SC/ST CELL REPORT

2019-2020

On August 20, 2019, the SC/ST cell held its first meeting in the conference room. The SC/ST committee for the 2019–2020 academic year was composed of the Principal, the Coordinator, and three additional members. Assistant lecturers were supposed to instruct students on the intricacies of the scholarship programs.

The cell members confirmed the SC/ST students by looking through their student profiles that were on file at the offices and departments. During orientation, first-year students received information on several government initiatives aimed at the SC and ST community.

165 students applied for the SC/ST scholarship in the 2019–2020 academic year. Every student took advantage of the scholarship. The amount of the award from the Government is 10,83230/-.
