

## **Environmental Policy**

### **Policy**

- We prioritize initiatives that promote environmental sustainability, including waste management, resource conservation, and green infrastructure development. These initiatives are aimed at preserving natural resources for future generations.
- We recognize the detrimental impact of single-use plastics on the environment and human health. Therefore, we are committed to phasing out the use of single-use plastics on campus.
- In alignment with the Swachh Bharat mission, we uphold the importance of cleanliness and sanitation. maintain cleanliness throughout the campus, and promote hygiene awareness among students, faculty, and staff.
- Research alternatives to single-use plastics, such as biodegradable or compostable materials, reusable options, or alternative packaging.

### **Practices**

- We conduct tree planting drives, establish green spaces, and promote eco-friendly landscaping practices to enhance biodiversity and mitigate pollution.
- We implement comprehensive waste segregation and recycling programs, compost organic waste, and promote responsible disposal of hazardous materials to minimize environmental pollution.
- We organize cleanliness drives, awareness campaigns, and educational workshops to instill good hygiene practices among students and staff. Additionally, we maintain clean restroom facilities and ensure proper sanitation infrastructure across campus.
- Implement systems for monitoring and enforcing compliance with the policy.

### **Outcome**

- Our campus has transformed into a lush green environment, serving as a sanctuary for biodiversity and promoting environmental sustainability.
- Our commitment to cleanliness and sanitation has led to a noticeable improvement in campus hygiene standards. The campus is free from litter, and waste management practices ensure a clean and hygienic environment for all.
- Our environmental initiatives have fostered a sense of environmental responsibility and community involvement among students, faculty, and staff. Together, we work towards a shared vision of a greener, cleaner, and more sustainable future.
- The policy provides educational opportunities for the campus community to learn about the environmental impact of single-use plastics and the importance of adopting more sustainable practices.
