக்க வேண்டும்.

பிரச்சினைகள் தரும் பாதிப்புகள் :

இன்றைய இளைய தலைமுறை இளைஞர்கள் மது, மாது, கூது, புதைப்பிடித்தல் போன்று தவறான வழிகளில் தங்களை ஈடுபடுத்திக் கொள்கிறார்கள். இந்த தலைமுறை இவ்வாறு சென்றால் இன்றைய இந்தியாவின் எதிர்காலம் இளைஞனின் கையில் என்று எவ்வாறு சொல்ல முடியும் ? மது : இன்றைய இளைஞர்கள் ஒரு நாகரீகமாக கருதுகிறார்கள். இதன் தாக்கம் அவனுடைய வருங்கால வாழ்க்கையை பாதிக்கிறது. மாது : இது மகிழ்ச்சியைத் தருவது என்று நினைக்கிறார்கள். படிக்கும் பருவத்தில் படிப்பை மறந்து தவறான செயல்களில் ஈடுபடுகிறார்கள். நட்பு என்று கூறிக்கொண்டு முறை தவறி சிறிதும் சிந்தனை இல்லாமல் வாழ்வைப் பாழாக்கிக் கொள்கிறார்கள். நல்லப் பழக்கங்களைக் கற்றுக்கொண்டு முன்னேற்றப் பாதையை நாடுங்கள். நாளை நீங்களும் வெற்றிக் கனிகளை எட்டிப் பறிக்கலாம்.

தகவல் தொடர்பு சாதனங்களின் தாக்கம் :

தகவல் தொடர்பு சாதனங்களின் வளர்ச்சி நமது கலாச்சாரத்தின் மாண்பையும் மதிப்பையும் கெடுத்துக் கொண்டு வருகிறது. இன்றைய அதிநவீன உலகில் உள்ள நன்மைகளை அதிகரித்துக் கொள்வதை விட அநாகரீகமான செயல்களை சித்தரிப்பதில் மதிமயங்கி, காலத்தையும், நேரத்தையும் வீணடித்துக் கொள்கிறார்கள்.

ஊடகங்களின் தாக்கம் ஒருபுறம், சமூக வலைதளங்களின் தாக்கம் இன்னொருபுறம் இவற்றுக்கிடையில் தங்கள் குடும்பத்தில் உள்ளவர்கள் தரும் அதிக சுதந்திரம் மறுபுறம். இதனிடையே தன்னம்பிக்கை மங்கிப் போய்க் கொண்டிருப்பது பலருக்கு தெரியாமலே போய் விடுகிறது.

அறிவியலின் கண்டுபிடிப்புகள் மனித குலத்தின் உயிர்காக்கும் கருவி என்பது யாராலும் மறுக்க முடியாத உண்மை. ஆனால் அதே அறிவியல் தான் வாழ்க்கையையும் சீரழித்துக் கொண்டிருக்கிறது என்பதை யாரும் உணருவதில்லை. இதனை இளைய சமுதாயம் உணர முற்பட்டால் பிரச்சினைகளிலிருந்தும், பாதிப்புக்களிலிருந்தும் விடுபட முடியும்.

முடிவுரை :

உணர்ச்சியைக் கட்டுப்படுத்த முடியாதவன் மிருகம்

கட்டுப்படுத்த தெரிந்தவன் ஞானி

அதனைப் பொருட்படுத்தாமல் இருப்பவன் இறைவன்

பிறர் உணர்ச்சிகளை மதிக்கத் தெரிந்தவன் மனிதத் தன்மை மிக்கவன் - என்பதனை இன்றைய இளையச் சமுதாயம் உணர்ந்து கொண்டால் நாளை நல்ல சமுதாயத்தை உருவாக்க முடியும் என்று நம்பிக்கையோடு முடிக்கின்றேன்.

வெல்க பாரதம், வாழ்க பாரதம் !

முனைவர். பு. எழிலரசி,  
தமிழ்நாடு தலைநகர்

## தன்னம்பிக்கை

இளைய தலைமுறையே இளைய தலைமுறையே  
இளைப்பாறும் இனம் இல்லை நீங்கள்  
இந்த யுகம் தேடும் செல்லப்பிள்ளை நீங்கள்  
இனி இந்த யுகமும் விழுவதில்லை  
இனி இந்த யுகத்தை இகழ்வாரும் இங்கில்லை....

வந்தோம் வாழ்ந்தோம் விழ்ந்தோம் என்பது தான் வாழ்வா ?  
வந்தோம் வாழ்ந்தோம் வென்றோம் சரித்திரமானோம் என்பது தானே வாழ்க்கை  
சுண்டாடுக்கிளியாய் குறுகிய வட்டத்துக்குள்ளே வாழ்க்கை வேண்டாமே  
சிறகடித்து விண்ணில் பறந்து இந்தப் பாரையே சுற்றி திரிந்து வாழ்ந்து போய்களேன்

கண்களை சுவீரமப்படுத்து, செவிகளை செம்மைப்படுத்து  
இதயத்தை இரும்பாக்கு ; தன்னம்பிக்கையை கருவியாக்கு  
வெட்ட வெட்ட துளிரீவிடும் தாவரங்களை கண்டாயா?  
வீழும்போதும் தவறும்போதும் மீண்டும் எழும் உயிரினங்களை கண்டாயா?  
சில தோல்விகளால் நீங்கள் ஏன் முயற்சியை மறந்து போகிறீர் ?

தாகம் தீர்த்தால் தான் தண்ணீர்;  
பசி தீர்த்தால் தான் உணவு ;  
அரவணைத்தால் தான் அன்னை ;  
எழுச்சி கண்டால் தான் எரிமலை  
குழறிக் ககொண்டிருக்கும் எரிமலையாழி ;  
குன்றின் மேலிட்ட விளக்காழி....

இளைய தலைமுறையே இளைய தலைமுறையே  
வாழ்ந்து காட்டுங்கள் ; வழியை காட்டுங்கள்  
வென்று காட்டுங்கள் ; இந்த பார் யுகடி சரித்திரமாழிங்கள்....

சோம்பல் எனும் இருளிலே ஓழுகி கிடக்கவா சிறந்தீர் நீங்கள்  
பூரியைப் பிளக்கும் விதைதையப் போல விண்ணைத் தொட  
உயரே பறக்கும் சீனிக்ஸ் பறவைபோல இருங்கள்...

கோடியில் ஒரு எழுத்தா, ஆழிரத்தில் ஒரு பக்கமா நீங்கள்  
சரித்திரத்தில் தலைப்பாய் மாற தாவி வரும் அலையைப் போல  
எழுந்து வாருங்கள்

இன்பம், ஆரீப்பரிப்பு, அன்பு, வெற்றி, சாதனை, சரித்திரம் அனைத்தும் இங்கே  
தன்னம்பிக்கையோடு ! எழுந்து நில் ; கதரியமாய் முன் நடந்து செல் ;  
விண்ணைத் தொட கைகளை உயர்த்து ; ஆம் அனைத்தும் உங்களுக்கே !..

இறைவன் அளித்திட்ட ஓளையை ஓன்று சதவிதம் தான் உபயோகிப்பதா ?  
 முப்பது மடங்கு அதிகமாய், தொண்ணூறு சதவிதம் உபயோகித்து யா !  
 உலகத்தை ஆளப்போவது நீங்கள் ;  
 உலகத்துக்கே வழிகாட்டி நீங்கள் தான் ?....

வாழும் போது உலவும் சரித்திரமாயிரு :  
 விற்றத அன்பு ஏட்டில் சரித்திரமாயிரு :  
 நம் செயல்கள் சாதாரணமாக இருக்கலாம்  
 அதை செய்யும் விதமே சாதனையாக மாறும்....

 பேராசிரியர், தமிழ்த்துறை

## கல்வி

ஒரு குழந்தை தன் தாயின்  
 கருவறையில் இருப்பது  
 ஒன்பது மாதம்....  
 அக்குழந்தைக்கு கல்வி  
 என்னும் ஆயுதம் இருப்பது  
 அதன் ஆயுட்காலம் வரை...

## வெற்றி

தோல்வி எனும் பாடம்  
 மனிதன் முழுமையாக படித்து தெளியும் வரை....  
 வெற்றி எனும் கனி அதை சுவைத்து தெளியும் வரை....

M. சுதா,  
 உதவி பேராசிரியை, B.B.A., (CA)

## தோல்வி

நீங்கள் ஒவ்வொரு தடவையும்  
 தோற்கும் போது நாம் இன்னும் பெரிய  
 செயல்களில் வெற்றி பெற போகிறோம்.  
 என்பதை மனதில் வைத்துக் கொள்ளுங்கள்

## அம்மா

வார்த்தைகளே இல்லாத  
 வடிவம் !  
 அளவுகோலே இல்லாத  
 அன்பு !  
 சுயநலமே இல்லாத இதயம் !  
 வெறுப்பை காட்டாத முகம் !  
 அம்மா !

C.A. உமா  
 உதவி பேராசிரியை, B.B.A., (C.A.)

## ஆசை

ஆசைகள் இல்லாத வாழ்க்கையை நீ  
 எப்போது தேடி செல்கிறாயோ அப்போது  
 துன்பங்கள் இல்லாத வாழ்க்கை  
 உன்னை தேடி வரும்.

மண்ணின் மைந்தனே மா மனிதனே (ஞானியே)  
உன் ஐனான நானை கொண்டாட இங்கே அழைக்கப்பட்டு  
அமர்ந்து இருக்கிறோம் ! உள்ளோம் !

டாக்டர். அப்துல்கலாம்  
பிறந்தநாள்

வானில் சூரியன் தோன்றவில்லை என்றால் உலகே இருளாகும் !  
நீ இங்கே இல்லை ! இந்த ஆடமே (மனம்) இருளாக இருக்கிறது !  
இயற்கையோடு கலந்தாய்  
அனைத்து இதயங்களிலும் வீற்றிருக்கிறாய் !  
இன்னும் கொஞ்ச நாள் எங்களை ஆடும்பாய் என்று நாங்கள் நினைத்தோம் !  
பூமித் தாய்க்கு பொறுக்கவில்லை !  
உன்னை பிரிந்து இருப்பதை நினைத்து !  
உன் பூத உடலை எடுக்க வந்ததோ கறப்பு வேளை  
உன் இறப்பு நாள் மாணா வரிகளுக்கு ஓர் இழப்பு நாள் !

உன் உடலை மட்டுமே பூமித்தாய் கேட்டாள் ? எடுத்துக் கொள்ளட்டும் !  
உன் சுவாசத்தை எங்களிடமிருந்து பிரிக்க முடியுமா ?  
மனிதன் தினமும் அறக்கிறான் உன் சுவாசத்தை பெற்று !  
இந்நாளில் உன் அறந்தநானை எண்ணி  
கலாமே உனக்கு என் சலாம் !  
கலாமை எண்ணி சில வார்த்தைகள்.....

கருவறையில் ! வெளிப்படும் போதே  
நீ கனம்பெற்றாய் !  
உன் தாசின் மடிவில் ஆண் மகவு அறந்தது என்று !

சிறு பருவத்திலே ! நீ தந்தை மனதில் சந்தோஷத்தை ஏற்படுத்தினாய் !  
வாஸித்தில் சிறப்பு பெற்றாய் ! வயோதிகத்தில் சிகரம் தொட்டாய் !  
இறப்பில் அனைவர் இதயத்திலும் இடம் பெற்றாய் !

எளிமை என்பது உடல் தோற்றத்திலும், உடை மாற்றத்திலும் இல்லை !  
உன் தாசின் கருவறையில்...  
கண்டிப்பும், கடின உழைப்பும் தந்தையின் வளர்ப்பில்.....  
எதிர் நீச்சலும், எண்ணத்தின் ஏக்கமும் உன் உள்ளத்தில்....  
அன்பும், பாசமும் அண்ணாவர் குடும்பத்தில்...  
அண்ணாவருக்கு அறிவும், இறை ஆசீரும்....

தொடங்கினார் பயணியை ! தொடர் இலக்கு என்னும் சிகரத்தை !  
செலுத்தினார் கோனா ! பாரதம் அடைந்தது புகழ்ச்சியை !  
அனைவர் உள்ளத்திலும் மகிழ்ச்சியே.

துணைப் பேராசிரியர் - தமிழ்த்துறை

## கனவு

கனவு காணுங்கள்  
ஆனால் கனவு என்பது  
நீ தூக்கத்தில்  
காண்பது அல்ல  
உன்னைத்  
தூங்க விடாமல்  
செய்வது எதுவோ  
அதுவே இலட்சிய கனவு  
நமது பிரபு ஒரு சம்பவமாக இருக்கலாம்  
ஆனால்  
இறப்பு ஒரு சரித்திரமாக இருக்க வேண்டும் !

S. தீவ்யா  
I B.Com., (CA)

## தேசியக் கொடி

கதிராடை நெய்து,  
ஒவண்ணம் கலந்து,  
முக்கருத்து உணர்த்தி,  
நற்சக்கரம் பொருத்தி,  
நானிலம் போற்றும்,  
மணிக்கொடியே !!  
பளிச்சிடுவதில் பாகுபாடில்லை !  
பாமரனின் சட்டையில் ஒளிர்வாய் !  
பாராளுமன்றத்தில் பறந்திடுவாய் !  
பாக்களால் உன்னைத்  
தொழுதிடுவோம் !  
பாரதம் முழுவதும்  
வணங்கிடுவோம் !

C.A. பிரேமன்  
I BBA., (CA)

## எண்ணம்

உன் எண்ணம்  
விண்ணை  
தொட வேண்டும்  
என்றால்....  
உன் வியர்வை  
மண்ணை  
தொட வேண்டும்....

C.A. நந்தினி  
I B.Com., (CA)

## கிராமத்தின் உயர்வு ; நாட்டின் உயர்வு ;

நம்முடைய உண்மையான உழைப்பு  
நம் குடும்பத்திற்கு உயிர் கொடுக்கும்  
நம் குடும்பம் உயர்ந்தால்  
நம் கிராமம் உயரும்  
நம் கிராமம் உயர்ந்தால்  
நம் மாநிலம் உயரும்  
நம் மாநிலம் உயர்ந்தால்  
நம் நாடு வளமான நாடாகப் பரிணமிக்கும்  
எனவே நாம் உழைத்து  
கிராமத்தை, மாநிலத்தை, இந்திய நாட்டை, உயர்த்துவோம்.

ம. பிரேமலதா  
II B.A., English

## பசுமையான பாரதம்

கனவு காணச் சொன்னார்  
கலாம் !  
கனவு காணச் சொன்னார் ! கனவு  
காணும் முறையும் சொன்னார் !  
நித்திரையில் வரும்  
சித்திரக் கனவல்ல அது  
விழித்திருக்கச் செய்யும்  
லட்சியக் கனவு அது !  
கடுமையான உழைப்புடன்  
வறுமையில்லா பாரதம்  
சோம்பல் இல்லா இளைஞர்களின்  
சுறுசுறுப்பான பாரதம் !  
இலவசப் பிச்சைகள்  
இல்லாத பாரதம் !

தாய் போன்ற விவசாயியின்  
தாழ் பணியும் பாரதம் !  
புகை நாடு எதிர்கொண்டால், அதன்  
சிரம் கொய்யும் பாரதம் !  
பனிமலையும் ஓட, மீண்டும்  
உயிரி கொள்ளும் பாரதம் !  
தொழில் வளர்ச்சி என்றானும்  
தொன்மை மிகும் விவசாயம்  
உலக மக்கள் யாவருக்கும்  
உணவு தரும் பாரதம் !  
ஊழல் இல்லா அரசு  
உழைப்பு நிறை மக்கள்  
கல்வி, செல்வம், வீரம்  
கலந்த எங்கள் பாரதம் !  
கங்கையுடன் காவிரி கலக்கச் செய்யும் பாரதம்  
பாரதியின் பாடல் போல்,  
மாதூரி கண்ட கனவு பாரதம்....

நா. மாதூரி  
II B.C.A.,

## விழித்தெழு - விண்ணைத்தொடு

அரும்புகளாய் மண்ணில் உதித்து,  
ஆராய்ந்த அறிவில் தேர்ந்து,  
இன்பமாய் வாழ்வு வாழ்ந்து,  
ஈ என்ற ஓர் உயிர்,  
உலகை சுற்றுவதை போல்,  
ஊனமாய் முடங்கி கிடக்காமல்,  
எண்ணங்கள் உயர் வாழ்ந்து,  
ஏற்றத்தை அடைய விளங்கி,  
ஐக்கியத்தை பற்றி கொண்டு,  
ஒன்றாய் உலகை ஆள,  
ஒங்கிய சிகரத்தை அடைந்து,  
ஒளடதமாய் விண்ணை தேடு.  
அதே விழித்தெழுதல் கண்ணே !  
அப்பொழுதே விண்ணை தொடுவாய் பெண்ணே !

சி. கனிமொழி  
பி.ஏ. (ஆங்கிலம்)

## சவால்

மோது.....! போராடு...!  
விழு.....! அழு.....! நில்.....!  
தோல்விகள் வரும்....  
கூழ்ச்சிகள் வரும்....  
துரோகிகள் வருவார்.....  
இவைதான் உன்  
வெற்றிக்கான சவால்கள்...!!

டி. நந்தினி  
பி.காம்., (சி.ஏ) (இரண்டாமாண்டு)

## இன்றைய இளைஞர்கள் நாளைய இந்தியா

மணலில் நேரம் பார்க்கும் காலம் மறைந்து,  
கைடில் நேரம் பார்க்கும் காலம் வந்தது !  
பூமியில் உண்ணும் காலம் மறைந்து,  
விண்ணுக்குச் சென்று உண்ணும் நவீன காலம் வந்தது !  
பலகையில் படிக்கும் காலம் மறைந்து,  
கணினியில் படிக்கும் காலம் வந்தது !  
அடிமை என்னும் ஆதிக்கம் மறைந்து,  
உரிமை என்னும் உயர்வு வந்தது !  
அறியாமை என்னும் இருள் மறைந்து  
அதிகாரம் என்னும் ஒளி வந்தது !  
இமயம் போல் உயரும் இந்தியாவில்,  
இளைஞரின் பங்கு என்ன ?  
இளமைமயில் உள்ள இன்னலை நீக்கி,  
சாதனை என்னும் சரித்திரம் படைத்து !  
அன்பு என்னும் அனலை ஊட்டி  
பண்பு என்னும் பாரதம் வளர்ப்பாய் !

## இளமை

உரிமை என்னும் உணர்வை ஊட்டு!  
இளமைமயை இகழ்வுவார்கள் மத்தியில்,  
இளைய இரத்தம் நீ என்பதை காட்டு!  
இல்லாமை என்ற இந்தியாவில்,  
இமயம் என்பதை காட்டு!  
நாட்டின் நன்மைக்காக, இன்னுயிர் தருவாய்  
என்பதை நாட்டு!  
காலங்கள் மாறினாலும்,  
இளைய கனவுகள் மாறாது!  
எங்கள் தனாலும் தணியாது !  
இந்தியாவின் விளிம்புகளாய்  
என்றும் விளங்குவோம் !

சி. கனிமொழி  
பி.ஏ. (ஆங்கிலம்)

## அறியாமை என்னும் களை

பெண்ணே நீ விழித்தெழு  
அறியாமையை தகர்த்தெழு  
கண்ணீர் அருவிகளை தொலைத்தெழு !

அடிமைத் தனத்தை உடைத்தெழு  
அன்பிற்கு அடி பணிந்திடு  
வம்பிற்கு நிமிர்ந்தெழு !

தலைக் கனத்தை கைவிட்டு  
நம்பிக்கையை கைவில் எடுத்து  
உயர்ந்த இடத்தில் நிலைத்து எழு !

மண்ணில் விதைதாய் விழித்தெழு !  
விண்ணைத் தொடும் விருட்சமாய் உயர்ந்தெழு !

இடைவில் பட்ட இடரெல்லாம்  
வேர்கள் தாங்கிய வரங்கள் !

புலும், வெயிலும் தாண்டி நிலைக்க  
உறுதியே உரமாகும் !

பெண்ணே உள்ளத்தில்  
மன உறுதியும், நம்பிக்கையும் வளர்த்திட்டால்  
விண்ணைத் தொடலாம் !

வே. லதா  
பி.காம்., (சி.ஏ.) (மூன்றாமாண்டு)

## வெற்றி சிந்தனைகள்

இருள் இல்லையென்றால் ஒளிக்கு மதிப்பேது ?  
கல்வி இல்லையென்றால் அறிவுக்கு மதிப்பேது ?  
உணவு இல்லையென்றால் வயிற்றுக்கு மதிப்பேது ?  
பணம் இல்லையென்றால் சொத்துக்கு மதிப்பேது ?  
கண் இல்லையென்றால் பார்வைக்கு மதிப்பேது ?  
பஞ்சம் இல்லையென்றால் வறுமைக்கு மதிப்பேது ?  
சோதனை இல்லையென்றால் வாழ்க்கையில் வெற்றியேது ?

உ. மோனிஷா  
எம்.ஏ., (ஆங்கிலம்) (இரண்டாமாண்டு)

## முயற்சி செய்

முதல் முயற்சியில் வெற்றி பெறுபவன் அதிர்ஷ்டசாலி  
இரண்டாம் முயற்சியில் வெற்றி பெறுபவன் புத்திசாலி  
மூன்றாம் முயற்சியில் வெற்றி பெறுபவன் கைதரியசாலி  
நான்காம் முயற்சியில் வெற்றி பெறுபவன் அனுபவசாலி  
வெற்றி பெறும் வரை முயற்சி செய்யவன் சாதகனையானான்

எம்.கே. நந்தினி  
எம்.ஏ., ஆங்கிலம் (இரண்டாமாண்டு)

## இளைஞனின் கடமை

நாட்டில் நாம் பிறந்தது நாட்டின் பெருமைக்காக  
நம் வளர்ச்சி நாட்டின் செழுமைக்காக  
நம் உழைப்பு நாட்டின் வளமைக்காக  
நிலத்தை பண்படுத்துவது போல நாம் பண்படுவோம்.  
விதை என்னும் நற்குணங்களால் வளர்க்கப்படுவோம்.  
நீர் என்னும் ஞானஜிற்றால் ஞானமடைவோம்  
கனி என்னும் நற்பலனால் பாராட்ட பெறுவோம் வாரீர் !

இர. நித்யரத்னா  
எம்.ஏ., (இரண்டாமாண்டு ஆங்கிலம்)

## நாம் எங்கிருக்கிறோம் ?

நாம் எங்கிருக்கிறோம், என்னருமை நண்பர்களே,  
இந்திய மக்களின் இதய வொலி அழைப்பிற்கு,  
வரலாற்று வடிவம்தரும் மகாசபையில் இருக்கின்றோம்.  
மக்கள் நமை கேட்கிறார்கள், மக்கள்நமை கேட்கிறார்கள் ;

பாராளுமன்றத்து பாரதத்தாய் சிந்மிகளே,  
எங்களது வாழ்விற்கு வளம்கொடுங்கள், ஒளிகொடுங்கள்,  
உங்களது நல்லுழைப்பே, எங்களுக்கு ஒளிவிளக்கு  
உயர்நீதிடலாம் நாமெல்லாம், உண்மையிலே நீவிர் உழைத்தால் ;

அரசன் எவ்வழியோ, குடிகள் அவ்வழியே,  
வளருங்கள் எண்ணத்தில், உயருங்கள் செயலில் !  
வாய்மை முறை உங்களுக்கு வழித்துணையாய் ஆகட்டும் !  
நீவிர் எல்லோரும் வாழ்க ! இறைகருணையால் என்றென்றும்.

ம. பிரேமலதா  
பி.ஏ., (இரண்டாமாண்டு ஆங்கிலம்)

## இந்தியா 2020

இந்திய தேசம் வல்லரசு ஆகிவிடலாம்  
ஆனால் என் இனத் தமிழன் என்றும் ஓர் பூட்டி  
வயற்காட்டிற்குத் தான் நடந்து கொண்டிருப்பான்  
அடுத்த வேலை சோற்றுக்கு !

தோழனே, நம் நாடு 2020-ல் வல்லரசாகிவிடும்.  
அதில் ஐயமில்லை ! - அன்று  
நம் உழவுத்தோழனை  
சிற்றரசனாக்க வேண்டும்.  
ஒரு சராசரி மனிதனாகவாவது  
அவன் களிப்பாக வாழட்டுமே !

## இளைஞர் சமுதாயமும் ; விஞ்ஞான உலகமும்

தொழில் நுட்பம்  
தொழிலாளர்களின் சுமையை  
குறைக்க உருவாக்கப்பட்டது

ஆனால் இப்போது  
அற்பவசதிகளுக்காக  
அரிபணிக்கப்பட்டுள்ளது.

எஸ். தீவ்யா  
பி. காம்., (சி.ஏ.) முதலாமாண்டு

## முயற்சி

இருள் என்று தெரிந்தும்  
கண்களை திறந்து கொண்டு தான்  
பயணிக்கிறோம்....  
அது போல தோல்வி என்று  
தெரிந்தாலும் முயற்சி செய்து  
கொண்டு இருப்போம்  
வெற்றி காணும் வரை.... !!

டி. நந்தினி  
பி. காம்., (சி.ஏ.) முதலாமாண்டு

## தடைக்கற்களே படிக்கட்டு !

இன்றைய இளைய சமுதாயம் நாளை இந்தியாவை செதுக்கும் பொறுப்பை கொண்டுள்ளது. வெற்றிகரமாக வளர்ச்சிப்பாதையில் முந்தக்கூடிய நாடாக தன் தாய் நாடு இந்தியாவை செலுத்தும் கடமை ஒவ்வொரு இந்தியனுக்கும் உள்ளது.

மனித சக்தியே மகத்தான சக்தி என்பது நாம் அறிந்ததே... அதிலும்,

மனித சக்தியிலேயே மகத்தானது மாணவசக்தி என்ற புதுமொழியைக் கண்டறிந்தவர்தான் நமது பிரியமான குடியரசு தலைவரும் விண்வெளி நாயகனுமான டாக்டர். ஏ.பி.ஜே. அப்துல்கலாம் அவர்கள். ஏனெனில் எந்தவொரு நாட்டிலும் அசைக்க முடியாத சொத்தாகவும் விலைமதிப்பற்ற சொத்தாகவும் இருப்பது இளைஞர்கள் தான். அத்தகைய இளைய சமுதாயம் அதிக ஆற்றல், இலட்சிய நோக்கு, புதிய சிந்தனைகள், வாணை மிஞ்சும் நுட்பம் ஆகிய திறமைகளை உள்ளடக்கியதாக காணப்படுகிறது. எரியும் விளக்காயினும் தூண்டுகோல் ஒன்று வேண்டும் என்பதற்கேற்ப இளைய சமுதாயத்தையும் தூண்டிவிட தூண்டுகோல் வேண்டுமே.... அந்தப் பொறுப்பை ஆசிரியர்களுக்கு மற்றும் பெற்றோர்களுக்கு அளிக்கிறார் கலாம் ! அந்த எரியும் விளக்கின் ஒளியாகவல்லரசு இந்தியாவானது பிரகாசிக்க வேண்டும் !

வல்லரசு என்று கனவுகாணப்பட்ட இந்தியா அதிக வேலைவாய்ப்பு, அதிக ஆற்றல், தேவையான அனைத்து அடிப்படை வசதிகள், உயர்ந்த கல்வித்தரம் ஆகிய முன்னேற்றப்படுகளை வரப்பிரசாதமாக பெற்று இருக்க வேண்டும் என்று ஆசைப்படுகிறார். திரு. கலாம் ! அது வெறும் கனவாக மட்டுமே இருக்கக் கூடாது. அதனை நனவாக்கும் கடமை நம் அனைவருக்கும் உள்ளது.

சச்சின் டெண்டுல்கர், விஸ்வநாத் ஆனந்த், சானியா மிர்சா, மகேஷ் பூபதி, பி.டி. உஷா, ஹெனரி ஆப்ரகாம், அஞ்சு பி. ஜார்ஜ், ராஜீவ் காந்தி, கபில் தேவ், சுனில் கவாஸ்கர், ஜஸ்பால் ராணா, மேஜர் ராஜ்யவதார் சிங், அனில் கும்ப்ளே, திலீப் டிராஃப்ட், கர்ணம் மல்லேஸ்வரி, அபாமா போபட் ஆகியவர்களை நினைவு சுவர்வோம். இவர்களுக்கு அறிமுகமே தேவையில்லை ; ஒட்டு மொத்த இந்தியாவில் இளைஞர்கள் மட்டும் 34% பேர் இவர்களில் மேலே குறிப்பிடப்பட்டவர்கள் 1% க்கும் குறைவானவர்கள். அதே சமயம் 34% இளைஞர்களும் ஒன்று சேர்ந்து செயல்பட்டால் எவ்வாறு இருக்கும் ? சற்று கற்பனை செய்து பாருங்கள்.... வியப்பின் எல்லைக்கே சென்று விடுவோம் ! அந்தக் கற்பனையைச் செயல்படுத்திக் காட்டுதல் தான் இளைஞர்க்கு அழகு.

வல்லரசு ஆகப்போகும் நம் தாய்நாடு எந்தெந்த பதக்கங்களைத் தன் நெஞ்சில் ஏந்தியிருக்க வேண்டும் ?

100% கல்வித்தரம், அதிக பொருளாதாரம், வன்முறையற்ற நாடு, அதிக வேலைவாய்ப்பு, மிதமிஞ்சிய ஆர்வமும் சக்தியும் ஆற்றலும் படைத்த சமுதாயம், வளர்ந்த நாடுகளுடன் போட்டியிடும் அளவுக்கு அறிவியல் வளர்ச்சி, நேர்மையான ஆட்சி, தேசபற்று மிக்க குடிமக்கள், பொறுப்பான அரசியலாளர்கள்... என்று அடுக்கிக்கொண்டே போகலாம். தாள் போதாது ! அத்தகைய பதக்கங்களை வென்று தரும் பொறுப்பு இளைஞர்களுடையது. அவர்கள் யாவரும்

உளியிடம் அடிபெறும் கல்தான்

உன்னத சிலையாகிறது என்பதை

மனதில் கொண்டு, அனைத்து தடைக்கற்களையும் படிக்கட்டுகளாக மாற்றிக் கொண்டு இன்று முதல் செயல்பட ஆரம்பித்தால்,

2020-ல் இந்தியா வல்லரசாகும் என்பதை கடவுளாலும் மாற்ற இயலாது !

ஞா. இளமதி

இளங்கலை (ஆங்கிலம்) (இரண்டாமாண்டு)

## முயன்று பார்

முடியாது முடியாது - என்று  
முயற்சிக்கு முற்றுப்புள்ளி வைக்காதே  
முடிந்தவரை முயன்று பார்  
முபங்கி கிடக்கும் - உன்  
முழங்கால்களை அகற்றி பார்  
முந்தி அடிக்கும் உலகில்  
முடநம்பிக்கை கொண்ட எண்ணத்தை  
முடிப் பார்  
முத்துக்களாய் ஒரு நாள்  
முன் வருவாய் !

சா. ஜெனிதா  
பி.ஏ.. (ஆங்கிலம்) (முதலாமாண்டு)

## விழித்தெழு விண்ணைத் தொடு

எல்லோரும் பருக வேண்டிய பால் முப்பால்  
எல்லோரும் தின்ன வேண்டிய காரம் சிலப்பதிகாரம்  
எல்லோரும் அறிய வேண்டிய கலை மணிமேகலை  
எல்லோரும் பூண வேண்டிய நூல் நன்னூல்  
எல்லோரும் அணிய வேண்டிய அணி தேம்பாவணி  
எல்லோரும் நடக்க வேண்டிய அடி நாலடி  
எல்லோரும் பெற வேண்டிய கோவை திருக்கோவை  
எல்லோரும் பெற வேண்டிய தொகை கவித்தொகை  
எல்லோரும் அடிக்க வேண்டிய மணி சிந்தாமணி  
எல்லோரும் படிக்க வேண்டிய கதை பெருங்கதை  
இனிய இலக்கியங்கள் கற்போம்  
இமயம் போல உயர்வோம்.

பி.எஸ்.சி... (பயிப்பெக்) (முதலாமாண்டு)

இயற்கை என்றும் அழகு  
இரையை கொத்துவது அலகு !  
பச்சையாய் படரும் புல்  
பறவைக்கு மறு பெயர் புள் !  
தூக்கத்தில் வருவது கனவு  
திருடன் செய்வது களவு !  
மனிதர் அமைப்பது கழகம்  
வம்பினால் வருவது கலகம் !  
செடியின் உறுப்பு இலை  
ஊசியில் கோர்ப்பது இழை !  
கற்றல் இருந்தால் அறிவு  
கற்காவிட்டால் அழிவு !

வார்த்தை ஜாலம் !

முனியம்மாள்  
பி.எஸ்.சி... (பயிப்பெக்) (முதலாமாண்டு)

## காலத்தை வெல்வோம் !

தோல்விகளைப் படிக்காக்கித்  
தொடர்ந்து செல்லுங்கள் - முகம்  
சோர்ந்து சோகம் கழிந்திடாமல்  
மேலும் முயலுங்கள்  
விழ்ந்துவிட்டால் எழுவதற்குக்  
கால்கள் இல்லையோ  
நானை வெற்றிகாண நமது நெஞ்சில்  
உரமும் இல்லையோ  
அயற்சியின்றி முயற்சி செய்தால்  
ஆதும் வெற்றியே - தோல்வி  
அடைந்திடாமல் வெற்றிமட்டும்  
கண்டோர் இல்லையே

எடிசனின் முயற்சியில்  
இரவிலும் பகலானது பூமி !  
கலாமின் முயற்சியில்  
காலமும் தோற்றத்தை பாரிந்  
வென்றவர் சரித்திரத்தில்  
தோற்று போன வரலாறும் இருக்கும்  
முயற்சி செய்  
ஏதாவது ஒன்றை  
நீ வெல்வாய்

முனியம்மாள்

## அப்துல் கலாம்

உனது உரை கேட்கும் மாணவர்கள்... கரும்பில் உருவான வெல்லத்தினை காய்ச்சி ஊற்றும்  
ஊற்றெனவே பொருள் கொண்டு, கட்டெரும்புத்திரளாக உன்னை சுற்றி வந்தனரே..! கானகத்தில்  
வீசுகின்ற பலமான சுவை கொண்ட சுகக்காற்றாய், பானகத்தில் ஓலிக்கையை கலந்தளிப்பது போல  
அறிவுக்கு ஆதவனாய், மாணவர்களை மாணவர்களாய் மாற்றுவதில் தென்னவனாய் திகழ்ந்திங்கே  
தீர்ந்தாய்பா...!

உனது கனவை முழுவதுமாய் நிறைவேற்ற ஆயுளுனை விடவில்லை ! சொப்பனங்கள் பலவாக  
உருவெடுக்கும் இந்நிலத்தே, நற்பணியாய், அவையனைத்தும் பொதுவுடைமை படியேறி சிற்பமாய்,  
தன்னை செதுக்கிக் கொண்டு, கலைஞர் பலர் உருவாவர் என அர்ப்பணித்தாய் எங்களுக்குகளை.

மு. கீர்த்தனா,  
பி.ஏ. ஆங்கிலம். (இரண்டாமாண்டு).

## மேடையில் விசிய தீச்சுடர்

மலர் ஒன்று உன் மார்பில் தூங்கியதைப் பார்த்த எங்கள் கண்கள்,

நீ மண்ணில் தூங்கியதையும் பார்த்தன.

இந்தியாவின் சரித்திர நதி, கடலில் கலக்க இருந்த போது நாணலாக நின்று, அதைத் திசை திருப்பினாய் ! நீ உழுது விதைத்தாய் ; நாங்கள் அறுத்தெடுத்தோம். எங்கள் புதியதலைமுறை அதை உண்டுபசியாறுகிறது.

நீ ஜெர்மனியில் பிறந்திருந்தால் கொடிய நாசத்தை தோற்றுவித்த உலகயுத்தம் இல்லாதொழிந்திருக்கும்

களளிக் காடுகளும், நிலமும், பள்ளமும், மேடுமாகப் பாழ்பட்டுக் கிடந்த பாரத சமுதாயத்தைத் திருத்த காந்தி என்ற கலப்பையை முதலில் பிடித்த உழவன் நீ.

பேசத் தெரியாத நாக்குக்கும் பேச்சுரிமை வழங்கினாய். எழுதத் தெரியாத கைகளுக்கும் எழுத்துரிமை வழங்கினாய். /போடத் தெரியாத மனிதர்களுக்கு வோட்டுரிமை வழங்கினாய்

நீ செய்த தவறுகளிலெல்லாம் பெரிய தவறு இந்த மக்களின் அறிவை உயர்வாக நினைத்தது. கடலளவு மனம் படைத்த கருணைத் தலைவனே ! உன்னை ஆண்டுக்கு ஒரு முறையாவது நினைக்கிறோம். ஒரு முறையாவது நினைக்கிறோம் என்று சந்தோஷப்படு ! உருப்படி இல்லாத இந்தச் சமுதாயத்தில் கடவுளை மறந்தவர்களே பலர் இருக்கும் போது, உன்னை நினைப்பது அதிசயமல்லவா?

இந்த நிலத்தில் நீ விதைத்த விதையினால் நாடு நல்வாழ்வை நோக்கி நடைபோடுகிறது.

ச. கௌசல்யா  
பி.எஸ்.ஸி., (முன்றாண்டு)

**உனது ஷ்த்யைப் படைப்பவன்  
நீயே என்பதைப் புரிந்துகொள் :  
உனக்குத் தேவையான எல்லா  
வசீமையும் உதவியும்  
உனக்குள்ளேயே  
குடிக்கொண்டிருக்கின்றன.**

-சுவாமி விவேகானந்தர்

## விழித்தெழு விண்ணைதொடு

விழித்தெழு விண்ணைதொடு என்ற தலைப்பில் நம் மாணவிகளை பற்றியும் அவர்களை ஊக்குவிக்கும் விதத்திலும் நான் ஒரு சிறுகதையை எழுதுகிறேன்.

நீங்கள் படித்தும் நன்கு தேர்வு எழுதியும் நல்ல மதிப்பெண் பெற வில்லையா ?

நீங்கள் அதை எவ்வாறு எடுத்துக்கொள்வீர்கள்? அதிர்ஷ்டம் என்றா ? இல்லை, அதை கண்டுகொள்ளவில்லையா? இவ்வாறாக இருந்தால் இக்கதையை படியுங்கள்.

விழித்து இக்கதையை படித்தால், நீங்கள் கதையில் இருப்பதை நடைமுறையில் கொண்டுவந்தால் விண்ணை தொடலாம். வாருங்கள் கதைக்கு செல்லலாம்.

ஒரு வகுப்பில் வெவ்வேறு விதமான மாணவிகள் இருப்பார்கள். நன்கு படித்து நன்கு மதிப்பெண் பெற்று தேர்ச்சி அடைபவர்களை பற்றி பெரும்பாலான ஆசிரியர்களுக்கு கவலை இல்லை. ஆனால் இங்கு தேர்ச்சி பெறாதவர்களை பற்றி அனைவருக்கும் கவலை இருக்கும் அவர்களை பற்றியே இக்கதை அமைந்துள்ளது.

தேவி என்னும் மாணவி விளையாட்டுத் தனமாக இருப்பாள். அவளை யாருமே கண்டுகொள்வதில்லை. அவளது மதிப்பெண்ணை கண்டு ஆசிரியர்கள் திட்ட ; உறவினர்கள் கேலி செய்ய, பெற்றோர்கள் தலைகுனிவ, அவளது வாழ்க்கை சென்று கொண்டு இருந்தது. தேவி அனைத்தையுமே விளையாட்டாகவே எடுத்து கொள்வாள். அவளுக்கு அறிவை வளர்க்க வேண்டும் என்ற எண்ணம் எப்போதும் தோன்றியதே இல்லை. அவள் அறிவாக பேசுவது இல்லை என்ற காரணத்தினால் யாரும் அவளை மதிப்பதும் இல்லை.

தேவிக்கு தான் வளர்க்கும் நாய் குட்டியை மிகவும் பிடிக்கும். ஒரு நாள் அந்த நாய் குட்டியை பக்கத்து வீட்டு சிறுவன் எடுத்து கொண்டு நான் இதை தர மாட்டேன் என்று சொல்லி அவளை கிண்டல், கேலி, செய்தான். அப்போது தேவியின் வீட்டுக்கு எதிரில் வீட்டுக்கு இளையவளான சீதா என்ற பெண் இருந்தாள்; அவள் மிகவும் புத்திசாலியானவள். அவள் தேவியின் மீது இரக்கம் கொண்டு அந்த சிறுவனிடம் நான் ஒரு கேள்வி கேட்கிறேன். அந்த கேள்விக்கு யார் பதில் கூறினாலும் அந்த நாய் குட்டி அவர்களுக்கு சொந்தமாகும் என்றாள். அதற்கு அச்சிறுவன் நான்தான் கூறபோகிறேன் என்றான்

சீதாவின் கேள்வி, நீ வைத்திருக்கும் நாய் குட்டி பிறந்து எத்தனை நாள் ஆனது ? என்று கேள்வி எழுப்ப அவன் தெரியாது என்று கூறினான். உடனே தேவி இதற்கு இரண்டு மாதம் ஆகிறது என்றாள்.

சீதா இந்த நாய் குட்டி தேவிக்கு தான் சொந்தம் என்றாள். தேவியும் நாய் குட்டியை எடுத்துக்கொண்டு வீடு திரும்பினாள். அன்று ஒரு பாடத்தை கற்றுக் கொண்டாள் தேவி, அதாவது : நான் அழுதும் ; சண்டையிட்டும் கிடைக்காத ஒன்று அறிவால் கிடைத்ததே என்று ! அதிலிருந்து பல விதமான விஷயங்களில் பல விதமான முறையில் அவள் அறிவை வளர்க்க தொடங்கினாள். தேர்வில் அதிக மதிப்பெண்ணை பெற்றாள்.

விழித்திரு என்பது கண்களை அல்ல, உனது அறிவு கண்களையே!  
விண்ணை தொடுவது மேகத்தை தொடுவது அல்ல,  
வெற்றியை தொடுவது!

இக்கதையில், அவள் மாற்றம் அடையக் காரணம் சிறியது என்றாலும் அவள் அடைந்தது  
வெற்றியை அல்லவா !! கதையை சார்ந்து சிறு வரிகள்  
நல்ல நண்பர்களோடு கலந்து வா  
நீயும் நல்லவன் என திகழ்வாய்!  
ஆசிரியர்களின் சொல்லை கேட்டு வா  
தேர்வில் தேர்ச்சி அடைவாய்!  
பெற்றோர்களின் சொல்லை கேட்டு வா  
வாழ்வில் முன்னிலை பெறுவாய்!  
தோல்விகளை மதித்து வா  
வெற்றிகளை பெறுவாய்!  
அறிவு கண்ணை திறந்து வா  
விண்ணை தொடுவாய் !!

சு. பூர்ணிமாதேவி  
பி.காம்., முதலாமாண்டு

## இளைஞனே ! விழித்திரு.

மனிதனது வாழ்வில் இறைவன் தந்த இனிமை இளமை, வண்ணங்கள் போல எண்ணங்கள்  
வந்து குவியும் நிலைமை இளமையில் புதுமை, முதுமையில் நலம் வாழ, நமக்கு தேவை இளமை.

அத்தகைய இளமையின் உதயமாய் இருப்பவர்கள் இளைஞர்கள்! உலகத்தைச் சுற்றவைக்கும்  
சக்கரமாய் விளங்குபவர்கள் இளைஞர்கள். இளமையில் கல் என இளமையின் சிறப்பை உணர்ந்து  
செயலாற்ற வேண்டிய இளைஞர்கள் செய்வது தான் என்ன ?

இளமையில் கள் எனக் குடியையும், வாழ்வின் கனவை ஊதித்தள்ளும் சிகரெட்டையும், மனத்தின்  
பாரமாய் பந்தாவையும் பின்பற்றுவது நலந்தானோ? இந்தியாவின் முதுகெலும்பு இளைஞர்கள் தான்.  
ஆனால், அதில் பாதிப்பு ஏற்பட்டு சிறு துண்டுகளாக உடைந்து போனால், இறுதியில் ஆவது முடந்தானே!

இளமையில் நல்லெண்ணங்களை விதைத்து, முதுமையில் உதித்த மாமேதை அப்துல்கலாம்  
ஊக்குவிப்பது இளைஞர்களையே ! அதனால்தான் அவர் சுவரினார், கனவு காணுங்கள்; அதற்கேற்ப  
உழைப்பவர்கள்; வாழ்வில் வளம் காணுங்கள் என்று! ஆனால், இன்றைய இளைஞர் சிலரோ கனவு  
காண்கிறார்கள்.... கனவு காண்கிறார்கள்... கனவு கண்டுகொண்டே இருக்கிறார்கள்... இளமையின்  
உயர்வை கவிஞர் சிற்பி

இளைஞனே!

உலகம் உனக்காகக் காத்திருக்கிறது.

நீ பந்தாட

கோள்கள் பந்தாகக் காத்திருக்கின்றன. என இளைஞனை ஊக்குவிக்கிறார்.

அப்படியானால், நாம் பெற வேண்டிய வெற்றி தான் என்ன ? என ஒரு நிமிடம் சிந்தியுங்கள் !  
முன்னேற வழி காணுங்கள். உங்களது வாழ்வின் தடைக்கற்களை அகற்றும் படிகர்கள் .

இளைஞனே! விழித்திரு ! உழைத்திரு !

இந்தியாவை முன்னேற்றிடு ! எப்பொழுதும் உன் வாழ்வு உன்கையில் தான்.

வாழ்க இளைஞர்களே! வளர்க இளைஞர் நலன்களே !

வி. விமலா தேவி  
எம். ஏ. (ஆங்கிலம்) (இறுதியாண்டு)

## கனவுநிகழ்மாதிரி - கலாம்

டாக்டர் ஏ.பி.ஜே. அப்துல் கலாமைப் பற்றி அறியாதவர்கள் இவ்வுலகில் எவரும் இல்லை எனக் கூறும் அளவிற்கு அவருடைய புகழ் இவ்வுலகம் முழுவதும் பரவியுள்ளது. அவருடைய கனவு நிகழ்மாதிரி என்பதைப் பற்றிக் காண்போம்.

குடியரசுத் தலைவர் பதவியை வெற்றிகரமாக முடித்து விட்டு பதவியிலிருந்து ஓய்வு பெற்றார், டாக்டர் ஏ.பி.ஜே. அப்துல் கலாம். 2020-ம் ஆண்டில் இந்தியா வல்லரசு நாடாக திகழும் என நாட்டு மக்களுக்கு உரை நிகழ்த்தினார்

மக்கள் ஐனாதிபதி என்ற பெருமையுடன் அன்று மாலை தனது பதவியிலிருந்து ஓய்வு பெற்றார் அப்துல்கலாம். இதையடுத்து அடுத்த நாள் பிற்பகல் புதிய குடியரசுத் தலைவராக பிரதீபா படமில் பதவியேற்றும் நிகழ்ச்சியில் கலந்துக் கொண்டார்.

அதன் பின்னர் அரசு முறைப்படி அவருக்கு பிரியாவிடை கொடுக்கப்படுகிறது. இதையடுத்து அன்று இரவு 7.50 மணிக்கு கலாம் சென்னை வந்தார். அடுத்தநாள் அண்ணா பல்கலைக் கழகத்தில் கௌரவப் பேராசிரியராக பொறுப்பை ஏற்றுக் கொண்டார். அதற்கு முன்னதாக அவர் நாட்டு மக்களுக்கு தொலைக்காட்சி மூலம் உரை நிகழ்த்தினார் அவர் கூறியதாவது:

2020-ம் ஆண்டில் இந்தியா வளர்ந்த நாடாக, வல்லரசு நாடாக திகழும். நம்முடைய இளைஞர்களின் துணையுடன், திறமையான, வெளிப்படையான நிர்வாகமும், அப்பழுக்கற்ற, ஊழலற்ற ஆட்சியும் இருந்தால் நிச்சயம் நம் நாடு 2020-ம் ஆண்டில் வல்லரசு நாடாக மாறி விடும். நாட்டில் உள்ள 25 வயதுக்குட்பட்ட 54 கோடி பேரையும் ஊக்கப்படுத்தி உத்வேகத்துடன் அவர்களை சரியான பாதையில் நடைபோட வைக்க வேண்டும். அவர்களுக்கு சிறந்த கல்வி கிடைக்கச் செய்ய வேண்டும்.

அவர்களுடைய ஆளுமைத் திறனை மேம்படுத்த வேண்டும். இளைஞர்கள் தான் இந்த உலகின் மாபெரும் சக்தி. வளர்ந்த, வல்லரசு இந்தியாவில், நகர்ப்புற, கிராமப்புற விந்தியாசம் மிகவும் குறைவாக இருக்கும். மின்சாரமும், தரமான குடிநீரும் அனைவருக்கும் கிடைக்கும்.

விவசாயம், தொழில்துறை, சேவைத் துறை இணைந்து செயல்படும். கல்விக்குச் சிறந்த முக்கியத்துவம் அளிக்கப்படும். வாழ்க்கைக்குத் தேவையான கல்வி கற்பிக்க வசதி கிடைக்கும். கல்வியாளர்கள், ஆய்வாளர்கள், முதலீட்டாளர்கள், விஞ்ஞானிகளுக்கு ஏற்ற நாடாக இந்தியா விளங்கும். உலகிலேயே சிறந்த மருத்துவ வசதிகள், வளர்ந்த, இந்தியாவில் அபரிமிதமாக இருக்கும். அரசு நிர்வாகம் பொறுப்பானதாக, வெளிப்படையானதாக ஊழலற்றதாக இருக்கும். வறுமை அறவே ஒழிந்திருக்கும். கல்லாமை இல்லை என்ற நிலையில் இருக்கும். பெண்களுக்கு எதிரான குற்றச் செயல்கள் அறவே இல்லாதிருக்கும். சமுதாயத்தின் அனைத்து உறுப்பினர்களுக்கும் அனைத்து வசதிகளும் கிடைக்கும். புறக்கணிப்பு என்ற பேச்சுக்கே இடமிருக்காது. இப்படிப்பட்ட ஒரு வளர்ந்த, வல்லரசு நாடாக இந்தியா நிச்சயம் மாறும். மிகச் சிறந்த திறமை வாய்ந்த அரசு நிர்வாகம், உள்ள நாடாக, அமைதியான நாடாக, அனைவரும் வசிக்க ஆசைப்படும் அழகிய நாடாக நமது இந்தியா நிச்சயம் மாறும். நமது நாட்டில் இரண்டாவது பசுமைப்புரட்சி வர வேண்டும். தங்களது வளமான நிலங்களைப் பாதுகாக்க விவசாயிகளுக்கு முழு சுதந்திரமும், சக்தியும் கொடுக்க வேண்டும். விவசாய நிலங்கள் பாழ்பட்டுப்போக அனுமதிக்கக் கூடாது. விவசாயிகளும், விவசாய விஞ்ஞானிகளும், தொழிற்சாலைகளும் இணைந்து சீரிய முறையில் உழைத்தால், நமது விவசாய பொருளாதார வளர்ச்சியை ஆண்டுக்கு 4 சதவீதம் அதிகரிக்க முடியும் என்றார் கலாம்.

தனது பேச்சின் போது உலகின் மிகவும் உயர்ந்த போர்க்களம் எனக் கூறப்படும் சியாச்சின் பனிமலைக்கே சென்று, சுகோய் போர் விமானத்தில் பறந்தது. நீர்மூழ்கிக் கப்பலில் பயணித்தது. ஆகிய சுவாரசியமான சம்பவங்களையும் நினைவு கூர்ந்து பேசினார் கலாம். நமது நாட்டைக் காக்கும் பணியில் ஈடுபட்டுள்ள முப்படையினருக்கும் அவர் வீர வணக்கம் செலுத்தினார். அவர்களது தியாக உணர்வுடன் கூடிய பணிகளைப் பாராட்டினார். இந்தியா 2020-ல் நிச்சயம் வல்லரசாகும். வளர்ந்த நாடாக இந்தியா பெருமித நடைபோடும் என்ற நம்பிக்கை வார்த்தைகளுடன் நாட்டு மக்களிடமிருந்து பிரியா விடை பெற்றார் அப்துல் கலாம்.

## அக்னி பறவை

இளைஞனே, தேசத்தை நீ மதித்தி விடு...  
 தேசிய கீதம் பாடி விடு....  
 நாட்டிற்கு நீ உழைத்து விடு...  
 வீட்டிற்குள்ளே முடங்கி விடாதே....  
 துன்பத்தை கண்டு பயந்து விடாதே...  
 தோல்வியை கண்டு துவண்டு விடாதே....  
 முயற்சி என்னும் எழுது கோலால்...  
 வெற்றி என்னும் நூலை உருவாக்கு ! நானா...  
 உலகம் உனது வரலாற்றை படிக்கும் ....  
 அவலங்களை நீ துளைத்து விடு....  
 அவமானங்களை நீ எதிர்த்து விடு....  
 எதிர்ப்பை நிறைத்து அஞ்சி விடாதே.....  
 ஏமாற்றத்தை நிறைத்து ஏங்கி விடாதே....  
 நானா உன்னை இவ்வுலகம் போற்றும்  
 தீவிர வாதத்தை ஒழித்திடவே..  
 பாரத நாட்டை காத்திடவே....  
 பசுமை பூட்சியை வளர்த்திடவே....  
 இருபதுக்குள் இந்தியாவை உயர்த்திடவே...  
 அக்னி சிறகின் கனவை நனவாக்கிடவே....  
 அக்னி பறவையாய் நீ மாறி விடு....

கே. லட்சுமி

பி.எஸ்.ஸி., கணினி (இரண்டாம் ஆண்டு)

## கண்கள் கலங்கும் காதலர் தின விழா

பருவம் ஒன்று மொட்டு விட - உன்  
 பார்வை என்றும் சிட்டு நோக்க  
 கண்கள் இரண்டும் கணைத் தொடுக்க !  
 கவிதையாய் காதல் மொழி பறக்க !  
 கசிந்தால் அது காதல் ; கசந்தால் அது சாதல் !  
 மதி மங்கிய மன்மதன் சவற்று இது.

அன்னையர் தினமோ அன்பிற்கு #டு  
 காதலர் தினமோ பண்பிற்கு கேடு  
 சிற்றின்பம் நாடியே சீரழிந்துப் போகாதே  
 பருவ மயக்கத்தால் உயர்பாதை மறக்காதே  
 பாவவதனை மறந்திடு பட்டத்தை வாங்கிடு  
 பட்டத்தின் நுனிபிடித்து உச்சிக்கே சென்றிடு.

மன்மத ராகம் மண்பூவுவிற்கும் உண்டு  
 பாதி இரவில் பாவவைய நாடாதே  
 காலம் கனியும், கனியும் இனிக் கும்  
 கேளிக்கை விடுதியில் கேவலம் ஏன்  
 சோதனையைத் தூண்டி, சாதனையைத் தேடு  
 வேதனைக் களைந்து வெற்றியை நாடு.

ஆர். மேனகா

பி.பி.ஏ., (சி.ஏ.) (இரண்டாமாண்டு)

## வலிமை படைத்த இளைய சமுதாயம்

இளைய தலைமுறையினரின் ஒருமுகமான,  
ஒன்றிணைந்த தடைகளைத்  
தகர்த்து இந்தியாவை வளர்ச்சியடைந்த  
தேசமாக உருவாக்கிக் காட்டும்!.....

-ஏ.பி.ஜெ. அப்துல்கலாம்.

### முன்னுரை:

இந்தியா அடுத்த நான்கு ஆண்டுகளில் வல்லரசு நாடாக முடியுமா? என்று பலர் மனதில் கேள்வி ஒரு புரியாத புதிராக உள்ளது. எப்படி முன்னேறுவது? அதற்கு ஒரே ஒரு உறுதுணை! இளைஞர்கள் தான். எந்த ஒரு அறிஞரும் தனது சிந்தனையை மெய்ப்பிக்க இளைஞர்களுக்கு மாணவர்களுக்கு மட்டும் தான் அழைப்பு விடுக்கிறார்கள். ஏனெனில் அப்போது தான் எண்ணியவை நிறைவேறும் என்ற நம்பிக்கை. அத்தகைய நம்பிக்கையைப் பற்றி இங்கு காண்போம்.

### இன்றைய இளைஞர்கள்:

இன்றைய இளைஞர்கள் துணிந்து செயலாற்ற முற்படுகின்றனர். பெரிய லட்சியங்கள் அவர்களிடம் வந்து விடுகின்றன. பழமைக் கருத்துகளை என்றும் கொள்ளமாட்டார்கள். இந்த வயதில் அவர்களிடம் தோன்றும் மற்றொரு ஆபத்தான எண்ணம் தலைவன் ஆதிக்கம் தான். அது மட்டும் அல்லாமல் தான் சொல்லும் கருத்துதான் சரி என்ற எண்ணம்.

இளம் உள்ளமே நீ எண்ணினால் இமயத்தையும் தொடலாம்.

அதற்கு வேகம், விவேகம் இரண்டையும் பயன்படுத்த வேண்டும்.

### இன்றைய இந்தியா:

இந்தியா எப்படியாவது முன்னேற வேண்டும் என்று பொறியியல், மருத்துவம், விவசாயம், தொழில்நுட்பம் என பல துறைகளிலும் தனது முன்னேற்றத்தை நிலை நாட்டுகிறது. இருந்தாலும், மக்களிடத்தில் ஒற்றுமை உணர்வு இன்னும் தோன்றவில்லை. அதற்கு மக்களிடத்தில் முதலில் ஒற்றுமை எண்ணம் தோன்ற வேண்டும்.

விதியை நம் மதியால் வென்று காண்போம்.

### இளைஞர்களின் உள்ளம்:

பாக்டர் அப்துல் கலாம் ஹைதராபாத் நகரில் நிகழ்த்திய ஒரு சொற்பொழிவுக்கு பிறகு, தம்மிடம் வந்து கையெழுத்து கேட்ட பத்து வயது சிறுமியிடம் உன் எதிர்கால ஆசை என்ன? என்று வினாவினார். ஒரு வளர்ச்சியடைந்த இந்தியாவில் வாழ வேண்டும் என்று அந்த சிறுமி தயங்காமல் கூறினாள். இது போன்ற கனவு சிறுவயதில் இருந்தே எழவேண்டும், அப்போது தான் அந்த வெறி ஒரு வெற்றியாக அமையும் என்பது உண்மை.

இந்த பூமியின் மிகவும் சக்திவாய்ந்த  
ஆதாரவளம் எதுவென்றால் எழுச்சி ஜீவாலை விடும்  
இளம் உள்ளம். எனவே தேவையான அறிவுத் திறனுடன்  
செயல்பட்பால் வளர்ச்சியடைந்த இந்தியா  
கனவை நினைமாக்க முடியும்.

#### மக்களின் ஆணை:

ஒரு ஆய்வு நடத்தப்பட்டது. அதில் மக்கள் அனைவரும் ஒரு செல்வசெழிப்பு மிக்க நாட்டில் வாழ வேண்டும். அந்நாடு அமைதியானதாகவும், பாதுகாப்பானதாகவும் அமைய வேண்டும். நாம் இந்த நாட்டில் வாழ்வில் பெருமை அமையும் படியாக இருத்தல் வேண்டும் இது போன்ற எண்ணம் பலரின் மனதில் அமைந்துள்ளது.

அந்த நாடானது அனைத்து துறைகளிலும், முன்னோடியாகவும், பிறநாட்டுக்கு சவால் விடும் படியாக இது அமைய வேண்டும். மக்களிடம் நல்ல ஒற்றுமை உணர்வு ஏற்பட வேண்டும்.

தொலை நோக்கு பார்வையில் நூறு கோடி மக்களாகிய நாம் அனைவரும் அர்ப்ப விவகாரங்களை மறந்துவிட்டு, ஒன்று பட்டு கைகோர்த்துக் களம் இறங்கினால் தடைகள் தவிடு பொடியாகிவிடும்.

#### நமது கடமை:

இந்தியா நூறு கோடிக்கும் அதிக மக்கள்வாழும் நாடு. ஒரு தேசத்தின் முன்னேற்றம் என்பது அந்த நாட்டு மக்கள் எவ்விதம் சிந்திக்கிறார்கள் என்பதைப் பொருத்தே ஏனெனில் சிந்தனையே செயல்பாடாக மாறுகிறது. இளமை, நெஞ்சங்களில் மலரட்டும். புதிய சிந்தனைகளும், புது வளமார்ந்த எண்ணங்களும் இளைஞர் மனதில் பதிய வேண்டும். அதை பற்றி எண்ண வேண்டும். அதற்கான கனவு காண வேண்டும். அதை முடிக்க உழைக்க வேண்டும் என்று சுவாமி விவேகானந்தர் கூறியுள்ளார்.

#### விழித்தெழு நண்பா:

இந்தியா ஒரு வளர்ச்சியடைந்த நாடாக மாற வேண்டும் என்று கூறினால் மட்டும் போதாது அதற்கான முயற்சியும் நாம் முதலில் எடுக்க வேண்டும். தம்மிடம் உள்ள சுயநலத்தை முதலில் விட வேண்டும். தான் உண்டு தனது வேலை உண்டு என்று எண்ணாமல் நம் நாட்டு மக்கள்! நம் நாடு என்ற உரிமை உணர்வு அனைத்து உள்ளங்களிலும் இருக்க வேண்டியவை.

விழித்தெழு நண்பா! விண்ணைத் தொடு.....

#### முடிவுரை:

எண்ணிய எண்ணியாங்க எய்துப எண்ணியார்

திண்ணியர் ஆகப் பெரின் (666) திருக்குறள்

என்ற வள்ளுவரின் வாக்கு மெய்ப்பிக்கும் வண்ணம் நம் அனைத்து இள உள்ளங்களில் இருக்கும் எண்ணம் வலிமையுடையதாக இருக்க வேண்டும். இன்றைய இளைஞர்கள் எண்ணினால் நாளை ய இந்தியாவை உருவாக்க முடியும் என்ற வாக்கை மெய்ப்பித்து காண்போம். நண்பா நமக்கு என்று மிகப் பெரிய கடமை உள்ளது. இதை சாதிக்க ஒன்று கூடுவோம் வெற்றி பெறுவோம்.

உதயமாகிறது வலிமை படைத்த இளைய சமுதாயம்

வந்தே மாதரம்!

வந்தே மாதரம்!

க. மைதிலி

பி.எஸ்.எல். இயற்பியல் (முதுகாணிப்பு)

## வாழ்க்கை

எட்டிப் பிடிக்கும் தூரத்தில்  
வெற்றி இல்லை...  
அதை விட்டுவிடும்  
எண்ணத்தில் நானும் இல்லை  
தோல்வி என்பது வாழ்க்கையில் கற்று தரும்  
பாடங்களில் ஒன்றே தவிர  
அவமானம் ஏதும் இல்லை...

வலிகள் இல்லாமல்  
வழிகள் இல்லை  
வழிகள் இல்லாமல்  
வெற்றிகள் இல்லை  
முயற்சிகள் இல்லாமல்  
மகிழ்ச்சி இல்லை  
முயன்ற மனிதன்  
தோற்றதும் இல்லை...

## அறிவு

அறிவு ஒன்றுதான் அச்சத்தை  
முறிக்கும் அரிய மருந்து - அறிவை  
வளர்த்துக் கொண்டால் எல்லா விதமான  
பயங்களும் அகன்று விடும்...

இந்த உலகமே உன்னை  
திரும்பி பார்க்க வேண்டுமென்றால் - நீ  
யாரையும் திரும்பி பார்க்காதே

ஈரம் இருக்கும் வரை  
இலைகள் உதிர்வதில்லை  
நம்பிக்கை இருக்கும் வரை  
நாம் தோற்பதில்லை....

## நம்பிக்கை !

கனவுகள் பூக்கும் நேரம்  
கவிதைகள் பூக்கும் நேரம்  
இதயத்தை பூட்டி வைக்காமல்  
இமைகளை பூட்டி வைப்போம்  
விடையும் வரை  
நம் கனவு நிஜமாகும் வரை...

வெற்றி வந்தால் பணிவு  
அவசியம்  
தோல்வி வந்தால் பொறுமை  
அவசியம்  
எது வந்தாலும் நம்பிக்கை  
அவசியம்....

ஆர். தேவயானி  
பி.காம்., (சி.ஏ.) முதலாமாண்டு

வெற்றிக்கும் கிறக தொடர்ந்து  
உழைப்பதை நிறுத்த வேண்டாம்  
தோல்விக்கும் கிறக தொடர்ந்து  
முயல்வதை நிறுத்த வேண்டாம்.

## இளைஞர்களின் எழுச்சி !

கண்ணீரை சுமந்து கண்கள் வருத்தப்படவேண்டிய தருணம்.

தமிழ் பேசும் தாயகம் பூ தரணியில் சற்றுமுன் தஞ்சம் அடைந்தது.

வடநாட்டில், வாபாத மலராய் பலரும் வணக்கம் செலுத்த பூத்த பூ.

சற்றுமுன் சரிந்து போனது. இன்முகத்தோடு உறங்கிக்கொண்டிருக்கிறது.

என் தாய் மண்ணுள் இலக்கியமும் இலக்கணமும் மட்டுமல்ல

இன்று எவுகனையும் இணைந்துவிட்டது.

கணினியுடன், ஆஷி தம்பதிக்கு இறைவன் கொடுத்த அகல் விளக்கு இன்று அணைந்து விட்டது.

இராமேஸ்வரத்தின் அலைகளோ ஓய்ந்துவிட்டன.

கனவு காண சொன்ன கண்கள் உறங்கிக்கொண்டிருக்கின்றன.

அக்கி சிறகுகள் அணைந்து விட்டன. கவிதை வரைந்த கைகளோ கரைந்து போகின.

உன் தேக ஆஸைத்தை மேக ஆஸைத்துள் மறைத்தது. அந்த மேகாலயா !

கனவுகளைக் கலைத்து பெரும் பொல்லாங்கில் வெறிச்சோடிப் போயுள்ளது ஷில்லாங்.

உன் உள்னுகை உறவாட வந்திருந்த ஜோதி அணைந்துவிட்டது ஒரு கண்ணாடிகளா???

உரைபாற்றும் போதல்லவா அந்த கிறைநிலா சாய்ந்து போனது.

கல்வி என்னும் அறிவாயுதத்தால் உன் பாதை திறக்கலாம்.

ஆகிரும் தடைகள் தாண்டிய சின், ஆதவன் உதிக்கலாம்.

இது வெறும் வார்த்தைகளல்ல,

இதனை வாழ்க்கையாய் கொண்டவர்தாம் நம் கலாம்...

செல்வியை தேடும் சிறங்கார பொழுதினில் நீதேடியது என்னவோ SLV யும், PSLV-யும் தான்

பல பணாதிபதிகளுக்கு இடையே சிறந்த குணாதிபதியான நீ கணாதிபதி ஆனதில், ஆச்சரியம் இல்லை.

நம் சிறப்பு ஓர் சம்பவமாக இருக்கலாம்.

ஆனால் நம் சிறப்பு ஓர் சரித்திரமாக இருக்க வேண்டும்.

என்று சொன்ன மன்னவா !

இன்று உன் சிறப்பு ஓர் சரித்திரமாகவே மாறிவிட்டது.

கனவு காணுங்கள் !

என்ற தூரக மந்திரத்தின் மூலம் இளைஞர்களைக் கவந்த தலைவனே.

இன்று கனவு காண்கிறோம்.

உமது சிறப்பும் ஒரு கனவாக இருக்கக்கூடாது என்று....

மா. தமிழ் இலக்கியா  
எம்.ஏ., (ஆங்கிலம்) முதுமாமணி

## சாதிப்பதற்கு வயது ஓர் தடையல்ல

வயது என்பது ஒரு எண் கணிதம்; எண்களால் எண்ணப்படும் ஒரு வகைக் கணக்கீடு. வினாடி, நிமிடம், மணி, நாள், மாதம், வருடம் என எண்ணப்படும் ஒரு வகைக் கணிதம்தானே அன்றி வயது என்பது சாதனை புரிவதற்கு ஒரு தடை எனக் கருத இயலாது.

சிலர் கிறிக்கும் போதே நுண்ணறிவோடு கிறக்கிறார்கள் சிலர் வளரும், வாழும் ஆழ்நிலையில் தனது திறனை வளர்த்துக் கொள்கிறார்கள். அறிவும், திறனும் செருங்கே அமையப் பெற்றவர்கள் சாதிக்க வேண்டும் என்ற எண்ணம் கிறந்து விடால் முயற்சி செய்ய ஆரம்பித்து பதிரி எடுத்துத் தோல்விகளை மிதியடிக்கலாக்கி மீண்டும் முயற்சி செய்து வெற்றியும் பெற்று விடுகிறார்கள்.

சாதாரணமான வெற்றி மட்டுமல்லாது யாரும் செய்யாத வகையில் அமைந்து விடால் அதுவே சாதனை என்றாகி விடுகிறது. எல்லாவித சாதனைகளும் முறியடிக்கப்பட, முடியாதது ஒன்றல்ல முயன்றால் முடியாதது எதுவுமே இல்லை.

உலக சாதனை, கின்னஸ் சாதனை, ஸ்கா சாதனை என பல வகைச் சாதனைப் பட்டியல்களில் இடம் பெற்று குறைவான வயதில் சாதித்தவர்களும் அதிகமான வயதில் சாதித்தவர்களும் தங்கள் சாதனை மூலம் இவ்வுலகிற்கு உணர்த்திட விரும்புவது சாதிப்பதற்கு வயது ஒரு தடை அல்ல என்பதையே.

7 வயதில் 1330 குறளை மனப்பாடம் செய்து சுவைவதும் 70 வயதில் 1330 குறளை மனப்பாடம் செய்து சுவைவதும் சாதனைகள் தான். 7 வயதில் மனனம் செய்யத்தொரியாது. 70 வயதில் மனனம் செய்ய முடியாது. இரண்டுமே சாதனை தான்.

8 வயதில் டிரைவிங், 10 வயதில் கபலட், 12 வயதில் டாக்டர், 80 வயதில் ஒலிம்பிக், 90 வயதில் யோகா, 100 வயதில் கண்ணாடி இன்றி புத்தகம் வாசிப்பு எல்லாமே சாதனைதான்.

தினந்தோறும் காலையில் எழுந்தவுடன் உங்கள் நெஞ்சைத் தொட்டு நான் ஒரு தலைசிறந்த வெற்றியாளன். என்னிடம் மாபெரும் திறமை உள்ளது. அதை நான் இப்போது என் உயரிய நலனுக்காகப் பயன்படுத்த ஆயத்தமாகிறேன் என்று சுவரலாம்.

சாதிப்பதற்கு மனோதிடனும், திறனும், சாதிக்க வேண்டும் என்கிற கனவும் தான் தேவையே ஒழிய வயது ஒரு பொருட்டல்ல.

நோக்கம் எதுவென்பதை முதலில் தீர்மானி. அதுவே இலக்கு என்பதை உறுதி செய்து கொள். கையில் வயதில்லையே. உடலில் வலுவில்லையே... உதவி செய்ய நண்பர்கள் இல்லையே... என்றெல்லாம் யோசித்து நேரத்தை வீணாக்காதே. எதற்கும் பயப்படாதே.... தயங்காதே..!

இலக்கை நோக்கி அடியெடுத்து வை. தொடர்ந்து முன்னேறு. சாதனைகள் விலகும். பாதை தெளிவாகும். நோக்கத்தை அடைந்தே தீருவாய். அதை யாராலும் தடுக்க முடியாது.

மா. தமிழ் இலக்கியா  
எம்.ஏ., (ஆங்கிலம்) முதலாண்டி

## கைவரகச்சுவ

### முள்

அருகில் இருந்தும் பேச முடியவில்லை,  
உரிமை இருந்தும் கேட்க முடியவில்லை - எக்ஸ்பர்  
பரிட்சையின் பொழுது  
பலருக்குவிருப்பம் உண்டு உன்னை அடைய!  
எனக்கு மட்டுமே உரிமை உண்டு உன்னை காக்க!  
மலரிடம் சொன்னது முள் ...

### ஆசை

ஆசை படுவதை மறந்து விடு!  
ஆனால் ஆசை பட்டதை மறந்து விடாதே!

### சோதனை

ஆண்டவன் சோதிப்பது எல்லோரையும் அல்ல  
உன்னை மூல சாதிக்க துடிக்கும் புத்திசாலியை மட்டுமே

### வாழ்க்கை

வாழ்க்கை என்பது நீ சாகும் வரை அல்ல  
மற்றவர்கள் மனதில் நீ வாழும் வரை

### மெழுகுவார்த்தி

கண்ணீர் விட்டு கொண்டே இருப்பின்  
நீ என்னை அணைக்கும் வரை....  
ஆய்வுக்கு மெழுகுவார்த்தி.

### நினைவு

பேசாமல் சில  
நாட்கள்  
பார்த்தாமல்  
பல வருடங்கள்  
மயிணிமுது  
சண்டையில் மனசு  
உடைந்த நினைவு  
எப்படி மறக்க  
முடியும்?  
தொலைத்தது  
பள்ளி வாழ்க்கையை  
மட்டுமல்ல  
எங்கோ தொலைத்தாரும் வாழும்  
நண்பனையும்...

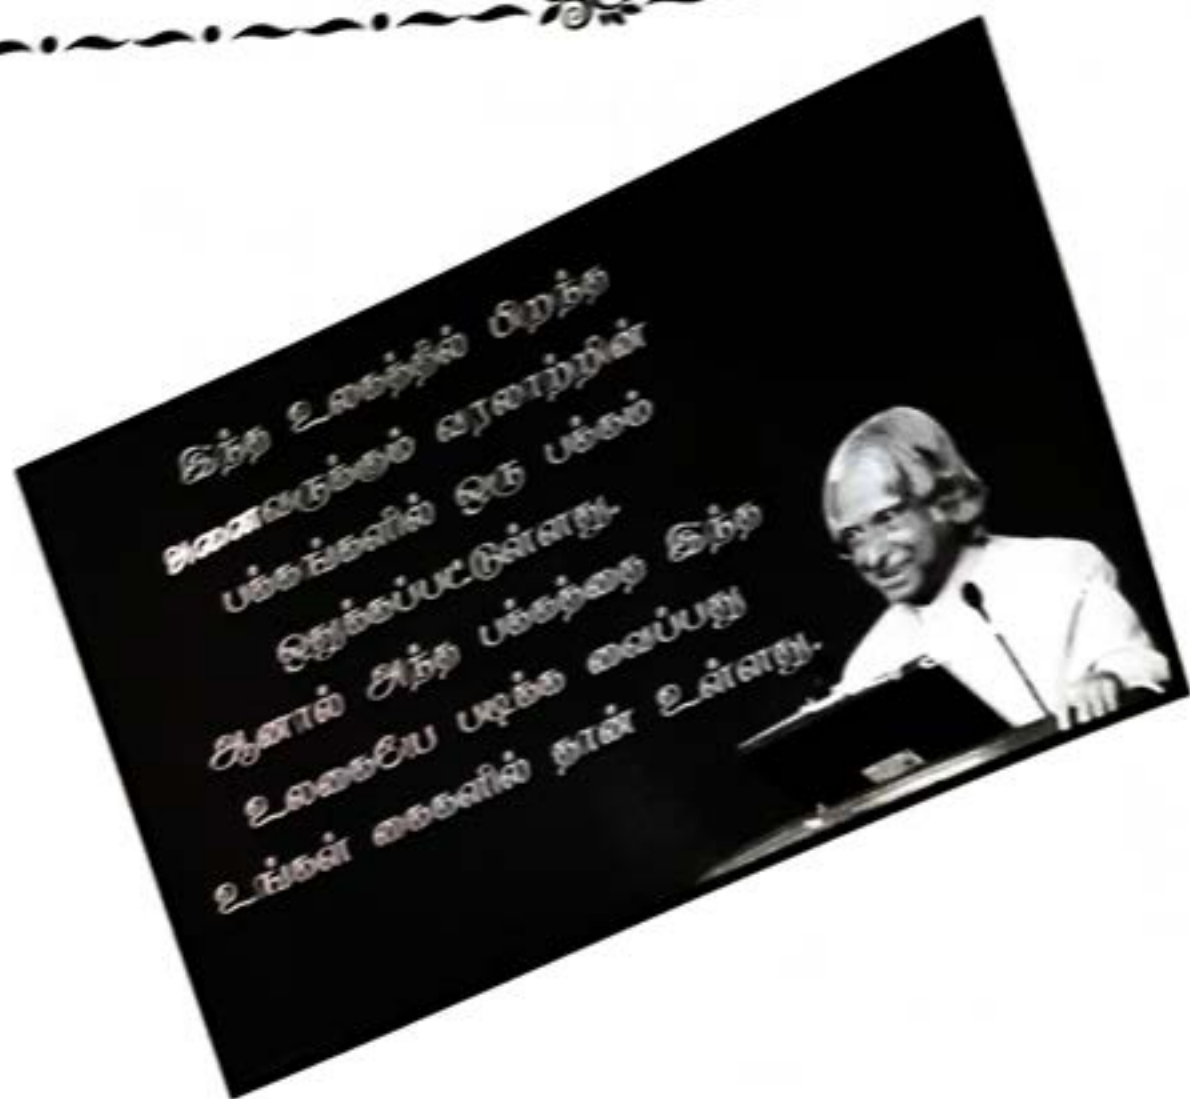

-நடுபுன்

### கண்ணீர்

மரணத்தை விட  
கொடியது  
ஒன்று உண்டு  
எனில் அது -  
தந்தையின் கண்ணீர் தான்.  
நண்பன்  
நீ மேலே மேலே  
உயரும் போது  
நீ யார் என்று நண்பர்கள்  
அறிவார்கள்.  
ஆனால் நீ கீழே  
போகும்போது  
உண்மையான நண்பர்கள்  
யார் என்று நீ அறிவாய்.

### मेरी लाकड़

ऐसा लग रहा है एक शत,  
 कि बहुत था कोई मेरे अग्र,  
 स जल चाही क्या था वो  
 शरा की कोई शरा हो  
 फिर जाना कि क्या था वो  
 परचाणा उग्र भय और डर के  
 बिना भरो मैं थकी और लकी  
 क्योंकि मैं न छोटी वह न बड़ी  
 तब मैं परचाणा कि ऐसा  
 कुछ न था इस सुख मे  
 जिन्हे मेरे का प्रियकिचाके में  
 हो कोई भग हो कोई डर  
 अब किसी से न डरूंगी मैं  
 अंशोरा हो या अकेलापन  
 जब भी गया हो वापनापन  
 फिर ही है इतना कन  
 कि अभी बड़े मैं हूँ।

**DR. APT ABDUL KALAM**

If you fail, never give up because  
FAIL means "First Attempt in Learning"  
End is not the end, it's just END means  
"Effort Never Dies"  
If you get No as an answer.  
Remember No means "Next opportunity"  
So let's be positive T. B. Singh  
(in S. N. Singh)

The past is where  
you learned  
the lesson.

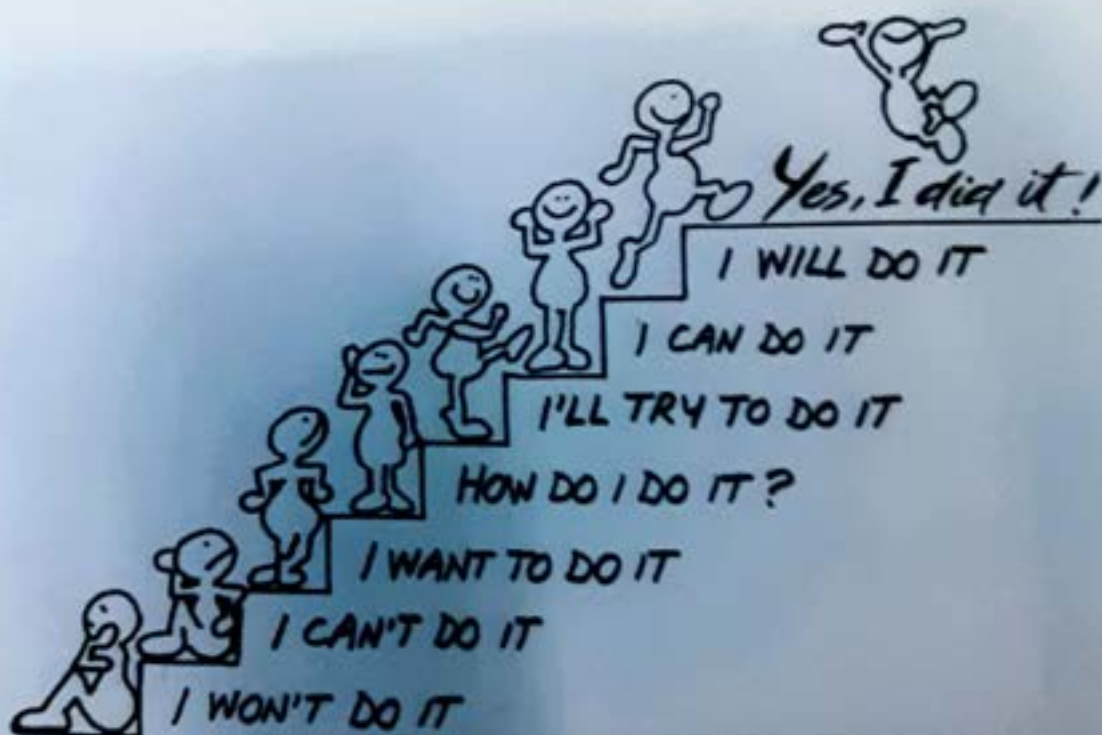

facebook.com/6People6Thoughts

The future is  
where you  
apply the lesson.

*Don't give up  
in the middle.*

HAPPINESS CAN BE  
FOUND, EVEN IN THE  
DARKEST OF TIMES, IF  
ONE ONLY REMEMBERS  
TO TURN ON THE LIGHT.

WHICH STEP HAVE YOU REACHED TODAY?

*Keep True to the Dreams of your Youth!*
