

RESEARCH

Policy

- To create a conducive environment for promoting Research & Innovation activities in the institution.
- To identify potential areas of research and encourage faculty members to apply for Major Research Projects and Minor Research Projects and also undertake collaborative research
- To organise Workshops and Faculty Development Programmes in research methodology and the nuances of research paper writing.
- The research policy includes the promotion of research activity among the faculty members and involving the students to enhance their knowledge of recent academic developments and future hopes.

Practice

- Facilitate the faculty in undertaking research.
- Encourage and promote a research culture by organizing research workshops/training programmes.
- Encourage the faculty to undertake research by collaborating with other research organizations/ industry.
- Invite academia/industry to use the research facilities of the college and sponsor research projects.
- Encourage the submission of research proposals to various funding agencies
- Develop and implement an official code of ethics to check malpractices and plagiarism in research.
- Encourage and promote the publication of research articles by the faculty in reputed/ refereed journals.

Outcome

- Able to generate innovative and research activities in the institution in a supportive environment.
- Capable of publishing research results in peer-reviewed journals.
- Offers technical assistance and expert advice for qualitative research output.
