

St. Joseph's College of Arts and Science for Women, Hosur
Department of Computer Science

Academic Year:

Sem: Odd/Even

Class: I B.Sc N& D

Class In-charge: S.Mohana priya

Hour Day Order	1	2	3	4	5	6
1	Human physiology		Practical	Language I	English I	Remedial
2	English I	Language I	Human physiology	Allied chemistry I	Professional English	Remedial
3	Language I	English I	Allied chemistry I	Professional English	Human physiology	Remedial
4	Allied chemistry I	Human physiology	English I	Human physiology	Language I	Remedial
5	Human physiology	Human physiology	Language I	Allied chemistry I	English I	Remedial
6	English I	Allied	chemistry	Practical	Language I	Remedial

Class: II B.Sc N& D

Class In-charge: R.Prailin

Hour Day Order	1	2	3	4	5	6
1	NMEC – Dairy chemistry	English III	Language III	Nutritional biochemistry	Allied computer application in office	Remedial
2	Language III	SBEC – Food processing	Allied computer application in office	Nutritional biochemistry	English III	Remedial
3	Language III	Nutritional biochemistry	NMEC – Dairy chemistry	English III	Allied computer application in office	Remedial
4	Allied	practical		English III	Language III	Remedial
5	English III	Language III	SBEC – Food processing	Allied computer application in office	Nutritional biochemistry	Remedial
6	Clinical	Nutrition	Practical	Language III	English III	Remedial

St. Joseph's College of Arts and Science for Women, Hosur
Department of Computer Science

Academic Year:

Sem: Odd/Even

Class: III B.Sc N& D

Class In-charge: M.Semmalar

Hour Day Order	1	2	3	4	5	6
1	Nutrition through life cycle	Elective II Food product development & quality control	Elective I Quantity food service & physical facilities	Dietetics & counseling	Elective I Quantity food service & physical facilities	Remedial
2	Dietetics & counseling	Elective II Food product development & quality control	Elective I Quantity food service & physical facilities	Nutrition through life cycle	SBEC – Bakery science	Remedial
3	NTLC & ←	DC →	practical	Elective II Food product development & quality control	Nutrition through life cycle	Remedial
4	Elective I Quantity food service & physical facilities	Elective II Food product development & quality control	Dietetics & counselling	SBEC – Bakery science	Elective II Food product development & quality control	Remedial
5	Assessment ←		Practical →	Nutrition through life cycle	Dietetics & counselling	Remedial
6	Dietetics & counselling	Nutrition through life cycle	Dietetics & counselling	Elective II Food product development & quality control	Nutrition through life cycle	Remedial
